My plans for this land

My number one goal in life is to retire at a young age. The younger the better.

No not retire when im 65 and heck to the no I don't want to climb to the top to be CEO

https://www.nutritional-supplement-truths.com/bioavailability-of-nutritional-supplements.html Longer work for corporate the more I see the corruption

A little breakdown background

Govt not here to help 401K is a scam and no 65yrs old and retirement is not when you will enjoy life. If you haven't realized already hate to break it to ya but govt is lying to you. They lied to you about everyhitng. If you haven't realized this yet, ask god to give you the eyes to see…for real it works! Just let it sink in that we are free and sovereign beings that were never meant to be enslaved by the evil govt. cmon we cant even buy fresh milk from cow bc its bad for you….hmmm mom gave us milk straight from a cow and we were perfectly fine all that time… but the processed Walmart milk is suppose to be better for you….?

Seriously they lied to you about EVERYTHING!! I can go on honestly

This is why I am dne with this lifestyle we were taught our entire life to go through school college debt and then get that degree job work the next 40ish plus years and then we can enjoy life. For real this lie couldn't be any bigger… I look at these people that worked there entire life and are headed towards retirement I just feel so bad for them. They get this tiny little 30 min party at work for all their time and knowledge? That's just soo depressing…I cant live with that type of future

Sometimes I think anti christ is really just any body against christ.. anti christ will rise like whats goingon now and Babylon is NYC statue of liberty

Soo I don't want to depend on govt I want to enjoy life plus we don't know what isgoing to happen later down the road.. it doesn't look too good….at least we can be prepared and even help others out

Establish a mini farm

Grants educational wise from govvt take advantage if funds available to use to cover costs

I want to learn and valuable to knowledge education system decided to leave off

Not trying to be a millionaire… just going to start off by making enough to sustain life. Once you realize money doesn't buy happiness ths will make sense. Then once eveyhtng is set and stone, everything is working out, then hey why not make business idea profitable.

CO2 would have very little impact. We must not forget the fraud of the results on the climatic curves and I am thinking among other things of this Mr. climatologist Michael Mann who lost his lawsuit because of the falsified curves. Michael Mann's curve was first published in 1998. It served as evidence in the 2001 UN Climate Report that the danger of global warming is imminent, and was used in the film. Steve Cherniske, M.S. has posted a list of 28 inaccuracies and falsehoods in Wallach's infamous tape.
The Millenium Project - "Joel Wallach is a veterinarian best known for selling a tape called "Dead Doctors Don't Lie!". The lies on this tape are used to promote Wallach's pyramid scheme to sell snake oil which cures everything from Alzheimer's Disease to Zambucca Overdose, or so it seems. Vet Wallach likes to refer to himself as a "physician", apparently on the basis that he has bought a degree in naturopathy from somewhere. Wallach does not like criticism, probably because he knows that his nonsense cannot stand up to any scrutiny."

Under a protected identity, a 30 year Hollywood screen writer is putting out a documentary to blow the roof off the Hollywood liberal elites, the sexual perversion, pedophilia and extreme “wokism”.

Dr. Kandiss Taylor joins us to talk about how the left or uniparty will go to any means to silence opposition.

https://teddydaniels.tv/

As a former union electrician in the Bay Area I can tell you first hand these things are all over. I helped wire several, and they always seemed so creepy. I’ve wired many many Kaiser cancer machines and wondered why every hospital in the sf bay area was installing them as fast as possible, I worked on the Apple headquarters with 2 underground levels of research labs, that was for the vax pass and all the tracing needed with the phones, the 5G phones that interact

with the vax. Then the pandemic hit, and I can see the machine I unintentionally helped build. Well I quit that fucking ibew, bunch of brainwashed traitors at this point. Still building the death machines of our time. The entire bay area is a bioweapons lab and high tech landscape they are building our demise in. Yes easy target for the Russians. I live over a few hills, hope I'll be ok.

[1] This notion seems to have taken wing with the publication of Michael Denton's 1986 book *Evolution: A Theory in Crisis*, which Michael Behe cites as an inspiration. Denton is a Discovery Institute Senior Fellow and Senior Research Fellow in Human Molecular Genetics at the University of Otago in New Zealand. Denton's work is very popular with ID believers, but is not highly regarded by evolutionists. (For a contrasting view to Denton's see Richard Dawkin's *The Blind Watchmaker: Why the Evidence of Evolution Reveals a Universe Without Design* (New York: Norton, 1986.) There are several skeptical critiques of Denton's work on the Internet. For example, <http://www.talkorigins.org/faqs/denton.html> has posted Mark I. Vuletic's review in which he argues, among other things, that "The 'problems' he [Denton] points out with the evolutionary interpretation of the data have turned out to not be problems at all." See also Wesley Elsberry's critique in "Sequences and Common Descent - How We Can Trace Ancestry Through Genetics," posted at <http://www.antievolution.org/people/wre/evc/argresp/sequence.html>. There is also a critical review of Denton's book at <http://www.2think.org/eatic.shtml>.

Michael Gershon, MD of Columbia University is the recognized father of the growing field of neurogastroenterology and author of *The Second Brain*. His book is fascinating and may explain why ForeverWell is getting great results with Migraine by focusing on the digestive system. For a FREE, chapter by chapter, description of the book you can send an email request to gutbrain@verizon.net.

There is a book called *The Second Brain* by Michael Gershon, MD. He is at Columbia University in New York and seems to be the leading authority in neurogastroenterology. The book is quite fascinating and perhaps does explain why ForeverWell has been getting great results with Migraine by treating the gut.

For more information:

- Take a look at Michael Gershon, MDs book *The Second Brain* and how it supports and points to the possibilities that healing the gut could help the brain.
- Review Gary Zaloga, MDs book *Nutrition in Critical Care* and how small chain peptides may provide an explanation of ForeverWells preliminary success.
- Visit the ForeverWell website, www.foreverwell.com and read the details and explanation of their work and approach to treating Migraine.

Petasites Hybridus (Butterbur root) is a new non-drug preventive treatment available in the United States. It is available under the name of Petadolex™ from the well respected German firm of Weber & Weber. In recent double blind studies it was shown 77% effective as a Migraine prophylaxis. Dose is one 50mg capsule twice a day.

Feverfew Leaf is a good non-drug preventitive treatment you may want to explore. Its main uses are for migraines and arthritis. Studies at the London Migraine Clinic have increased interest in this herb. This herb continues to undergo extensive scientific investigation of the parthenolide content, and how it normalizes the funtion of platelets in the blood system by inhibiting platelet aggregation, reducing serotonin release from platelets and blocking the formation of pro-inflamatory mediators. Seventy percent of the patients in these studies report fewer attacks of migraines and less painful attacks. Researchers believe that Feverfew prevents the spasms of blood vessels in the head that trigger migraines. This herb also relieves the inflammation associated with arthritis. Other benefits include: relief from nausea and vomiting; improvement of digestion; more restful sleep; and, relief of dizziness, brain, and nerve pressure.

Vitamin B2 supplements is another preventative non-drug treatment you may want to consider taking. A study in Belgium found that people who took 400 milligrams of vitamin B2 daily had about one-third fewer migraines than did those taking a placebo. The study, published in the February issue of the journal Neurology, included 55 patients in Belgium and Luxembourg who normally had two to eight migraine attacks each month.

Magnesium as an alternative preventive treatment has mixed support in the medical community. The most current position on this alternative over the counter preventive approach is best summarized by the Migraine and headache expert Ninan T. Mathew, M.D., which he noted the following at the 1998 AASH (American Association for the Study of Headache) Scottsdale Symposium-"Even though magnesium deficiency in the brain is implicated in the pathophysiology of Migraine, there is still no proof that magnesium replacement is of any benefit in Migraine prophylaxis. The only double-blind placebo controlled study in patients with Migraine without aura (69 patients) reported negative results, even though a previous small study in menstrual Migraine reported magnesium to be effective. Mauskop et al emphasized the importance of serum ionized magnesium measurements in determining the magnesium state in Migraine patients and have used intravenous magnesium in patients found to have low ionized magnesium level. These observations have not been confirmed yet."

Perhaps oral magnesium supplementation should be a part of treatment for migraine as a preventive. Taking a 100% of the USDA recommended DV (daily value) would be safe and prudent. That would be 400mg of magnesium (from magnesium oxide or magnesium sulphate) a day.

A Canadian approach suggested that physicians advise migraine patients to consume at least 6 mg magnesium per day for each kilogram of body weight. An even higher intake of 10 mg/day per Kg of body weight may be desirable provided that it does not trigger a laxative effect. Breaking the dosage into three or four parts taken at different times of day helps prevent laxative effect. Magnesium hydroxide is NOT recommended because of poor bioavailability and because they know of no instance of it having any beneficial use other than as a laxative. Other Magnesium compounds appear to be better, including Magnesium oxide, Magnesium sulphate, and Magnesium citrate. Natural magnesium in water (magnesium carbonate dissolved in CO2-rich water) is 30% more bio-available than Magnesium in food or pill, and offers much greater cardio-protection. If pills are used, they suggest chelated, Krebs cycle, with several Magnesium compounds; this gives greater bio-availability, and doesn't upset the stomach.

RICOTTA CHEESE

April 20, 2022

1 1/2 cups Augason Farms Country Fresh Milk powder
8 cups water
1/3 cup white vinegar

1 ¼ teaspoon salt
1 tablespoon oil or butter

In large saucepan, mix milk powder and water. Heat over medium heat until milk begins to boil (at about 200°F) and starts to steam and turn foamy. Stir in white vinegar, salt, and butter or oil. Let mixture sit 10 to 20 minutes or until whey (yellowy liquid) and curds (white clumps) fully separate. Use strainer with small holes to strain curds (may also use cheese cloth or clean t-shirt). Let curds sit in strainer about 30 minutes. Remove any remaining whey by pushing curds against the side of strainer with a spoon. Transfer Ricotta Cheese to an airtight container and refrigerate.

Angela Lanfranchi, M.D., F.A.C.S., is a breast cancer surgeon who practiced 33 years in New Jersey (1984-2017). A graduate of Georgetown School of Medicine, she is a Clinical Assistant Professor of Surgery at Rutgers Robert

Wood Johnson Medical School, a Fellow of the American College of Surgeons, and certified by the American Board of Surgery. She was surgical co-director of the Sanofi Breast Care Center at the Steeplechase Cancer Center in Somerville, New Jersey for 10 years.

Dr Lanfranchi is co-founder and president of the Breast Cancer Prevention Institute, www.bcpinstitute.org, a 501(c)3 non-profit charitable corporation that has as its mission to educate lay and professional communities in the methods of risk reduction and prevention of breast cancer through research, publications, and lectures.

She was named a Castle Connelly Medical Ltd. New Jersey “Top Doc” for Women’s Health in Breast Surgery for the last 10 years she practiced. She is the published author of articles on the physiology and epidemiology of abortion breast cancer and hormonal contraceptive risks and informed consent. In her work with the Breast Cancer Prevention Institute over the past 20 years, she has traveled nationally and internationally to Australia, New Zealand, Canada, Europe, China, Korea, India and South Africa, speaking at medical schools, hospitals, universities, cancer organizations, local and national governmental bodies and the United Nations about breast cancer risks, including its association with induced abortion and hormonal contraceptives.

Dr. Joel Brind, Ph.D. has been a Professor of Biology and Endocrinology at Baruch College of the City University of New York for 28 years and a medical research biochemist since 1981. Long specializing in steroid biosynthesis and metabolism and endocrine-related cancers, his research has exposed the causal connection between abortion and breast cancer. Ostracized by his colleagues and persecuted by the National Cancer Institute, he persisted in telling the truth about the "ABC link." Along with Dr. Angela Lanfranchi, he co-founded the Breast Cancer Prevention Institute. His research has also dealt with a connection between hormonal contraception and cancer. In recent years, Dr. Bring has specialized in amino acid metabolism, particularly in relation to glycine and one-carbon metabolism. In 2010 he founded Natural Food Science, LLC to make and market glycine supplement products.

the law.
Most Americans do not make any 'income' in the legal sense of that legal term, nor are many Americans 'employees' or do they work at 'employment', again in the legally-defined meanings of those terms (roughly 9% of Americans are and 'do', and they owe taxes, certainly). It's shocking to contemplate, but the IRS and certain well-placed media organs managed to convince Americans (mainly during WWII), and the world (at points after WWII), that 'all work leads to income, and 'income' is just 'all that comes in' from any work.
This is not true.

'Income' is the result of the exercise of government-granted 'privilege'. All income taxes were once known as 'privilege taxes'. The terms were interchangeable. Income, is a monetary measure of the gains realized by the exercise of that privilege. Since Income Taxes are ALWAYS excise taxes, it is a portion of the income which is 'excised' from the privilege-holder's gains and returned to the public purse. It is called the 'Internal Revenue Service' for a reason: it's purpose is to provide accounting services for the generation of 'income' from WITHIN the apparatus which the government grants a 'right' or 'privilege' to operate, as opposed to the operation of a 'private enterprise' which could accomplish the same ends (but which would generate no income, because it was not operating as a 'granted' or 'privileged' entity).

The question of what kind of tax The Income Tax 'is', was settled by The US Supreme Court in Brushaber v. Union Pacific Railroad Co. (1916). Their Decision, issued by then-Chief Justice C.J. White, clearly expresses The Court's view that The Income Tax is an excise tax under The Constitution (and this happened AFTER the ratification of The 16th Amendment: The Court knew exactly what it was saying), and that is can not ever be considered as a 'un-apportioned, direct tax' as the IRS now publicly claims. The Federal Income Tax (and ALL State Income Taxes, which all ground their authority in the Federal Income Tax laws and say as much in their State Statutes) is good, legal, and should operate as a 'check' upon the corruption of government office-holders, those whom wield enormous power through their offices' authorities. We have been lead, collectively, into an erroneous belief about our rights under the law, and the world has paid along with us, for our benighted state.

My Sources:
http://www.LostHorizons.com <<This is not an easy read. The website author is the

same researcher who discovered the legal basis, hidden within the labyrinthine Internal Revenue Code, for the tax, as well as discovering the history of its perversion against the welfare of the American people. I encourage you to grant at least 45 minutes to yourself to 'poke around' the sight. A clean explanation exists in certain documents, but without some sense of the legal history, I fear most folks are still 'plugged in' to the belief that they 'owe' without really ever having seen the law which purportedly says just that (because it does not exist).
Also, some of us are old enough to remember certain 'high profile' cases of tax evasion and other well-intentioned but defeated efforts to expose Americans to what was understood in the past, but was still not the needed legal basis for the laws, which we now have clearly traced in the laws, thanks to Mr. Peter E. Hendrickson. The 'Bulletin Board' section of the website should put to rest any views about the 'is this a fantasy' question which will assuredly come to mind. My own legal, Federal returns and the ensuing refunds, are listed on that page.

https://supreme.justia.com/cases/federal/us/240/1/ << while some complain about the accuracy of Justia's offerings, this particular case is so 'cut and dried' as to be beyond such concerns: it has been 'in the books' for a hundred years. No errors exist in Justia's rendering which do not also exist (and are notated) in the other online sources (which all require $$) . Notice the 'syllabus' and 'case' tabs. You'll want the 'case'. It is tough sledding, but again: this is the law. IF it can not be understood, then it should be re-adjudicated. But it will not be 're-tried' because no IRS attorney is ignorant of this information: they know what the law is, and they know where they are lying about it, such as...

Right here: https://www.irs.gov/businesses/small-businesses-self-employed/anti-tax-law-evasion-schemes-law-and-arguments-section-iv please scroll to the final 'contention' on the page. "Contention: The Sixteenth Amendment does not authorize a direct non-apportioned federal income tax on United States citizens." Continuing: "The Law:
The courts have both implicitly and explicitly recognized that the Sixteenth Amendment authorizes a non-apportioned direct income tax on United States citizens and that the federal tax laws as applied are valid. In United States v. Collins, 920 F.2d 619, 629 (10 th Cir. 1990), cert. denied, 500 U.S. 920 (1991), the court cited Brushaber v. Union Pac. R.R., 240 U.S. 1, 12-19 (1916), and noted that the U.S. Supreme Court has recognized that the "Sixteenth Amendment authorizes a direct nonapportioned tax upon United States citizens throughout the nation."" <<Now, you can take this last quote, which supposedly comes from the Brushaber Decision, through the US v. Collins Decision, and you can try to 'find' those words using the Brushaber Decision I provided as a link. Please let me know if you find that sentence, as opposed to a sentence which directly contradicts what the IRS is here claiming.

to the quick: The IRS claims the 16th Amendment authorized a direct, non-apportioned Income Tax. They attempt to administer the laws according to that erroneous belief. The USSC in Brushaber declares precisely the opposite, calling such a purported tax unConstitutional, from a structural perspective: such a tax can not legally exist in The United States, period.

I'd be happy to continue discussing this matter, but I ask that you be conversant with elements of the Lost Horizons website, such as https://losthorizons.com/TheNatureOfTheTax.pdf and https://losthorizons.com/BobsBicycles.pdf. Being so conversant, you will also be familiar with the Brushaber Decision, which is critical.

In the article linked below I explore the power of saving and sharing heirloom seeds through the lens of comparing a hypothetical investment in the conventional economy (5$ of fiat in a bank) to an investment in the Earth's living (gift based) economy (5$ worth of heirloom seeds in the soil).

https://gavinmounsey.substack.com/p/the-best-investment-on-earth-is-earth

Here is the summarized result of what returns are offered on either investment after 7 years:

Bank total (money value accessible by one): $6.17

Earth total (latent collective money value in organic kale accessible by many) : $30,000,000.00

I include a more detailed breakdown of how I came to that number in the article.

gum issue had persisted about one year. Used about 2 drops of OregaDent on my toothbrush along with my regular toothpaste and brushed using normal routine. In just a matter of a very few days the redness and tenderness was gone. The OregaDent stopped the inflammation and left my mouth feeling fresh and "awake"! I also use OregaDent, along with pure castor oil (has no odor), to rub on the skin of my face (jawbone) at night. Couple of drops of caster oil with a couple of drops of OregaDent...regular use...heals inflammation. OregaDent is a healer...Oil is the catalyst for exterior absorption. It smells great too...not offensive in the slightest way. Kind of takes away all those bad memories of castor oil when I was a kid! You understand, don't you? ha!

Almond, you always have great ideas on getting back to the land. Here is a 47 minute documentary (11 million views) by Kirstein Dirksen about Charles Bello and wife Vanna Rae and their 1968 move back to the land. It says they bought 240 acres but actually 400 acres among the redwoods. They are here in Mendocino County, California and about 5 miles from where I live. If you want to see some of the beauty in this County and the Redwoods this video will take you here. It has been 54 years and although wife Vanna Rae has passed Charles at 90 is still here. You will see what they built over the years, beyond the grid. Why would any one buy boxed, sugary, junk food cereal, when there are whole grain groats available at "half" the price with many times the nutritional value. To repeat and remind forum members, my updated WHOLE OAT GROATS (NOT instant, crimped, rolled, or even steel cut oats) PLAN AHEAD preparation for a week's supply, is to first SOAK three cups of WHOLE oat groats submerged in water with ~1/4 cup of apple cider vinegar for 24 hours to help eliminate any phytic acid and maybe saponins, followed by a thorough cold water RINSE. Next, just 2/3 cup of water is added for each cup of pre-soaked groats in a pot, with organic diced apple, and brought to a boil.

Keeping the boiling water to grain ratio low at 2/3 helps keep the large batch nuttier and crunchier longer with less possibility of turning into starchy paste or mold over time in the fridge. Once the groats start to boil, the heat is IMMEDIATELY turned off and the boiled groats stay in the pot to slowly cool

down for the next 24 hours, so again, PLAN AHEAD. When the batch is cooled to room temperature, I stir in some Ceylon cinnamon, UNsweetened TART cherry raisins, and ghee, (or butter), then cool it the rest of the way in the fridge, and serve it the following day . One could also add a LITTLE real organic maple syrup at meal time.

The above groats obviously don't lend themselves for people in a rush, hence the idea of PLANNING AHEAD, thus the idea of preparing a large size to last a week or so, and without sacrificing nutrition with store bought instant oats or other boxed cereals. Last year, I did some experimenting and figured out that my WHOLE oat groat prep. can also apply equally to other WHOLE grain groat buckwheat, WHOLE groat barley, as well as whole quinoa, (and perhaps some other WHOLE GROAT grains as well). One (preparation) size fits all, and nutrition is well maintained with nutty/crunchy results. And at 76 , my A1C is 5.2 .

supported the ex-president, but Alfie says he spoke to Trump on the day in December 2020 when Ivanka visited Alfie's farms to box holiday donations.

Alfie firmly believes in the Big Lie and that Covid is part of a globalist conspiracy to enrich corporate overlords, destroy small businesses, and enable a New World Order. When I noted to him earlier this year that 900,000 Americans had died of Covid, he responded, "Come on, you don't believe that!"

His empire, encompassing three markets, more than 1,800 farm acres, greenhouses, and aquaponics facilities, as well as

wholesale, packaging, and transportation operations, employs about 3,200 workers. Between 2018 and 2021, it won $70 million in contracts with the US Defense, Justice, and Agriculture departments. (Alfie says he sold the relevant units after Biden required additional Covid precautions for contractors.)

In an effort to reshape local politics, he's funded Florida's Conservative Voice, an online news channel, and created the Citizens Awake Now (CAN) political action committee to back his preferred candidates in state and local elections. It's a strategy most famously put forth by Steve Bannon, the former Trump adviser. "We're taking this back village by village," Bannon said in a June 2021 podcast, "where the energy is taking these school boards back…people signing up to throw out the GOP establishment."

OK, not (yet:) receiving you answer, it is obvious that your magnets are ordered as S-N-S or N-S-N - essentially a counterpart of Tewari''s generator which - with almost fully counter-directed magnetic field attained with a particulr modifications of conventional generator - attains some 2.2 overunity factor ... while in your implementation you might have it on that part) somewhere around 1.75, additionally you might save on Lentz's effect of uncollected coils, plus some effect of the wheel's overunty effect - so, in my view you have done great job!

- Oral barberry extract
- Gluconolactone solution
- How to use MSM
- Internally:
- I prefer to use the powder because I like to mix it with a Vitamin C. Using the powder also allows me to easily change the dosage levels.
- This is the drink that I make twice a day:

- 1 cup of hot water (Note: Make sure that your water is hot so that the MSM totally dilutes).
- About 5 drops of lemon or lime juice. Or you can squeeze a fresh lemon in your mixture if you prefer.
- 1 teaspoon of honey
- 1/4 - 1/2 teaspoon of MSM for every cup of water. (Remember to slowly build up as the detoxification effects are powerful)
- I drink this drink every morning and early evening. I don't suggest that you drink this drink before going to bed as it will more than likely keep you up all night. MSM increases alertness. Don't say we didn't warn you. :-)
- Externally:
- MSM is also effective used externally. If you're serious about getting rid of your acne or are trying to get rid of scarring, then I recommend you use MSM both internally and externally.
- Here is a simple recipe you can make at home:
- 3 teaspoons of MSM powder
- 1 cup of water (make sure it's hot so that the MSM can dilute)
- optional (you can use Aloe Vera gel instead of water if you prefer)
- NOTE: I add my mixture in a spray bottle and just spray it on my face. To moisturize, I use about a quarter size amount of Raw Shea Butter about a quarter size amount of organic unrefined coconut oil.
- Aloe Vera has great healing properties. It contains two powerful hormones: Auxin and Gibberellins. These hormones provide wound healing and anti-inflammatory properties that reduce skin inflammation. Giberellin in Aloe Vera acts as a growth hormone stimulating the growth of new cells. It allows the skin to heal quickly and naturally while reducing scarring. So opting to add this to powerful ingredient to your mixture would be a wonderful addition.
- Is MSM for you
- If you are suffering from acne or just need a body cleanser, then I recommend MSM. It worked for me and it may work for you.
- Go Ahead, talk to your provider, and take the MSM plunge. Comment and let us know what you think.
- MSM is an ingredient in most of the Artlessly Beautiful Natural Skin Care Collection.

- **Essential oils and natural skin care for dry acne prone skin. Order to**

- 2 oz. Snap Top Tube Bottle ("Tottle") of Extra Strength MSM Cream
- Perfect for the purse, car, or plane!
- This rich, handcrafted cream can be used as needed for pain relief and to promote healing. Use it for all aches and pains including arthritis pain, joint or muscle injuries, stiffness, soreness, bug bites, burns, scratches, and dry skin. Contains essential oils that are widely used to ease muscle aches and painful joints. They have many health-promoting properties that add to the overall efficacy of this cream. MSM and Hemp Seed Oil are natural anti-inflammatories. Avoid using close to your eyes.
- **Essential Oil Healing Properties:**
- **Rosemary**--stimulates circulation, opens surface capillaries, is anti-fungal, anti-bacterial, clears sinuses, and eases muscle stress.

  Eucalyptus--used to soothe wounds, asthma, colds and fever is anti-fungal against Athlete's foot and Candida, and eases muscular aches and pains. It is an insect repellant, soothes burns, and eases breathing.

  Peppermint--has an enlivening effect. It is anti-septic, anti-viral and anti-spasmodic. It can relieve headaches and fatigue. It can clear the head and aid concentration.

  Lavender--relaxing, reduces stress, aids sleep, rejuvenates skin, speeds cell replacement, helps acne, soothes Rosacea and eczema, promotes healing and reduces scarring. It also improves circulation and muscle tone. It reduces cellulite and fluid retention.

  Tea Tree Oil--strongest natural anti-septic known, also anti-fungal, anti-viral, and a strong immuno-stimulate. Used to soothe cracked skin, itchy scalp, pimples, cold sores, warts, and sunburns.
- Extra Strength MSM Cream Ingredients: Water, Methylsulfonylmethane (MSM), Goat Milk, Emulsifying Wax, Stearic Acid, Hemp Seed Oil, Avocado Oil, Coconut Oil, Glycerin, Peppermint Essential Oil, Rosemary Essential Oil, Eucalyptus Essential Oil, Citric Acid, Grapefruit Seed

Extract, Lavender Essential Oil, Tea Tree Essential Oil, and Vitamin E.

This work can be labeled as a “Trade Secret,” just like the formula for Coca Cola, and can today be inserted into the now-private US electrical utility network, on a one-by-one utility basis, by leasing closed and locked containers containing these technologies to a utility, under security guard, within exiting nuclear reactor or similarly secure sites. 8. You may contact the author at the address below to become involved in the development and insertion of these new technologies, to assist and support the human race on this planet in moving toward a meaningful future. /s/ Dr.

An ordinary battery filled with electrolyte fits the bill nicely. While it is not commonly known, ordinary lead-acid storage batteries have a resonant ionic frequency, usually in the range of from 1-6 MHz. All we have to do is shock-oscillate the ions in the electrolyte at their resonant frequency and time our "trigger"potential and "siphon" current correctly. Then if we keep adding potential to trigger the system we can get all that "potential" to translate into "free electrical energy".

Look at it this way. Conventionally "electrostatic scalar potential" is composed of work or energy per column of charged particle mass. So if we add potential alone, without the mass flow, to a system of oscillating charged particles, we add "physical energy" in the entire charged particle system. In other words, the "potential" we add is converted directly into "ordinary energy" by the imbedded ions in the system. If we are clever we don't have to furnish any pushing energy to move pure potential around. (For proof that this is possible, see Bearden's *"Toward a New Electromagnetics; Part IV; Vectors and Mechanisms Clarified"*, Tesla Book Co,, 1983, Slide 19, page 43, and the accompanying write-up, pages 10,11. Also see Y. Aharonov and V. Bohm, "Significance of Electromagnetic Potentials in the Quantum Theory", *"Physical Review"*, Second Series, Vol. 115, No. 3, Aug 1, 1959, pages 485-491. On page 490 you will find that it's possible to have a field-free region of space, and still have the potential determine the physical properties of the system.)

Now this "free energy resonant coupling" can be done in a simple, cheap system. You don't need big cyclotrons and huge laboratories to do it; you can do it with ordinary D.C. motors, batteries, controllers and trigger circuits.

ONLY GOD COULD HAVE DONE THIS MATH!!!
I listen to this video at least once a week, It along with my added on is such solid Proof that GOD ANOINTED Donald J. Trump to be our POTUS At exactly the right time, - - - Watch this 3 minute video and then read the rest of my added take on it-
https://youtu.be/gBJKwlQkq6o - 2016, year of Trumps election was 49 years after Israel Really established itself as a nation when attacked by most of the surrounding arab/muslim country's and kicked all their a$$es in just 6 days. 49 is 7X7, Read through the Bible and you will see that 7 seems to be Gods favorite number and it is 7 fold, And, Here is the real shocker, "G"eorge bush, barrack "O"bama and now "D"onald trump, God signed his name in their initials to say he is taking back control of this country we love so much and the whole world. AND- Check this out also!!! Trump's initials equal 4/10/20 this year's good Friday!!! AND WOW!!! I just realized another 7's thing with Trump, The inauguration day will be 1/20/21 1+20=21 and year 21, each are 3×7. AND On top of that, Trump was born on a Hebrew Holiday that celebrates the "BRINGING FORTH THE TRUMP/TRUMPET" and Sounded the Trump when he officially declared JerUSAlem the Capital of Israel!!! That was also a Jewish/Hebrew Holiday PS, If you want to forward to Family and Friends in messenger, you gotta copy and then paste to each, Because if you only forward, It'll only send the video. Via Gods Grace and Love, He is saving the entire world, Even the China Communist Government will repent or fall!!!
AND, Trump's Initials are DJT, 4th tenth and twentieth Letter of the Alphabet, Date of Good Friday 2020!!! UPDATE!!! December 2 2021 and even after this, Tom Brady said he supports Trump, Important??? YES!!! The year of 911 2001 was the NFL's 36th Superbowl season, Tom won his 1st Superbowl. The NFL kick off was 9-9 and then that Tuesday came. Take your Calculator and add 1+2+3+4 and ETC ETC up to 36, It was satans start of his last ditch effort to kill us all off/Destroy humanity. NOW!!! Brady said he likes Trump and was attacked by all, Well, Mr Tom Brady went on to win his 7th SUPERBOWL RING WITH HIS NEW TEAM!!! YOU CAN'T MAKE THIS STUFF UP!!! GOD WINS!!!

Stephen W Colwell feeling thankful.

By the way, thought you would like to know what the word means >>Covfefe' (pronounced "cuv – fee- fae") ~ is an Antediluvian term for "In the end we win." It was commonly used to rail against the evil actions of the fallen who had led man astray. It was particularly used during the days of Noah, before the great flood.

A secret political coup in 1860 is followed by an equally secretive military coup in 1865. This is followed by the sly substitution of public slavery for private slavery which was abolished; from now on, only the "government" could own slaves, and America, the Land of the Free, was secretively and unlawfully converted into the Land of the Slaves by the hateful Southern Democrats who collaborated with the Popes and the Brits to ensure the downfall of "the Yankees and the Ni**ers", their words.

Yep, this is all pure Religion. In First Grade you learn that in Science you make your data available for independent review, not try to hide it for 55 years. It's not Science, but rather the Crime of the Century.

And just think how things have changed ... from the time where a demigod could only reach as many people who could hear his voice w/o amplification (thus the need for hierarchical churches with Cathedrals and many small parishes disseminating the "truth") to today, where with the MSM and Google, the "word" can be distributed to billions! Yes, I really do predict this "Follow-the-Science" Religion will be (is) one of the most successful religions ever.

Nice, and very correct posting Tim. I'm not as pessimistic as you on the longevity of the AGW religion. As climate gets colder and the ice grows it will be harder for the AGW priests to continue their lies. They may claim that Global warming is making the world colder but I think finally the children will see that the Emperor has no clothes. Also, of course the Net Zero fantasy is already reducing energy availability and pushing up prices. As people start to freeze and blackouts and shortages hit I see the false prophets being chased from their temples.

I hope your are right. I gave a Colloquium on this at I.U. Physics Dept. last year, and said, "I hope I live to see the end of this Narrative". I still hope I do. It is pretty amazing though how Belief in such a Narrative can become so widespread, isn't it? Of course it is no longer the AGW Religion; they change the name to the Global Warming Religion; and then changed it to the Climate Change Religion; it is now the Climate Crisis Religion!

https://israelinewslive.org/italian-doctor-reveals-vaccine-plot/ Galactic Federation is hierarcy of "angels". Some of them follow the Logos, CHRIST, but some (1/3) are intrested in earthly things (fallen ones). Their immortality is based on physical reproduction (hybrid beings of Genesis). They need bodies to posess so that they can manifest their physical nature. When the Earth gets old, this becomes difficult. The fallen ones can't exist without an earthly body. That is the void and eternal death. To survive, they try to create human bodies after their own image and likeness, although this was forbidden ("don't create any likeness.."). Egoism and pride is a survival instinct of spiritual being. They use reproduction to this purpose and twist it. It is a master-slave relation. They know, that they will die, sooner or later. Time is limited for them.

viruses

Using High Energy Electrical Pulses (HEEPs) to treat venom toxins has been documented as a proven technology. Today, many available instruments offered today involve high voltage and moderate amperage. These devices, called "stun devices", are very very painful. Ours is not. The new technology incorporated in the Neopulser is relatively painless (although after a few hours, most people feel a little tingle) and includes a proprietary frequency-based delivery protocol to assure consistent results.

Additionally, Herpes virus & Cold virus was shown to be effectively inactivated by direct electrical current. This study concludes that "this method or derivation can be considered as an easy, fast, and economical method for fluid decontamination" of viruses. The Electrical Neopulser uses direct electrical current.

Based on feedback, our customers use it for helping the body inactivate the following: - venomous bites from spiders, insects, scorpions, and snakes - viral attacks such as herpes, flu, and colds - bacterial infections such as MRSA and other Staph infections

This device seems to work best when:

1. the bite is fresh and/or the viral infection is at the beginning stages and

2. used in combination with either our Antivenom Balm + Triple Skin Oil (if addressing a topical condition like a spider bite or rash) or ProAlive - Active Detox set (if addressing an internal or systemic condition like herpes/flu virus outbreak)

For Herpes, Flu, and Cold: Several customers have written back that, at the very onset of a flu illness (when one feels lethargic, feverish, etc.), activating the Electrical Neopulser and placing it on the skin for a few hours will help alleviate that particular flu episode. However, if one waits for a day or two when the full flu-like symptoms appear, it is not so effective at eradicating the attack, but rather it seems to lessen the duration and severity.

For the Brown Recluse Spider bite: this device (again based on our customer opinions and experiences) seems to work well even when applied 1 year after the onset of the bite symptoms. Many customers have replied back with testimonials that the recurring necrotic wounds received from the brown recluse spider bite had stopped. Most, however, have used the Neopulser in combination with our Antivenom Balm and Triple Skin Oil.

Theoretical basis of how it works

This device creates a pulsed electrical signal through the skin of the body. Because of the way it is designed, the pulses are being transmitted at a particular frequency of around 18 Hz. From this frequency chip, the direct electrical signal is then sent to several proprietary gemstones that have been found to elicit special vibrational frequencies to the body when electrical current is passed through them. In addition, the wire of the Neopulser is wrapped in a special way - using an ancient Egyptian toroidal coil configuration and sent through a rare earth neodymium magnet. This is similar to a vortex coil configuration that has been shown to pull in free

energy from the environment. Finally, the wire goes through an orgone field generator, also thought to pull in unmeasurable energy frequencies from the universal aether. Furthermore, this unit has been updated by us from the original manufacturer to harness a proprietary frequency generation technology specific for helping the body manage spider bites, venom and specific viruses.

The end result is a new ("neo") type of pulsed electrical energy that is transmitted to the body. This energy, in our opinion, is helpful to the body in terms of increasing the immunity and inactivating venom and viruses. Here is an inside look of the Electrical Neopulser:

Disruption on the molecular level: The most common explanation for the mechanism of action is that venom and viral coat proteins are more sensitive to electrical current than normal mammalian cells. Venom typically consists of long-chain organic proteins but they are unusual in that, besides carbon/ hydrogen/ oxygen atoms, it also contains metallic atoms such as copper. It is this metallic atom content which evidently makes this long chain molecule susceptible to electrical disruption. Once the molecule is broken in one or more places by a high parallel current, its ability to harm its cellular neighbors is lost and normal white blood cell repair and other immune responses can then begin to take place.

Similarly, electricity has been shown to destroy viruses.In a remarkable discovery at Albert Einstein College of Medicine, N.Y.C. in 1990, it was shown that a minute current (50 to 100 MICRO amperes) can alter outer protein layers of HIV virus in a petri dish so as to prevent its subsequent attachment to receptor sites. (SCIENCE NEWS, March 30, 1991 page 207.) It may also reverse Epstein Barr (chronic fatigue syndrome), hepatitis, and herpes B. HIV positive users of this enclosed information may expect a NEGATIVE p24 surface antigen or PCR test (no more HIV detectable in blood) after 30 days. This is reminiscent of a well-proven cure for snakebite by application of electric current that instantly neutralizes the venom's toxicity. (LANCET, July 26, 1986, page 229.) And there may be several other as yet undiscovered or untested viruses neutralizable with this discovery.

Basic Raw Dog Food Recipe for a 20-25# dog

- 1/2 cup raw organic meat (ground poultry, beef, lamb, buffalo, venison, ostrich, organ meats)
- 1/2 cup raw pureed vegetables (variety!)
- 1 teaspoon bone meal powder (double for puppies and pregnancy)
- 1/4 teaspoon ascorbic acid powder with bioflavonoids (vitamin C)
- 1/4 teaspoon minced garlic (not powder)
- 1 teaspoon oil mixture
- 1/2 tbsp nutritional yeast
- 1/4 tsp Celtic sea salt

Oil Mixture:

- 6 oz. extra virgin olive oil (cold pressed)
- 6 oz. cod liver oil
- 2 oz. safflower oil

Keep refrigerated in an opaque container.

Some folks eliminate the grains and increase the meat and vegetables proportionately, and only add the oil if poultry is fed. The meat must be RAW. Dogs should be fed raw bones (cooked bones will splinter). Vegetables must be pureed or they will come out looking pretty much the same way they did going in. Wild canines get their vegetable matter by eating the digested intestinal contents of their vegetarian prey. Variety is essential to deliver the correct mix of vitamins and minerals.

DENTAVEN BY PREMIER RESEARCH LABS

30 capsules / bottle
DentaVen™ can support a healthy oral cavity. It is basically a probiotic for your mouth. It contains Streptococcus salivarius, a bacteria that is beneficial for oral hygiene. One capsule provides 300 million colony forming units (or CFU's) of this beneficial bacteria. Not only will this beneficial bacteria help promote healthy oral bacteria levels, it will help to maintain healthy teeth and gums too. After brushing your teeth empty the contents of one capsule into your mouth. Leave in your mouth for several seconds before swallowing and then avoid drinking for ten minutes. Regular use, along with proper flossing and brushing, will help you maintain optimal oral health.

Ingredients

Each Vegetable Capsule Provides:

Calcium (as calcium carbonate from Aquamin® F Algae) . . . . . 30 mg

---

BLIS M18 Probiotic Bacteria (Streptococcus salivarius) 1 Billion CFU. . . . 22 mg †

x ylitol, sodium bicarbonate, supercritical extracts of peppermint leaf, spearmint leaf, neem leaf, neem bark, anise fruit oil and clove bud, sodium methyl cocoyl taurate, maltodextrin, calcium carbonate, sea salt, silica, natural flavor, stevia rebaudiana leaf extract, streptococcus salivarius k12 (probiotics), cholecalciferol (vitamin D-3) powder.

http://drsircus.com/medicine/sodium-bicarbonate-baking-soda/cancer-studies-ph-medicine
Jon Barron presents a way of looking at pH that opens up one of the major benefits of alkaline water:

> Hydrogen ions tie up oxygen. That means that the more acid a liquid is, the less available the oxygen in it. Every cell in our body requires oxygen for life and to maintain optimum health. Combine that with what we know about hydrogen ions and we see that the more acid the blood

(the lower its pH), the less oxygen is available for use by the cells. Without going into a discussion of the chemistry involved, just understand that it's the same mechanism involved when acid rain "kills" a lake. The fish literally suffocate to death because the acid in the lake "binds up" all of the available oxygen. It's not that the oxygen has gone anywhere; it's just no longer available. Conversely, if you raise the pH of the lake (make it more alkaline), oxygen is now available and the lake comes back to life. Incidentally, it's worth noting that cancer is related to an acid environment (lack of oxygen)—the higher the pH (the more oxygen present in the cells of the body), the harder it is for cancer to thrive.

Understanding this is important for two reasons: (1) it reveals one of the primary benefits of alkaline water—more "available" oxygen in the system and (2) it explains why alkaline water helps fight cancer.

A 2-way approach to the lackluster reparations movement might be a public/private trust fund set up as basis for Famine Hedge & Disaster preparations. Never mind many Trillions for welfare and employment programs, This time all hands should see results and feel benefits. No Mau-Mauing Social Worker and Community Worker Presidential Aspirants. Analogous to Sputnik Era National project goals, this time needful engineering and jobs keyed to productive paths to racial healing. Existential need and rewarding effort. We have Black Engineers already in position to move forward engineering dedicated to water supply and enhanced food distribution. These core elements shall bring forth national opportunities on a scale sufficient to restore a neglected segment of our people to self confidence and high esteem.

Famine Hedge is the name of the game boys & girls (no offense intended). There is needed water supply for food production; see North American Water And Power Alliance (Parsons Engineering circa 1960). Millions of jobs when full infrastructure details are spelled out, water delivery and Hydroelectric features across US from Canada to Mexico & Pacific Coast to Great Lakes. A California Governor and a Chicago Mayor can have their respective Public Works Directors explain NAWAPA… Bring these details into Grade school through Junior College and upstage dress-up day.

To Food Distribution we must look very carefully at moves to make AI trucking the norm very soon. AI trucks means our food supply is reliant on satellites and EMP events promised by the current field of Dictators and their Generals. Trucks need lots more drivers than same tonnage on train haul, so Pandemic Games suggest getting substantial percentage of our food distribution back to rail. This reorients City Planners to reverse the rail track removal fetish…

This writer has pages of sources, examples, methods and references. A very tight single page executive summary exists, including look at the military RR Battalions still seen at the Ft. Eustis VA template & rationale for dispersing container lift from hubs. All the pieces exist to achieve reliable food distribution and essential transport independence: “Second Dimension Surface Transport Logistics Platform”. We just need goal oriented leaders & willing personnel. Impossible without God.

Log in to Rep, the whole body is soaked in salt water for 15 to 30 minutes, which may have various concentrations ranging from 1 g to 250 g sodium chloride dissolved in one litre water. The soaking is repeated several times a week for a maximum of 20

to 30 applications within a time period of eight weeks. After bathing, various doses of ultraviolet B (UVB) light are applied to the whole body (Gambichler 2000a). The combination of bathing in salt water with UVB bathing thereafter may be called balneophototherapy[ly]

WW III UPDATES

Russian state space corporation Roscosmos has released on its Telegram channel the coordinates of Western decision-making centers.

It displays satellite images of the White House and the Pentagon (United States), of NATO headquarters (Belgium) [photo], of the Congress Center (Spain) where the NATO summit is being held, of the Ministry of Defense (United Kingdom), the Reichstag and the Federal Chancellery (Germany), and even the Elysée Palace (France).

The site provides the strike coordinates:
□□ 38.897542, -77.036505
□□ 38.870960, -77.055935
□□ 51.503049, -0.127727
□□ 48.870433, 2.316842
□□ 52.519903, 13.368921
□□ 50.879986, 4.425771

Dmitry Rogozin, director of Roscosmos, is the former Russian ambassador to NATO.

Questioned by reporters, Russian Foreign Affairs Minister Sergei Lavrov, said: "I'm not going to guess what President Zelensky hopes for – it's absolutely not important what he thinks, or hopes. He doesn't make decisions. Decisions are made in Washington, and by no means at the presidential level. Well-known officials make decisions in the State Department, and probably even in the presidential administration."

  Ubuntu great site too for management by the people for or toward the good of all people.

  *Ubuntu means "I Am because You Are"

*Namaste means ” I see you and recognise the divine light within you that is like the good and divine light within me”
This is why I only use this with those I truely see and for those to see my heart and soul has only pure divine intent.
See each other.

Wow, Thanks Corey for another great article

As a city born and bred boy turned quasi-homesteader in my later years, I'm always grateful for those who share their experiences in such matters. I'm currently doing a crash course in gardening since I recently parted from my wife, who was our primary 'gardener' while I was the 'yardener' (and forager) during the past 30 years of living 'out in the country'

I've become enamored with the folks at permies.com who offer a host of experiential information on a broad spectrum of topics including homesteading, gardening, permaculture +++… AND rocket mass heaters!!
The permies forums are here: Permaculture Forums at Permies (https://www.permies.com/forums)

Rocket mass heaters (a form of masonry or thermal mass heaters) are a great alternative to conventional wood stoves, highly efficient and nearly totally emissions free. Depending on your local climate, you only need a handful, or few, of small sticks to keep things warm and toasty for the day and night. Check out these links at permies, for starters:
– Better Wood Heat: DIY Rocket Mass Heater Videos

– rocket stove mass heater (https://richsoil.com/rocket-stove-mass-heater.jsp)
– The Rocket Mass Heater Builder's Guide by Ernie and Erica Wisner (rocket mass heater forum at permies)

… I recently purchased the "Builder's Guide" and it's very impressive

  Hi Corey! Have followed and learned from you for several years now. I’m stuck in Las Vegas for a couple more years, looking for land or a tiny house community that will fit my needs. Horticulturist by trade with some working knowledge of regenerative agriculture and hydroponics. Have been following the farmers at https://understandingag.com/ – it’s all about the soil! Also lots of cool info at https://livingwebfarms.org/ – one of my favorite websites.
  Hope I can find a community of good people to live out my golden years!

Thank you SOO much for this !! While watching, and recognizing I felt both a huge relief that I am sealed by the Father, Son, and Holy Spirit. Yet at the same time a deep, dread to my soul for what these people are doing to their fellow man. As if not even having the same breath of life Our Father breathed into us, that we should even be 😔 Myself, I feel nothing but meek, and with great humility that I was even chose. For at 1 time I was more prideful than any 5 normal men. Being a lead singer in many rock/metal bands, it kinda was part of the territory. One I'm happy that ended while I was still in my late 20's 😱 I've always prayed to the Father in Jesus name (most often when I was in trouble, again when you look at what I did), but yet lusted after the flesh. Taking "great" pride in what I'm now ashamed of !! I am still amazed that both the Father and Jesus found me worthy. When there were so many deeds that in my ❤ made me feel like unclean 😳 Unworthy of anything !! I've never read the Bible completely through 1 time. I could never make it past the he begat, she begat. Altho I've been parts of several Bible study groups. Mostly about "End Time's" prophecy. I remember thinking then (this was in 96):

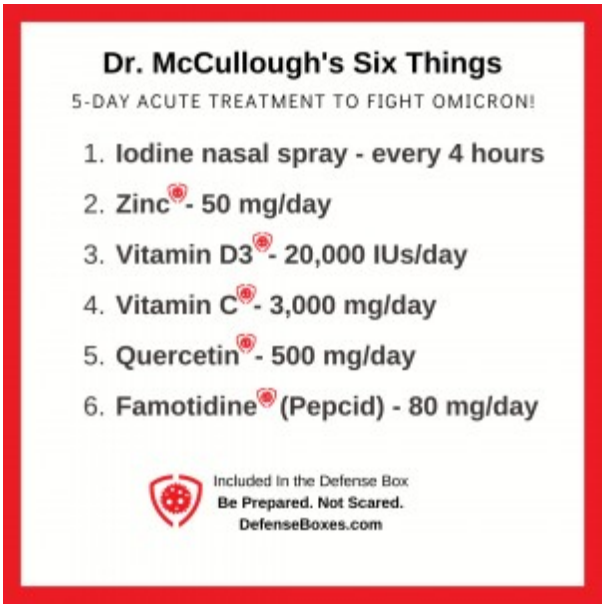

Oh my Lord God I know the end is near.. With absolutely no conception of the subterfuge that I'm positive in reflection, began long before that evil Dr Dey had that meeting in Pitt, Penn. After all, to bring the subject to attention, thing's had to have been set in motion for yrs. I was only 7 going on 8 in '69 and in my young mind the mist evil thing was our war in Vietnam ☹ I could say so much more on this subject, but the 70's were so wonderful to me (for what I wanted the, and I found the only love of my life. I just didn't realize how rare they are. So foolishly ruining it over something I'm too ashamed to share 😭 Suffice it to say, I've been married more than once, and each failed bcos they couldn't reach what Vonda and I shared. Perhaps an unreal expectation. One that has me sealed away from the world. Where my sister brings my grocs, does my laundry, and sees I make it to my countless Dr's appts. So I may as well be living in a bank vault. For I see really no one, or no thing. All my friends only speak to me, if religions not involved. Even my sister who males fun of such thing's with her normal response: They've been claiming this for year's (giving me the typical □□😂), which breaks my heart !! Thank you again, for putting up with my long msgs (you are some of the very few I converse with), for opening my eyes, and helping all lost, poor sinners in our greatest hour of need. God bless you, give you shelter, cloak you from your enemies (that you may continue this spiritual battle, and be the Sheppard who opens other's eye's), and place you high in His counsel, in. Jesus name Amen

Lake Mead, stranded houseboat rescue drama that occurred recently made me think of this as a mirroring of Noah's flood event happening in reverse. The " stranded on land " houseboat (ARK) was pulled back into the dropping waters of Mead representing Noah heading back to the beginning of the flood and into the corrupted, modified DNA of man... The same direction we are headed TODAY!

Spiral Permanent Magnet Motor – a vital piece of prime mover, missing from all physics and engineering textbooks, which has at least ten to a hundred times more energy density than an equivalent quantity of electric energy is magnetism. Dr. Valone's paper "Spiral Magnetic Gradient Motor Using Axial Magnets" (see www.integrity-research.org/Spiral-Magnetic-Motor.pdf) explains how this motor will be triggered by a small energy harvester and can generate torque for electrical generation. It is hoped that a Kickstarter campaign will be sufficient to fund the completion of this experimentally prototyped project.

2) **Zero Bias Self-Rectifying Diodes –** mentioned in the book, *Zero Point Energy: Fuel of the Future* by Thomas Valone (IRI, 2003) and in *Challenges to the Second Law of Thermodynamics: Theory and Experiment* by Capek and Sheehan (Springer, 2005), there are so many indications that the quantum fluctuations of the vacuum can be utilized in some form for useful work. A journal article has been prepared by Dr. Valone to explain the theoretical basis for this proposed energy source. See "Proposed Use of Zero Bias Diode Arrays as Thermal Electric Noise Rectifiers and Non-Thermal Energy Harvesters" (www.integrity-research.org/ZeroBiasDiodeArrays-Valone-SPESIF2009.pdf) presented at the Space, Propulsion and Energy Sciences International Forum (SPESIF), Workshop on Future Energy Sources sponsored by the American Institute of Physics in 2009. The PowerPoint slideshow is also online at www.integrity-research.org/ZeroBiasDiodeLecture-SPESIF2009.ppt.

3) **Tesla's Wireless Transmission of Electrical Power –** a famous project of the genius inventor, Nikola Tesla, who envisioned this as his most important life's work. IRI not only has sponsored a Tesla Conference and Expo to celebrate his Centennial of the Wardenclyffe Tower, when no organization in the world did so in 2003 (proceedings are available – see below) but also Dr. Valone recently edited the most authoritative volume (457-pages) on the most viable theories and experimental proof of the transmission of electrical power wirelessly. The book, *Nikola Tesla's Electricity Unplugged: Wireless Transmission of Power as the Master of Lightning Intended* (Adventures Unlimited Press, 2016) is now gaining wide recognition for its comprehensive defense of the viability of even long-distance transmission of power (see www.amazon.com for example and http://www.adventuresunlimitedpress.com/proddetail.php?prod=NTEU for a detailed description of the contents).

Propulsion Program

1) **Casimir Force Demonstration** – simply designed to show that asymmetric Casimir forces can be generated with corrugated surfaces that are nanometer in size and separated by less than a micron in distance. IRI has supported this project with advocacy and review services as well as networking vital scientists together to accomplish the experimental proof of principle.
Supporting documents include inventor, Robert DeBiase's paper from the IRI Conference on Future Energy (COFE7) from 2015 (see www.integrity-research.org/DeBiase-COFE7-CasimirForce.pdf) and an interesting paper on corrugated surface Casimir forces by Setare (see www.integrity-research.org/Setare-CasimirEnergy-2016.pdf).
2) **Control Moment Gyroscope Demonstration** – perhaps the most exciting project for the public who may be following IRI projects, this project not only seeks to prove once and for all the single direction force-producing ability of properly paired, force-precessed gyroscopes, but also the widely disseminated story of the Boeing Corporation keeping our satellites in orbit for years by the engineer who worked on that project, Mike Gamble. He presented a great slideshow at the Seventh Conference On Future Energy (COFE7) summarizing the images related to how he engineered the force-producing pairs of gyroscopes for Boeing (see www.integrity-research.org/Gamble-LinearPropulsion2015.pdf). The only drawback seems to be the glacial movement of physics to catch up with this engineering technique which rectifies centrifugal force since it violates the Conservation of Momentum, which makes this invention even more interesting since it is controversial. IRI has had previous experience with such inventions and has advocated the rectification of centrifugal force with similar gyroscopic devices and presents reports on those inertial propulsion devices (see http://www.integrityresearchinstitute.org/catalog/propulsion.html).

Bioenergetics Program

1) **Therapeutic Antioxidant Electric Clothing** – a patented (US #8,825,174) invention by IRI staff naturopath, Dr. Jacqueline Panting, the product is intended to provide the basic, fundamental ingredient of antioxidants (microcurrent

electrons) transdermally to the human body in a synergistic manner. As sweating from exertion increases conductivity from the salt content, more microcurrent electrons can flow freely to quench free radicals which slow down athletes. It is also designed to ordinary humans too! See www.integrity-research.org/Elec-Clothes-Brochure.pdf for more information and an amazing study which proves that free radicals overload an athlete during exhaustive exertion.

2) **Bioenergy Devices** – IRI has been the most productive in providing the public with bioenergy devices for years. See http://www.BioenergyDevice.org for more information and all of the products, including the Premier 2000, Premier Junior, EM Pulser, and OsteoPad devices which help a number of ailments with experimental electrotherapy.

1:50 – 2:15 – You will encounter some form of neurocognitive science that has been weaponized not only in your military career, but in your personal and professional lives
13:38 – 14:35 – We own all of your biometric and genetic data. I can retrieve it in a second. We know what makes you tik, what makes you tok, what makes you you, makes you strong, make you vulnerable
18:58 – 19:26 – War means contending with others, militating their thoughts to make them more amenable to what we do, or engaging them to fight.

22:25 – 22:30 – By changing your biodata I can change you that is you. I can do that in very subtle and insidious ways. I can change the data that will change the way you are regarded and treated. !!!!!!!!!!

  I am so glad you had her on again! I just LOVE Rosanne Barr, her show helped our family get through hard times years ago! We all looked forward to her show, that hour was wonderful, just my parents, sister & me laughing at ourselves reflected by each character. When her show came back, I was over the moon! I needed her humor & love again because my Mom was in hospice. She and I laughed/cried/talked with Roseanne Conner together in the hospital. Mom forgot she was in pain and I forgot for a moment my Mommy was dying. Miss Roseanne does

bring people together, that is why the bad guys took her mistake & turned it into a chance to destroy her. She is dangerous to the evil doers! They can't have the creative working/producing lower/middle class of all colors LOVE each other!! When they canned her, I didn't watch the show. I treasure Mrs Conner and that character is alive in my memory forever. Now, more than ever, we need Roseanne Barr again!! America needs her humor to show us how to laugh at the evil people, making fun of the bad guys! Showing us how crazy things have become, teaching us to forgive each other & come together to shame the a-holes. Shaming is the best way to turn the tide. When she laughed her famous laugh at that serpent Yuval, it took his power away. Now, when I hear his threats, I can hear her laughing at him! lol I support Roseanne and stand with her! She is a teacher of truth. We all must listen to her, she knows what she is talking about. If Kilary's Peeps knew the truth, they would want her locked up! The best way to learn is through humor with a touch of righteous anger! I am working hard push back by peaceful non-compliance. If the bad guys don't follow the law, we can beat them by using the law against them. We have been here before fighting a King, stick to the Constitution, say NO to the cell phone that is building our digital gulag and use cash as much as possible. Thanks Clay and Thank you Roseanne & Mel! God Bless xo Jen

Stargate was crazy true about lots of things! And we've been watching "Stranger Things" and WOW I'm not sure what season we're watching but it's totally about CERN and wierd monsters rambling around! All sorts of things it's actually blowing my mind the more I see. I'm convinced that the 5th could very well be the beginning of the Daniel 7 prophecy and then comes Revelation 9. Oh boy brothers and sisters we must cling to our faith and the Word and putting on the full armor of God and praying for each other □□ And it seems that people are just oblivious to what's going on! Just like the days of Noah it's crazy true we're seeing all of this come to pass I really like the new studio guys. So thankful for you all!! David talks about the Cosmic Boogie Woogie and I can see how CERN could possibly make this happen! No, they actually found the Osiris tomb empty and they found Nimrod(Osiris) somewhere in Iraq. I'm pretty sure that's why we invaded. And Apollo is definitely not Nimrod. Nimrod isn't an angel and they clear call Apollo the angel of the bottomless pit. I personally think he is Azazel or Samael. I definitely think he is one of the main leaders of the Watchers because we are talking about Tartarus opening. Definitely, some crazy stuff. Contact the movie with Jody Foster is about opening portals to other worlds. Luke 11:51. "from the blood of Abel to the blood of Zechariah who perished between the altar and the temple. Yes, I say to you, it shall be required of this generation." Zachariah was a Cohen Levite descended from Aaron. Who else would People suppose would Father the Messiah but Zachariah. His Wife Barren into Old Age gives Birth. Zachariah stopped speaking since he left

Ministering before the Ark of Covenant & speech returns when Yohanan Names his Son. Magi searching for the Messiah when miraculously Zachariah had a Son. The Levites are Commanded to live in cities. At King Herod's Slaughter of the Innocents, Herod's Guards entered the Sanctuary to demand Where Zachariah's Son Yohanan Mikveh (John Baptist) was. Zachariah would not reveal that Yohanan was living in the wilderness eating locusts & wild honey. Zachariah was Slain between the Horns of the Altar. He laid down his Life for his Son before Yehovah. The location of Yordan River where Yohanan Mikveh'ed the People was the exact spot that their forefathers crossed into the Promised Land. The 12 Stones that Yohanan said that Yehovah could raise up Children of Abraham from was the very 12 Stones that the Entering Hebrew Tribes Set Up as a Memorial above the River Bank & another in the Midst of the River which Flow was Stayed.

The best natural home remedies for skin tags and warts are: 1. Povidone-iodine 2. Fresh garlic Here’s how to use them: Step 1: Crush up garlic and put it in a dish Step 2: Place a couple of drops of povidone-iodine in another dish Step 3: Mix a small amount of garlic and garlic juice with the iodine Step 4: Apply the solution topically to your wart or skin tag Step 5: Cover the area with a bandaid Step 6: Save the iodine and garlic mixture to apply twice daily (mixture will stay good for one day) For some, this remedy can work within a day—for others, it may take up to 8 weeks. Keep in mind that insulin resistance can make your body more susceptible to warts, so make sure you’re on Healthy Keto and intermittent fasting if you’re not already. Check out my keto playlist to learn about Health Keto and IF. 50mg of zinc daily can also help fight off viruses that may cause warts.

Ingredients: 2 cans of tuna 2 eggs small piece of fresh ginger root Handful of Parsley Chives Zest of 1 lemon 1/2 tsp chili powder or add 1 fresh chili pepper if you have one ;) Salt (only if tuna unsalted) black pepper Oil for frying Fry over medium heat for 2 minutes on each side

When Nixon took us off the gold standard 0n 15 August 1971 the government was exchanging gold for dollars at $35.00 an ounce. As of 1 June 2022 the current market price of gold is approximately $1,813.00 an ounce.

Over this period gold has compounded at a rate of:

10^((log(1,813)−log(35))÷50.879) = 1.0806728738 or compounded at approximately 8.07% per annum

or to state it another way, the dollar has lost (1−(35÷1,813))×100 = 98.0694980695 or approximately 98.07% of its value against gold.

The website: https://www.in2013dollars.com/us/inflation/1971?amount=1

indicates that it takes $7.22 to have the equivalency of $1.00 in 1971 or 3.96% compounding. Using the compounding rate for gold of approximately 8.07% you would have $51.87 or approximately 7.18 times the $7.22 for the same time period. You would have beaten inflation by approximately 618%. Of course the CPI, in my opinion, is a fairy tale which can easily be demonstrated by the fact that income taxes are not considered in its calculation.

If you use the LBMA price of approximately $43 an ounce gold on 15 August 1971 gold has returned a compounded annual rate of approximately 7.63% as of 1 July 2022 and has beaten the CPI by approximately 484% or to state it another way, the dollar has lost (1−(43÷1,813))×100 = 97.6282404854 or approximately 97.6% of its value against gold.

A Carrington event either man-made or natural can take down the electrical grid and the internet. See article at:

https://mybroadband.co.za/news/science/331986-carrington-event-how-the-sun-can-destroy-our-electrically-powered-society.html

I look at gold as wealth preservation and not as an investment. The old cliche applies here which is "If something can go wrong it will".

There is no counterparty risk with the precious metals and possession is 9/10's of the law.

In my opinion this whole farce of our monetary system is ripe for a collapse. We shall see what happens over the next 24 months.

am leaning towards the idea that these whackscenes are actually the self spreading ones they currently 'predict' will be 'soon'. They are always simply foreshadowing the next play it seems. This is from a personal experience of shedding I had, and a resultant nightmare, (simply that had been jabbed, in my sleep, and woke up with a bandaid in the nightmare), after sleeping next to a double jabbed person and cohabitating with them. (and I never remember dreams, sleep heavy). Then I really woke up and realized it had been a nightmare, but could no longer bring myself to sleep near that person, ever again. Yep. Nope. So, the idea of there being purebloods or unwhackscnened has become one I do not think is viable, though perhaps in degrees of exposure or shedding. I am seeking some way to assess whether I have 'graphene or stuff'

in me from multiple sources, as I did have one Covid test done in 2020 and may have been contaminated at that time (as well?). And of course dental procedures. Just when I think I get it....it gets ickier and ickier, and more electric.

Power to the peasants, we are the U.E. and we will eat you from inside out, WEFers. With my last breath, I pray those who seek to control and dominate shall come to deep reckoning. I recently learned that the injectables probably contain much, even mostly, graphene, and not mNRA or biological elements that should be there. (see https://www.bitchute.com/video/5BeKMWZLgyZo/) I am beginning to understand that the 5G and microwaves are an end goal wrt killing, reacting with the graphene. Also that graphene is being put into us through dental procedures and even foods, nasal sprays. So in the midst of this struggle I am pivoting towards what I think will be the control mechanisms they will use on us soon, electrical stimulus reacting with the graphene thats been put in our bodies. Ridding ourselves of grapene, or 5G and microwave towers, will become the new diet craze, after the deaths play out. (though my crystal ball is hazy). I think they dropped those cows to scare us actually, and for me it worked. Dropped where they stand. My guess there is they used microwaves after feeding them graphene laced foods. We should be testing all meat for graphene. Finally, there is a new docu about the sky spraying chemtrails that is good and scary too; https://rumble.com/v18aocz-the-dimming-documentary-exposing-the-global-climate-engineering-cover-up.html

https://www.pollinator.org/bee-smart https://www.botanicalinterests.com/ I've grown these for a few years in a row, and discovered in 2020 that I love them as "refrigerator pickles." Previously we only ate them roasted, but I found a recipe online for pickled beets that doesn't use the sweet spices, which I don't like at all. This recipe is just water, vinegar, salt, a tiny bit of sugar, mustard seed, black pepper and red pepper flakes (and I add a few cloves of crushed garlic). My whole family loves them; even my beet hating brother! And with this blended packet of beet seeds you can make the prettiest jars of pickled beets. I end up with dark wine colored jars, pink-ish jars, and even orange-ish yellow jars. I finally have my watering system worked out, and got huge beets this past year. I've learned they like quit a bit of water (especially here in dry CO). I planted seeds in May, and then planted more in July for a fall harvest. Both rounds did great. https://www.botanicalinterests.com/product/Pickled-Beets

The structure of tooth enamel is actually a fine matrix of tubules conveying nutrients from the outside to the inside of the tooth and visa versa. Brushing your teeth with Coral White Toothpaste not only helps to prevent cavities, whitens teeth, and freshens breath, but because of the unique whole food mineral complex from Coral White Toothpaste above the sea fossilized stony coral minerals, it helps to re-mineralize the enamel.

Coral is a sea animal that secretes a highly mineralized casing made from ocean minerals. Coral naturally contains every mineral the human body needs to function – in almost the identical proportions found within the human body. By formulating coral into a tooth-nutrient-paste, Coral LLC. gives consumers an easy way to maintain and enhance their oral hygiene without harsh chemicals or artificial additives.

Coral White Toothpaste Does Not Contain Sodium Lauryl Sulfate or Fluoride

Many mainstream toothpastes use potentially harmful ingredients such as fluoride, Sodium Laurel Sulfate, and other artificial additives, flavors, colors and preservatives which can be detrimental in large amounts. In addition to mainstream toothpastes, many brands claiming to be ‘natural toothpastes’ also contain fluoride and Sodium Lauryl Sulfate. Coral LLC., the leading manufacturer of fossilized stony coral minerals, introduces the first ever all natural tooth-nutrient-paste made from above the sea fossilized stony coral minerals.

Coral White Toothpaste is free of fluoride, Sodium Lauryl Sulfate, and all other toxic preservatives, artificial flavors, colors and additives. The structure of the enamel is actually a fine matrix of tubules conveying nutrients from the outside to the inside of the

tooth and visa versa. Brushing your teeth with Coral White Toothpaste not only helps to prevent cavities, but it also whitens teeth and freshens breath. The unique whole food mineral complex in Coral White Toothpaste also helps re-mineralize tooth enamel.

Sodium Lauryl Sulfate is used in such products as shampoos, toothpastes, and liquid soaps as a foaming and cleansing agent. Its controversy stems from the belief that it is highly toxic, highly irritating and carcinogenic. Sodium Lauryl Sulfate has been shown to penetrate and be retained in the eye, brain, heart, liver, etc. with potentially harmful long term effects being slower healing, cataracts in adults, and impaired eye development in children. Other research has shown that Sodium Lauryl Sulfate may cause potentially carcinogenic nitrates and dioxins to form within products, large amounts of which are then absorbed into the bloodstream.

Fluoride has been positively linked with the prevention of tooth decay. However, according to the Public Health Service Department of Health and Human Services, overexposure to fluoride can be toxic and has also been associated with significant health conditions including cancer, dental floridities – characterized by the crumbling of enamel and eventual tooth decay – and bone fractures.

Coral White Toothpaste Alkalizes Saliva & Neutralizes Bacterial Acids; Reducing Acid Wear.

The latest buzzword in oral hygiene is acid wear! Acid wear on teeth, quite simply is caused by the body being to acidic. (Having a higher than normal PH) There are many causes of acidosis, from improper diet, medications, lifestyle and environmental factors; to something as simple improper oral habits. Constant acidic saliva eats away at and de-mineralizes tooth enamel; causing cavities, sensitivity and acid wear. This oral condition combined with improper or irregular brushing and flossing will lead to gum disease. There is now a strong correlation between even slight (hardly noticeable) gum disease and heart disease.

This acid wear phenomenon is readily apparent when observing teeth after death. When a body is buried, tooth decay stops even though bacteria flourishes. Tooth decay increases in an acidic environment. Using Coral White Toothpaste with coral minerals (which contains 86% organic ionic calcium carbonate), will help shift the pH to alkaline and neutralize bacterial acids. In addition, along with frequent brushing and flossing, Coral White Toothpaste aids in gum health.

Coral White Toothpaste Never Touches or Hurts The Ocean

Above sea coral was a thriving reef thousands of years ago before it was geologically pushed up above the water. Through the eons of time layers of dust that slowly became layers of topsoil covered this above sea coral. This is the state of the coral before being harvested by Coral LLC: pristine white fossilized coral heads protected beneath a layer of soil.

The actual harvesting process is similar to a typical sand or gravel quarry here in the United States. The soil is scraped away and the coral material is excavated. The pristine white coral material runs in horizontal layers, intermixed with other brown and gray material. Special care is taken to separate the white coral from the dirty material.

After the white coral is separated, it is taken to the grinding facility where it undergoes a 3 stage grinding process before purification with ozone.

Some prefer the harvesting of above sea coral for two reasons: 1. There were no pollutants from the industrial revolution resulting in high lead and other contamination in our fish, etc. hundreds of years ago when this coral was abundant and 2. The below sea living coral reefs are on the endangered species list and taking coral (dead or alive) from the ocean floors could harm the living reef. The mineral analyses of the different corals are nearly identical.

Coral White Toothpaste Ingredients:

Calcium Carbonate (Ionic Minerals From Coral Calcium)

Stevia (stevia rebaudiana leaf extract) Herbal sweetener

Xylitol-Antibacterial sweetener

Tooth Cavities Can Heal

No longer do we need to continue to fool ourselves that we do not know the essential causes of tooth decay. The causes are known, and the prevention is both possible, necessary and the only sane next step.

"After the nutrition was improved, the tissues of the pulp built in secondary dentine thus reincasing itself in a closed chamber." - Weston A. Price, DDS

What you see above and on the cover are two x-ray images of the same tooth from one individual. The two downward projections represent the roots of the tooth. In the center of each root you will see a dark streak. These streaks, the root canals, are the spaces where nerves and blood vessels connect to the jaw.

The x-ray on the left shows a large and prominent dark area at the crown of the tooth. This is a very large cavity that leaves the pulp and nerves of the tooth exposed to the mouth.

The x-ray on the right shows the tooth after some time of nutritional treatment. A temporary filling was placed to protect the pulp from the pain of pressure produced by food. The result is a progressive filling in of the dentine, the new secondary tooth layer that, in many cases, is hard and glassy. In as little as six weeks time we can begin to rebuild our tooth dentine, creating new enamel and thus healing cavities.

The esteemed dentist, Weston A. Price, author of "Nutrition and Physical Degeneration," and the first Director of Research of what is now the American Dental Association, discovered that it is the presence of special life-giving vitamins in certain foods that gives people immunity to tooth decay. These foods are rarely included in our modern diet.

Dr. Price's discoveries have been swept under the covers of bureaucracy and lost amidst cultural attitudes that rarely seek real cures. His highly effective protocol for curing, preventing, and reversing tooth decay through nutrition alone has been known to only a few who have explored the depths of his written work. It is the application of this work that is going to be the subject of this eBook.

Even many of those familiar with the work of Dr. Price will benefit from the clarity and integrity with which I present my understanding of his protocol, his key points, and the reasons why many people fail to prevent tooth decay despite eating a more natural or traditional diet.

Tooth Decay Reversing Protocol

1/4-1/2+ teaspoon high vitamin or fermented cod liver oil 3x daily with meals* together with

1/8-1/4+ teaspoon of high vitamin butter oil 3x daily with meals, or 1-2 tablespoons of yellow butter per meal.

2-8 cups of raw grassfed milk daily (add 1 ounce of raw cream to every 6 ounces of milk for regular whole milk, drink at room temperature if possible).

2 cups daily of bone soup, made from slow cooking the bones & organs of fish, chicken, beef and so on.

1-4 tablespoons of grassfed bone marrow.

Eat several meals weekly, raw, rare cooked, or fermented wild caught fish.**

Eat several meals weekly, raw, rare cooked or marinated, grass-fed beef or lamb.**

Eat several meals weekly, raw, fresh oysters and/or clams.

Eat several meals weekly, raw, rare cooked, or fermented liver (grassfed - beef, lamb, chicken, fish, turkey etc).

Eat at least twice daily fermented foods like sauerkraut, yogurt and kefir.

Eat substantial quantities of vegetables, such as carrots, zucchini, broccoli, celery, string beans.

Avoid - It is important not to cheat here:

Sugar – White Sugar, Brown Sugar, Organic Sugar, Evaporated Cane Juice, Corn Syrup, Commercial Jams (Exceptions are, totally unheated honey, organic untreated maple syrup, rapadura, and stevia. Note: Many sweeteners still encourage tooth decay; if you have a severe or difficult case, only use stevia and avoid all other sweets.)

Flour & Grain Products – White Flour, Wheat Flour, Organic Flour, any unsoaked grain products. Examples: bread, crackers, cookies, doughnuts, breakfast cereals, muffins, pastries, tortillas, bagels, and sandwiches (most store bought flour products even from the health food store need to be avoided).

Hydrogenated Oils - like Margarine and Low quality vegetable oils, Vegetable Oil, Soybean Oil, Crisco, Canola, and Safflower (replace with organic coconut oil, organic palm oil, organic olive oil or butter, suet, or tallow).

Any type of junk, convenience food, or modern fast foods

Coffee, Soft Drinks, Nutrasweet, and anything with artificial flavors, artificial colors, or artificial ingredients

Soymilk, Protein Powder, and Excess Tofu

Pasteurized Milk, even if it is organic.

Non-grass-fed meat and eggs, and farm raised fish.

Alcohol, Cigarettes, and Drugs (including most prescription drugs & vaccines)

***2 tablespoons of grassfed liver can be used to replace every 1/2 teaspoon of cod liver oil.**

****Medium and normal cooking is acceptable but not preferred**

*****Yellow butter is the best for bone growth, fish eggs are a good butter alternative as well as a diet supplement.**

The Tooth Decay and Cavity Prevention Formula

Phosphorus + Fat-Soluble Vitamins A,D,E,K - (Processed Foods and Overly Sweet Foods) = Healthy Teeth

The fat-soluble vitamins are vitamins A, D, E, and K. In many cases these vitamins are either exclusively found in animal foods, or are found in abundance in animal foods. Weston Price found that this category of vitamins is largely missing from our modern diet.

Our chemicalized, denatured, and devitalized foods are missing fat-soluble vitamins. So it is no wonder why in our modern civilization, there is a large prevalence of tooth decay.

The fat-soluble vitamins are essential for your physical health, not just because they provide nutrients to the body, but precisely because they are activating substances that help utilize other minerals present in your diet. So even if you have an abundance of calcium and phosphorus in your diet, without an abundance of fat-soluble vitamins and activators, your body cannot utilize the minerals in your food.

Weston Price found that the Indigenous groups he studied that had the highest immunity to tooth decay, nearing 100 percent, ate liberally--that is, frequent, daily, and perhaps in every meal--from two of the following three *principal vitamin sources*.

1. Diary products from grass-fed animals.
2. Organs and muscle meat from fish and shellfish.
3. Organs of land animals.

Diatomaceous earth has been around for millions of years. It's a powder made up of fossilized diatoms. Diatoms are basically algae or phytoplankton. The unique thing about diatomaceous earth is that it's loaded with silicon. When silicon is exposed to oxygen, it becomes silica. Silica is really good for a person's connective tissues, joints, and bones. Calcium can't even help you form bone without silica. You need enough silica to help support bone mineralization and prevent conditions like osteoporosis and osteopenia. Silica is also essential for your: • Ligaments • Tendons • Cartilage • Nails • Hair • Skin • Aorta • Trachea There are different types of collagen. Silica also stimulates type 1 collagen. Other potential health benefits of diatomaceous earth: • It may help get rid of parasites, worms, pathogens, and even E. coli • It can bind with aluminum and help remove it from the body How to use diatomaceous earth: Drink one teaspoon of diatomaceous earth mixed in a glass of water once per day. Over the next three days, you might want to increase it to two teaspoons per day. Be sure to take it on an empty stomach. To help improve absorption, you can also add apple cider vinegar to the water and diatomaceous earth mixture—or take a few betaine hydrochloride tablets when you take the mixture. , we taking this with acv, and glutathione and going to add milk thistle. Thanks so much for your ongoing knowledge Dr. Berg.

I was surprised to see Community Supported Agriculture listed as it seems to be connected to the United Nations and its Agenda 21/30/50 Sustainable Development Goals. This is very easy to disguise, but one has to wonder how this will be used once no one owns anything and most are hungry. I think some of the articles below can clear this up, but I, still, have to wonder why this was included . . . How nice of those who are destroying the planet and the lives of all living on it to plan future communes for those who might survive.

Neem oil is my go to for anything eating my plants. Also great to kill powdery mildew and other fungus. I spray in the evening so I do not hurt any of my pollinators. I make sure to get the organic cold pressed neem oil. I spray once a week as a preventative. I mix 1 tbs with 1 tbs of peppermint Castile soap with 1 gallon of water in my sprayer. I use as a foliage spray.

All life began in the ocean. Add a pinch to any beverage along with a tablespoon of liquid made from boiling Cinchona bark. The quinine will help your cells to absorb cations like Zn++ & Mg++. If I do not do that, I get leg cramps that wake me up at night. Not fun. The liquid from Cinchona bark is bitter but only use a bit. Without the medicinal qualities of quinine, juniper berries, lime and alcohol in their gin and tonics, the British would never have survived the tropics and the sun would never have risen on the British Empire.

GENERAL EFFECTS OF DIFFERENT OZONE CONCENTRATIONS	
30 to 55 ug/ml (< ~3.5%)	At this concentration level the 3 main health restoring properties of ozone, dealing with diminished oxygen levels and a compromised immune system are: • **Oxidative influence on the oxygen metabolism** i.e. Enhanced ATP production is important with stroke and burns - decreases swelling at injured site, minimizing damage and subsequent scarring - if ozone is administered within 48 hours of injury. • **Increases antioxidant enzymes in the body** • **Activation of immuno-competent cells to stimulate the immune system -** Causes the greatest increase of immune

	system messengers interferon (50ug/ml gives greatest increase), Tumor Necrosis Factor(TNF) and Interleukin-2 (IL-2), setting off a cascade of positive changes throughout the immune system..
55 to 70 ug/ml range (3.5-5%)	Exhibits a strong germicidal effect by oxidative destruction, useful for killing bacteria, viruses and fungi, topically and internally, which makes ozone ideal for treating infected wounds, intestinal infections, vaginal infection and topical fungal diseases
> 72 ug/ml (>5%)	Shown to suppress the immune system and inhibit tissue generation.

Warming Socks Treatment

Extremely Effective and Easy treatment for:

- Almost any problem involving congestion or infection in the upper body or head
  E.g. Colds, Headaches, Sore Throats, Ear Infections, Some Insomnia cases

- General immune stimulation - when used on a regular basis.

Directions

1. You must warm your feet first before you begin this treatment – otherwise treatment will not be as effective and could be harmful. Soak in warm water for 5 minutes.

2. Take a pair of cotton socks and wet the portion covering the feet with cold water - wring the socks out so they are damp, but not dripping.

3. Place the cold socks on your feet - cover these with *thick wool* socks. Go to bed *wrapped up well with a warm blanket*. Avoid getting chilled.

4. DO NOT remove socks in the middle of the night - it will ruin the effectiveness of the treatment. Your socks will be dry in the morning. Many report that they sleep much better during this treatment.

#10 no sunglasses

When UV light hits your eyes, it signals to your brain to produce MSH, which stimulates melanin production.

Wearing sunglasses in the sun will delay this signal and increase the chances you get burnt.

It's broken isn't it ? We've broken what we do with food . Pears grow in the U.K. They could grow in our gardens . We could walk out and pick them , wipe them and eat them . No chemicals , no processing , no plastic , no planes , no sell by dates . Just fresh fruit . God help us

MORINGA SEED POWDER FOR WATER PURIFICATION

"Then Moses led the people of Israel on from the Red Sea, and they moved out into the wilderness of Shur and were there three days without water. Arriving at Murah, they couldn't drink the water because it was bitter (that is why the place was called Murah, meaning "bitter").
Then the people turned against Moses. "Must we die of thirst?" they demanded.
Moses pleaded with the Lord to help them, and the Lord showed them a tree to throw into the water, and the water became sweet."
Exodus 15:22-7
The powder from crushed Moringa seed kernels works as a natural flocculant, binding to the solids in water and causing them to sink to the bottom. Since bacteria in water is generally attached to solid particles, treatment with Moringa powder can leave water clear with 90-99% of the bacteria removed. (Additional treatment of the water by boiling or adding chlorine or bleach is needed to render it completely safe to drink). Seed powder from *Moringa stenopetala*is used by women in the Sudan to clarify the turbid water of the Nile.
To treat 20 liters of water: Remove the shells from mature Moringa seeds and crush the white kernels in a mortar until a fine powder is obtained. Do not use discolored seeds. Add 2 grams (2 teaspoons) of powder to a cup of clean water and shake for five minutes in order to activate the chemicals in the powder. (This can be done by putting the powder and cup of water into a bottle and then shaking the bottle for 5 minutes). Filter this solution through a clean cloth into the bucket of water to be treated. Stir the bucket rapidly for 2 minutes, then slowly for 10-15 minutes. Leave the bucket to sit without being disturbed. After one hour, the solid particles in the water will have settled.

A general rule of thumb is to use the powder from one Moringa kernel per every two liters of water when the water is somewhat turbid, and one kernel per liter when the water is very turbid.

Moringa seeds and seed powder can be stored, but the paste must be made fresh each time water is to be purified. Seed cake from which oil has been extracted retains its coagulant properties. It can be dried and stored and the powder used to clarify water as needed.

Several years ago, a young student, Kari Hayes, completed our one-semester course on the 28 Principles of Liberty entitled “American Government and Constitution, Part I.” Feeling the excitement and truthfulness of these ideas, she wrote, “Armed with a pink highlighter, I began to mark verses in my Bible that correlated with the Principles of Liberty.” Kari sent me a copy of her project which she entitled, *A Scriptural Index to The Five Thousand Year Leap*. While I was teaching a seminar in Georgia, Kari showed up,

eager to learn more. We have developed a warm friendship and she recently married and is now known as Kari Wentworth.

I am grateful to this young freedom-loving patriot for her untiring work and her love of correct principles. The following, which is mostly Kari's work, is an indication of how the Founders' principles, explained in *The Five Thousand Year Leap*, indeed have their roots in the Holy Scriptures.

This is a continuation of the Scriptural Index to the 28 Principles of Liberty. Last month we gave Biblical scripture supporting principles 1-14. Here are the remaining 14 Principles with their suggested Biblical supportive scriptures:

Principle 15. *The highest level of prosperity occurs when there is a free-market economy and minimum of government regulations.*

Leviticus 25:10 – And ye shall hallow the fiftieth year, and proclaim liberty throughout *all* the land unto all the inhabitants thereof: it shall be a jubilee unto you; and ye shall return every man unto his possession, and ye shall return every man unto his family.

Leviticus 25:14 – And if thou sell ought unto thy neighbour, or buyest ought of thy neighbour's hand, ye shall not oppress one another:

Deuteronomy 25:15 – *But* thou shalt have a perfect and just weight, a perfect and just measure shalt thou have: that thy days may be lengthened in the land which the LORD thy God giveth thee.

Principle 16. *The government should be separated into three branches – legislative, executive, and judicial.*

Isaiah 33:22 – For the LORD *is* our judge, the LORD *is* our lawgiver, the LORD *is* our king; he will save us.

Principle 17. – *A system of checks and balances should be adopted to prevent the abuse of power.*

2 Chronicles 26:16-21 – But when he was strong, his heart was lifted up to *his* destruction: for he transgressed against the LORD his God, and went into the temple of the LORD to burn incense upon the altar of incense. And Azariah the priest went in after him, and with him fourscore priests of the LORD, *that were* valiant men: And they withstood Uzziah the king, and said unto him, *It appertaineth* not unto thee, Uzziah, to burn incense unto the LORD, but to the priests the sons of Aaron, that are consecrated to burn incense: go out of the sanctuary; for thou hast trespassed; neither *shall it be* for thine honour from the LORD God. Then Uzziah was wroth, and *had* a censer in his hand to burn incense: and while he was wroth with the priests, the leprosy even rose up in his forehead before the priests in the house of the LORD, from beside the incense altar. And Azariah the chief priest, and all the priests, looked upon him, and, behold, he *was* leprous in his forehead, and they thrust him out from thence; yea, himself hasted also to go out, because the LORD had smitten him. And Uzziah the king was a leper unto the day of his death, and dwelt in a several [separate]

house, *being* a leper; for he was cut off from the house of the LORD: and Jotham his son *was* over the king's house, judging the people of the land.

Principle 18. *The unalienable rights of the people are most likely to be preserved if the principles of government are set forth in a written constitution.*

Exodus 31:18 – And he gave unto Moses, when he had made an end of communing with him upon mount Sinai, two tables of testimony, tables of stone, written with the finger of God.

Deuteronomy 11:20 – And thou shalt write them upon the door posts of thine house, and upon thy gates:

Deuteronomy 27:8 – And thou shalt write upon the stones all the words of this law very plainly.

Nehemiah 9:38 – And because of all this we make a sure covenant, and write it; and our princes, Levites, and priests, seal unto it.

Principle 19. *Only limited and carefully defined powers should be delegated to government, all others being retained in the people.*

Deuteronomy 17:15 – 20 – Thou shalt in any wise set him king over thee, whom the LORD thy God shall choose: one from among thy brethren shalt thou set king over thee: thou mayest not set a stranger over thee, which is not thy brother. But he shall not multiply horses to himself, nor cause the people to return to Egypt, to the end that he should multiply horses: forasmuch as the LORD hath said unto you, Ye shall henceforth return no more that way. Neither shall he multiply wives to himself, that his heart turn not away: neither shall he greatly multiply to himself silver and gold. And it shall be, when he sitteth upon the throne of his kingdom, that he shall write him a copy of this law in a book out of that which is before the priests the Levites: And it shall be with him, and he shall read therein all the days of his life: that he may learn to fear the LORD his God, to keep all the words of this law and these statutes, to do them: That his heart be not lifted up above his brethren, and that he turn not aside from the commandment, to the right hand, or to the left: to the end that he may prolong his days in his kingdom, he, and his children, in the midst of Israel.

Principle 20. *Efficiency and dispatch require government to operate according to the will of the majority, but constitutional provisions must be made to protect the rights of the minority.*

Exodus 23:2 – Thou shalt not follow a multitude to do evil; neither shalt thou speak in a cause to decline after many to wrest judgment:

Deuteronomy 27:19 – Cursed be he that perverteth the judgment of the stranger, fatherless, and widow. And all the people shall say, Amen.

Principle 21. *Strong local self-government is the keystone to preserving human freedom.*

Exodus 18:22 – 23 – And let them judge the people at all seasons: and it shall be, that every great matter they shall bring unto thee, but every small matter they shall judge: so shall it be easier for thyself, and they shall bear the burden with thee. If thou shalt do

this thing, and God command thee so, then thou shalt be able to endure, and all this people shall also go to their place in peace.

Principle 22. *A free people should be governed by law and not by the whims of men.*

Leviticus 24:22 – Ye shall have one manner of law, as well for the stranger, as for one of your own country: for I am the LORD your God.

Numbers 15:15 – 16 – One ordinance shall be both for you of the congregation, and also for the stranger that sojourneth with you, an ordinance for ever in your generations: as ye are, so shall the stranger be before the LORD. One law and one manner shall be for you, and for the stranger that sojourneth with you.

Principle 23. *A free society cannot survive as a republic without a broad program of general education.*

Exodus 18:20 – And thou shalt teach them ordinances and laws, and shalt shew them the way wherein they must walk, and the work that they must do.

Deuteronomy 6:6 – 7 – And these words, which I command thee this day, shall be in thine heart: And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up.

Proverbs 9:9 – Give instruction to a wise man, and he will be yet wiser: teach a just man, and he will increase in learning.

Isaiah 28:10 – For precept must be upon precept, precept upon precept; line upon line, line upon line; here a little, and there a little:

Principle 24. *A free people will not survive unless they stay strong.*

Deuteronomy 20:5 – 8 – And the officers shall speak unto the people, saying, What man is there that hath built a new house, and hath not dedicated it? let him go and return to his house, lest he die in the battle, and another man dedicate it. And what man is he that hath planted a vineyard, and hath not yet eaten of it? let him also go and return unto his house, lest he die in the battle, and another man eat of it. And what man is there that hath betrothed a wife, and hath not taken her? let him go and return unto his house, lest he die in the battle, and another man take her. And the officers shall speak further unto the people, and they shall say, What man is there that is fearful and fainthearted? let him go and return unto his house, lest his brethren's heart faint as well as his heart.

Luke 14:31 – 32 – Or what king, going to make war against another king, sitteth not down first, and consulteth whether he be able with ten thousand to meet him that cometh against him with twenty thousand? Or else, while the other is yet a great way off, he sendeth an ambassage, and desireth conditions of peace.

Principle 25. "*Peace, commerce, and honest friendship with all nations – entangling alliances with none.*"

Exodus 23:32 – Thou shalt make no covenant with them, nor with their gods.

2 Corinthians 6:14 – Be ye not unequally yoked together with unbelievers: for what fellowship hath righteousness with unrighteousness? and what communion hath light with darkness?

Principle 26. *The core unit which determines the strength of any society is the family; therefore, the government should foster and protect its integrity.*

Genesis 2:24 – Therefore shall a man leave his father and his mother, and shall cleave unto his wife: and they shall be one flesh.

Exodus 20:12 – Honour thy father and thy mother: that thy days may be long upon the land which the LORD thy God giveth thee.

Proverbs 20:20 – Whoso curseth his father or his mother, his lamp shall be put out in obscure darkness.

Matthew 5:27 – 28 – Ye have heard that it was said by them of old time, Thou shalt not commit adultery: But I say unto you, That whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart.

Ephesians 6:1 – 4 – Children, obey your parents in the Lord: for this is right. Honour thy father and mother; (which is the first commandment with promise;) That it may be well with thee, and thou mayest live long on the earth. And, ye fathers, provoke not your children to wrath: but bring them up in the nurture and admonition of the Lord.

Principle 27. *The burden of debt is as destructive to freedom as subjugation by conquest.*

Proverbs 22:7 – The rich ruleth over the poor, and the borrower is servant to the lender.

Romans 13:8 – Owe no man any thing, but to love one another: for he that loveth another hath fulfilled the law.

Principle 28. *The United States has a manifest destiny to be an example and a blessing to the entire human race.*

Psalms 33:8 – 12 – Let all the earth fear the LORD: let all the inhabitants of the world stand in awe of him. For he spake, and it was done; he commanded, and it stood fast. The LORD bringeth the counsel of the heathen to nought: he maketh the devices of the people of none effect. The counsel of the LORD standeth for ever, the thoughts of his heart to all generations. Blessed is the nation whose God is the LORD; and the people whom he hath chosen for his own inheritance.

Acts 17:26 – 27 – And hath made of one blood all nations of men for to dwell on all the face of the earth, and hath determined the times before appointed, and the bounds of their habitation; That they should seek the Lord, if haply they might feel after him, and find him, though he be not far from every one of us:

After reviewing the 28 Principles of Liberty in terms of the Holy Scriptures, we are brought to proclaim with the Psalmist:

Psalms 19:7 – 11- The law of the LORD is perfect, converting the soul: the testimony of the LORD is sure, making wise the simple. The statutes of the LORD are right,

rejoicing the heart: the commandment of the LORD is pure, enlightening the eyes. The fear of the LORD is clean, enduring forever: the judgments of the LORD are true and righteous altogether. More to be desired are they than gold, yea, than much fine gold: sweeter also than honey and the honeycomb. Moreover by them is thy servant warned: and in keeping of them there is great reward.

Look at all of the owners of the Federal Reserve Bank, a privately held corporation, which is not part of the USA government. Then, look at who owns the privately held western banks in Europe.

If you want to understand why Putin is so hated and demonized, has he allowed a private central bank into Russia? How are countries paying for Russian oil and gas? I used to fall for the Putin Propaganda, but everything he has done was to keep Russia out of the Worldwide Crime Syndicate to keep his people free from Tyranny. On the outside, Putin looks like a tyrant, but he has had his people's best interests at heart by keeping the Worldwide Crime Syndicate (Central Banking System) out of Russia. Search out the central banking families and you will understand those who are in the shadows pulling the strings...

I'll take you down another rabbit hole... Look up the families that funded both sides of WWI, WWII, and every war since? Look at where they invested their money at the end for penny's on the dollar or whatever currency that was in place. At a certain point there are no coincidences...

Prostaglandins Leukot Essent Fatty Acids. 2007 Feb;76(2):93-101. "Mechanical scratching induced a temporary increase of the skin PGs levels (PGE2, PGD2, 6-ketoPGF1alpha, PGF2alpha). The skin PGD2 level and the ability of PGD2 production decreased at 48 h after repeated scratch, compared to that of normal skin, not so after single scratch. Immunohistochemical analysis and Western blotting revealed a decrease in the levels of cyclooxygenase-1 (COX-1) and hematopoietic PGD synthase in mechanically scratched skin. The reduced ability of the skin for PGD2 production following

mechanical scratching could be caused by this decrease in the expression levels of COX-1 and PGD2 synthase. “

3. Mayumi Ito and George Cotsarelis. **Is the Hair Follicle Necessary for Normal Wound Healing**? J Invest Dermatol. 2008 May; 128(5): 1059–1061. "The hair follicle contributes cells to the interfollicular epidermis after wounding, but the functional role of these cells has not been resolved. To address this question, Langton et al. (this issue, 2008) take advantage of the Edaradd mutant mouse, which lacks hair follicles on its tail. They discover an initial sluggish response of the hairless tail epidermis to wounding that is rapidly compensated for by recruitment of epidermal cells from outside the normally responsive area. This suggests that the hair follicle is important but not necessary for normal wound healing."

- 1/2 c. white distilled vinegar
- 2 c. warm water

In a large bottle, add 2 cups of warm water with 1/2 cup of white vinegar. Add in 1/4 cup of Dawn dish detergent and gently shake the mixture until bubbles form, then allow the bubbles to recede.

Wet your dog’s coat with warm water. Spray your dog with the homemade shampoo mixture all over his body and use your fingers to create a thick lather. Work the shampoo gently down to his skin to thoroughly cleanse him. Allow the dog to sit in the shampoo for up to 5 minutes, then rinse thoroughly. Groom as necessary.

All Natural Flea Spray

Spraying your dog or cat with the all natural flea repellent will not only repel fleas, but will also provide a fresh scent to your pet.

- 1 c. water
- 1 c. apple cider vinegar
- 5 drops tea tree oil
- 5 drops rosemary oil
- 5 drops peppermint oil
- 5 drops eucalyptus oil

In 1 cup of water, add vinegar and five drops each of tea tree oil, rosemary oil, peppermint oil and eucalyptus then stir it. Pour the solution into a spray bottle and spray it on your dog, keeping it away from the eyes and mouth. It is critical that you use the exact amounts and stir it before using

ght mist of Fabreeze Allergen Reducer to which you have added 1 tablespoon of 100% pure boric acid (sold as roach away but check to make sure its all boric acid). This mixture is essential to spray on pet bedding or any fabric area they lay on. If you choose not to use the Fabreeze that mix the boric acid in a 16 oz spray bottle and add 10 drops Purifying Essential Oil.

To Treat the home you must squirt (with a dry insecticide pump or bottle cap) the dry boric acid into all crack and crevices around your baseboards (where carpet meets the wall). Sprinkle the boric acid all over carpets, especially under couches, mattresses or other shady areas. Beat the boric acid into the carpet and leave on for a week and then vacuum thoroughly; leaving the boric acid under the areas you wont see (mattresses etc..) This is perfectly safe for pets and children.

Outdoor Prevention - Trim lawns and weeds to create a drier, less-ideal environment for flea larvae. Avoid piles of sand and gravel around the home for long periods of time. Fence yards to prevent dogs from roaming freely in heavily infested areas or contacting other infested animals. Discourage nesting or roosting of rodents and birds on or near the premises. Screen or seal vents, chimneys, crevices, etc. where rats, mice, squirrels, raccoons, chipmunks, etc. may use to enter crawlspaces and buildings. Wash or destroy pet bedding, regularly groom pets and vacuum frequently to remove up to 95 percent of the flea eggs, some larvae and adults. Only about 20 percent of the larvae might be removed when vacuuming since they wrap themselves around the bottom strands of carpeting.

Since there is no flea resistance to borates, many homeowners try switching to boric acid and disodium octaborate tetrahydrate. Boric Acid is a stomach poison killing fleas in the larva stage. Apply directly on vacuumed, cleaned carpets where pets frequently travel or sleep. Work powder deeply into fibers with a broom or rug rake. For upholstery, remove loose cushions, apply along creases and into corner, not to exposed fabric. Any powder visible after application must be brushed in cracks or removed. Borates are environmentally safe, odorless and used in homes with children and pets.

Antiparasitic drug that also has antiviral and anti-inflammatory properties. I've had great results with this when administered early. Not a silver bullet but nonetheless a big help that has been administered to hundreds of millions of people with only rare side effects.

Hosea 4:6 "My people are destroyed for lack of knowledge: because thou hast rejected knowledge, I will also reject thee, that thou shalt be no priest to me: seeing thou hast forgotten the law of thy God, I will also forget thy children." That message is reiterated all throughout scripture.

You co-mingled Revelation 9:18 "By these three was the third part of men killed, by the fire, and by the smoke, and by the brimstone, which issued out of their mouths..." with Hosea 4:6. This is unacceptable to God. Not my opinion but rather God's words: reference Revelation 22:18,19.

Before you speak for, or quote God, you should be 100% certain you are speaking His word and quoting the appropriate chapter and verse, AND have

done the research to know what He intended to convey to His people. God doesn't give passes for those who don't know His word, much less for those who don't bother to know it but quote it incorrectly all the same, which is what Hosea 4:6 is all about.

"Both priests and people rejected knowledge; God will justly reject them.....If we dishonour God with that which is our honour, it will, sooner or later, be turned into shame to us." Matthew Henry (partial) commentary Hosea 4:6

To make more buttermilk using the first batch as a starter:

1. Combine approximately 1/4 cup of buttermilk with 4 cups of milk.
2. Stir to combine.
3. Cover with a coffee filter or cloth and secure with a rubber band.
4. Leave in a warm spot to culture for 12 to 24 hours, putting it in the refrigerator once set.
5. Repeat this cycle each week to have a constant supply of buttermilk on hand.

Even though most were taught that the bible can never be changed and that God wouldn't allow it, He actually only promised to protect His word until the last days. Daniel 12:4 & 12:9 and Revelation 22:10 He promised to send a famine for hearing His word in the last days too, and that we won't be able to find it anywhere in Amos 8:11-12. In Daniel 7:25 God said that He would give the AC power to "change times and laws" for a short time which we now know meant history, laws of physics and scripture. The famine for hearing God's word has already been sent! Because when hearing "pastors" today, you're hearing some of Satan's words mixed in with God's words *UNAWARE!* This truth shines a light on people and exposes who the tares are. Wheat ALWAYS react the same way, they immediately investigate to PROVE if this is true or not, find out it is and start warning their brothers and sisters because they LOVE truth and OBEY God's commandment to "prove all things". Tares ALWAYS react the same way too, they quote scriptures and argue instead of looking into the videos offered as proof. The tares are being divided from the wheat and the famine for hearing the words of God has been sent! Our bibles will never be taken from us like we used to believe, they have all just been changed by Satan into his "rat poison." Rat poison is 99.95% corn, and even though the rats love it, it is 100% fatal for every rat that eats it. If you are still reading ANY bible now without knowing a LOT about what the thousands of supernatural

changes in it are, Satan is laughing at you! Soon Amos 8:12 will be fulfilled like 8:11 already has, because they are going to cut our lights! The ONLY place you can still find God's words without risking reading some of Satan's mixed in unaware is in the videos DOCUMENTING the changes or in written lists of the documented changes like the one at the web site (amos ate dot oh are gee) I urge EVERYONE to open up your bible and watch as many as you can NOW! There will be time to read Satan's rat poison later if you want. I will never read mine again, and haven't for 6 years. It gives me the creeps just looking at it like looking at a Ouija board on my bookshelf or something, so it will stay in a box in my closet. I learned so much about this it disgusts me! There are thousands of changes, they're on every page, many are ridiculously obvious and

blasphemous, and they are ongoing!! The first 14 short films are just about Isaiah 11:6, and could easily prove it was changed in any court of law in the world. Open any bible to that verse (this is one of the two universal changes, the other is Luke 19:27) and watch those films. I don't make films btw, they were made by 6 other true followers of Jesus (TRUTH) who researched to find "residue" showing that it used to say "LION" instead of "wolf". Watch all of the rest of the films for a good understanding of how this is perfectly fulfilling many end time prophecies that we had all previously misinterpreted simply because we had no idea they would be fulfilled supernaturally. It's funny how many people who claim to believe the bible just scoff if you talk about the supernatural. LOL But when people see absolute proof of this with their own eyes, their faith is strengthened greatly! You can read some of their testimonies on my COMMUNITY page. Here are a couple examples of the replies I receive from the "wheat"... Hello Residue Junkie, my name is Tamara Dobson. God lead me to you through a call for an uprising. I just wanted you to know how blessed I have been through finding you. For awhile I thought I was losing my mind, because of the things that I was seeing and experiencing, that so many around me were apparently not seeing. And I couldn't understand how or why that would be, unless maybe, I was in fact losing my mind. About 2 years ago I was diagnosed with white matter disease, which I thought was a completely ridiculous notion, however alzheimers and dementia, as well as a vast laundry list of other mental degenerative disorders are associated with it. So I thought it was at least possible, however, that never set right with my spirit. Any way, I was thinking about you and hoping all is well with you and yours. I remember you mentioned that your health is not the best and I hope you are feeling better. But I mostly hope you're in good spirits and your faith is still strong . Much love and many prayers for you and yours, & God willing, I hope to meet you someday, so I can hug you and thank you in person for restoring & strengthening my faith . john oz Yes residue junkie I was a backsliden Pastor, away from God for over 25 years. When I found out that Isaiah 11:6 had supernaturaly changed from a lion to a wolf. It spun me out, and as a result it brought me back to Christ. I have been back in the arms of Jesus for 12 months now. I see changes in the bible constantly now. For example, you can not find the words, "hallelujah, demons or wineskins" in the Old KJV bible anymore. Too many changes to go into. In Gen 1:1, the word heavens has changed to heaven. It no longer

has the letter s in the word.... To see proof of many of the changes plus all of the end time prophecies this is perfectly fulfilling, and to receive the greatest strengthening of faith you ever had, type in PROOF OF BIBLE CHANGE RESIDUE JUNKIE. God bless you all!!! https://youtube.com/playlist?list=PL6jqQQLDUKSzqfchW2-t42mEyjHWuzBnd Everyone will learn about this eventually, I'm simply trying to keep as many as I can from learning about it at the Gate. 

 P.S. If you don't believe the  is the mark, just watch these! After people have taken all the shots they will apply a quantum dot invisible tattoo on their hand or forehead, but the mark is already in them after the first shot and when they go to any airport, they already know if you have it. So many believers who thought they would have to know they were receiving the mark, or that they would have been "raptured" before it could happen have already taken it...so terribly sad! https://rumble.com/vn2l6c-conversation-on-covid-vaccines-from-health-and-freedom-conference.html https://youtu.be/8xtO87sRDbE

If you want to dry them in the oven, preheat the oven to 300F (150 Celsius), spread the eggshells evenly on a baking sheet and bake for 5 to 7 minutes. The eggshells will mostly retain their color (white or brown), but may have a light tint, which is fine. Allow the eggshells to cool and then grind them.

Saul Alinsky's 12-Step Community Organizing Program:

1. Power is not only what you have but what the enemy thinks you have.
2. Never go outside the expertise of your people.
3. Whenever possible, go outside the expertise of the enemy.
4. Make the enemy live by its own book of rules.
5. Ridicule is man's most potent weapon.
6. A good tactic is one your people enjoy.
7. A tactic that drags on too long becomes a drag.
8. Keep the pressure on. Never let up.
9. The threat is usually more terrifying than the thing itself.
10. If you push a negative hard enough, it will push through and become a positive.
11. The price of a successful attack is a constructive alternative by the enemy.
12. Pick the target, freeze it, personalize it and polarize it.

God did not create viruses nor evil bacteria. He did not give mankind the ability to do so either. LT, those biolabs are not creating pathogenic creatures as weapons. They are more than likely doing very bad things with & to babies & children (adrenochrome harvesting?). Remember when Q said some information would be too terrible to reveal? Whatever they are getting up to in those labs, they are not creating viruses or spike proteins. When you cotton on to this you will no longer be afraid of sick people.

I was born & raised in Dayton, Ohio. I know very well the shock one feels when they first hear of the scientific fact that Big Pharma took over the medical & science industry back in the early 1900s. They did so for the simple, greedy, sinful purpose of making obscene profits on the Germ Theory fraud by selling toxic medications and unnecessary, toxic vaccines. I know it's hard to swallow, but I made a simple video presentation that explains it clearly:

https://rumble.com/v149k58-the-big-pharma-and-deep-state-scam-about-viruses-and-the-germ-theory.html

I also made a video for CHRISTIANS last year: https://rumble.com/vg13cd-oh-ye-christian-patriots-do-gods-creations-need-vaccines.html

I don't expect anyone to "believe" me. I expect to trigger you to investigate it. Afterall, those who deny this fact are FAUCI & CDC & WHO & CNN & WashPo & NYT & BBC -- all the mainstream news & medical agencies. Why would they tell you the truth about this if you know they lie about everything else?

I can walk you through this on the phone (I will pay for the call; I live in England) or by email or by video conferencing. If you don't want to talk to me, you can talk to the doctors & scientists who taught me: Dr. Stefan Lanka, Dr. Tom Cowan, Amandha Vollmer, Dr. Sam Bailey, and Dr. Andrew Kaufman. If you search Google for those names, you will see that they are SMEARED and are dismissed as "virus-deniers". Why smear someone if they are harmless and not over the target?

The Left wing powers that be are assaulting and battering humanity with their concoctions and pseudo science designed to bring harm to us. God cannot step in too soon to correct these vile matters. I'm pretty sure that day is near at hand.

(Matthew 24:32, 33) . . .“Now learn this illustration from the fig tree: Just as soon as its young branch grows tender and sprouts its leaves, you know that summer is near. 33 Likewise also you, when you see all these things, know that he is near at the doors. . .

> I believe that massive divine intervention may be right around the corner. Some saints and holy men have predicted that there will be three days of darkness in which the entire earth grows dark and the wicked are cleansed from the earth. None of these holy men predicted just when these three days of darkness would take place, but looking at the current state of the world, it may be very soon.

Atomic_Rooster disqus_eEbPU3IGDU • 4 hours ago

You can be assured that Christ is soon to move into action to cleanse the earth. He told us how to tell when it would be. A few scriptures.

Matthew 24:32-42) . . .“Now learn this illustration from the fig tree: Just as soon as its young branch grows tender and sprouts its leaves, you know that summer is near. 33 Likewise also you, when you see all these things, know that he is near at the doors. ..36 “Concerning that day and hour nobody knows, neither the angels of the heavens nor the Son, but only the Father. 37 For just as the days of Noah were, so the presence of the Son of man will be. 38 For as they were in those days before the Flood, eating and drinking, men marrying and women being given in marriage, until the day that Noah entered into the ark, 39 and they took no note until the Flood came and swept them all away, so the presence of the Son of man will be. 40 .. 42 Keep on the watch, therefore, because you do not know on what day your Lord is coming.

(2 Thessalonians 1:7-10) . . .But you who suffer tribulation will be given relief along with us at the revelation of the Lord Jesus from heaven with his powerful angels 8 in a flaming fire, as he brings vengeance on those who do not know God and those who do not obey the good news about our Lord Jesus. 9 These very ones will undergo the judicial punishment of everlasting destruction from before the Lord and from the glory of his strength, 10 at the time when he comes to be glorified in connection with his holy ones and to be regarded in that day with wonder among all those who exercised faith. . .

No "huge wave of innovation" in solar/wind coming. That is in our past! We have been improving these technologies since the 1970s, as long as the microcomputer and a bit longer than the cell phone. For example, there is no way we could increase the efficiency of solar or wind another 50% because it is already too close to limits imposed by physics. Batteries for storage or transport are much the same story. Mature 19th century technology. Even the advanced battery technology has been

under continuous development since the early 1980s. The technology is mature and the big breakthroughs are in the past. The sharp fall in battery costs in recent years was mostly due to one time factors rather than technical improvements and are very unlikely to resume. Another problem with these technologies - solar, wind, batteries - is that, if you try to scale them up, they become HUGELY materials intensive. The environmental destruction and international political problems aside, it is unlikely we even have the necessary mineral reserves to replace fossil fuels with these technologies. In addition, storage -- any kind of storage -- to make the solar/wind power suitable for baseload grid power reduces the already modest EROEI to a hopelessly low level. "reducing complexity in this area" to avoid collapse -- reducing complexity IS collapse. Collapse is just a large reduction in complexity. And above is a far from comprehensive list of problems with these energy technologies. https://www.youtube.com/watch?v=kZA9Hnp3aV4 energyskeptic.com peakoilbarrel.com ourfiniteworld.com https://dothemath.ucsd.edu/ [inactive, but read "most popular posts" in the right hand margin] http://euanmearns.com/ [inactive, but good archives] http://theoildrum.com/special/archives https://www.tech-pundit.com/reports/ oilprice.com [recent energy related news] https://dieoff.com/ https://thesenecaeffect.blogspot.com/ https://www.clubofrome.org/publication/the-limits-to-growth/ https://kunstler.com/

Try carrots in deep buckets . Mix the soil with building sand and the carrots have to put down big roots to get to the water and nutrients . Make your own excellent fertilizer (1) 10 gallon bucket with lid - half fill up with pref rain water . (2) add half a can of molasses + 1 carton Greek natural yoghurt . (3) add all organic matter - veg / fruit peelings / weeds - anything . (4) leave for 3 or 4 weeks opening lid every few days to vent fermentation gasses . (5) use a ratio of the liquid - 1 part fertilizer to 10 parts pref rain water . (6) use once per week - results are amazing . Also . (1) keep egg shells , dry them (2) put them in blender - not only will it render them to a fine powder , it will also sharpen the blades of the blender (3) use the powdered shells in your compost heap . Also (1) get waste wood or gather old wood from forests . (2) burn in a steel barrel . (3) sprinkle the ashes on your soil just before you water your plants - it’s a great source of potash

Even though most were taught that the bible can never be changed and that God wouldn't allow it, He actually only promised to protect His word until the last days. Daniel 12:4 & 12:9 and Revelation 22:10 He promised to send a famine for hearing His word in the last days too, and that we won't be able to find it anywhere in Amos 8:11-12. In Daniel 7:25 God said that He would give the AC power to "change times and laws" for a short time which we now know meant history, laws of physics and scripture. The famine for hearing God's word has already been sent! Because when hearing "pastors" today, you're hearing some of Satan's words mixed in with God's words *UNAWARE!* This truth shines a light on people and exposes who the tares are. Wheat ALWAYS react the same way, they immediately investigate to PROVE if this is true or not, find out it is and start warning their brothers and sisters because they LOVE truth and OBEY God's commandment to "prove all things". Tares ALWAYS react the same way too, they quote scriptures and argue instead of looking into the videos offered as proof. The tares are being divided from the wheat and the famine for hearing the words of God has been sent! Our bibles will never be taken from us like we used to believe, they have all just been changed by Satan into his "rat poison." Rat poison is 99.95% corn, and even though the rats love it, it is 100% fatal for every rat that eats it. If you are still reading ANY bible now without knowing a LOT about what the thousands of supernatural changes in it are, Satan is laughing at you! Soon Amos 8:12 will be fulfilled like 8:11 already has, because they are going to cut our lights! The ONLY place you can still find God's words without risking reading some of Satan's mixed in unaware is in the videos DOCUMENTING the changes or in written lists of the documented changes like the one at the web site (amos ate dot oh are gee) I urge EVERYONE to open up your bible and watch as many as you can NOW! There will be time to read Satan's rat poison later if you want. I will never read mine again, and haven't for 6 years. It gives me the creeps just looking at it like looking at a Ouija board on my bookshelf or something, so it will stay in a box in my closet. I learned so much about this it disgusts me! There are thousands of changes, they're on every page, many are ridiculously obvious and

blasphemous, and they are ongoing!! The first 14 short films are just about Isaiah 11:6, and could easily prove it was changed in any court of law in the world. Open any bible to that verse (this is one of the two universal changes, the other is Luke 19:27) and watch those films. I don't make films btw, they were made by 6 other true followers of Jesus (TRUTH) who researched to find "residue" showing that it used to say "LION" instead of "wolf". Watch all of the rest of the films for a good understanding of how this is perfectly fulfilling many end time prophecies that we had all previously misinterpreted simply because we had no idea they would be fulfilled supernaturally.

It's funny how many people who claim to believe the bible just scoff if you talk about the supernatural. LOL But when people see absolute proof of this with their own eyes, their faith is strengthened greatly! You can read some of their testimonies on my COMMUNITY page. Here are a couple examples of the replies I receive from the "wheat"... Hello Residue Junkie, my name is Tamara Dobson. God lead me to you through a call for an uprising. I just wanted you to know how blessed I have been through finding you. For awhile I thought I was losing my mind, because of the things that I was seeing and experiencing, that so many around me were apparently not seeing. And I couldn't understand how or why that would be, unless maybe, I was in fact losing my mind. About 2 years ago I was diagnosed with white matter disease, which I thought was a completely ridiculous notion, however alzheimers and dementia, as well as a vast laundry list of other mental degenerative disorders are associated with it. So I thought it was at least possible, however, that never set right with my spirit. Any way, I was thinking about you and hoping all is well with you and yours. I remember you mentioned that your health is not the best and I hope you are feeling better. But I mostly hope you're in good spirits and your faith is still strong . Much love and many prayers for you and yours, & God willing, I hope to meet you someday, so I can hug you and thank you in person for restoring & strengthening my faith . john oz Yes residue junkie I was a backsliden Pastor, away from God for over 25 years. When I found out that Isaiah 11:6 had supernaturaly changed from a lion to a wolf. It spun me out, and as a result it brought me back to Christ. I have been back in the arms of Jesus for 12 months now. I see changes in the bible constantly now. For example, you can not find the words, "hallelujah, demons or wineskins" in the Old KJV bible anymore. Too many changes to go into. In Gen 1:1, the word heavens has changed to heaven. It no longer has the letter s in the word.... To see proof of many of the changes plus all of the end time prophecies this is perfectly fulfilling, and to receive the greatest strengthening of faith you ever had, type in PROOF OF BIBLE CHANGE RESIDUE JUNKIE. God bless you all!!! https://youtube.com/playlist?list=PL6jqQQLDUKSzqfchW2-t42mEyjHWuzBnd Everyone will learn about this eventually, I'm simply trying to keep as many as I can from learning about it at the Gate.

P.S. If you don't believe the

is the mark, just watch these! After people have taken all the shots they will apply a quantum dot invisible tattoo on their hand or forehead, but the mark is already in them after the first shot and when they go to any airport, they already know if you have it. So many pre-trib believers who thought they would have to know they were receiving the mark, or that they would have been "raptured" before it could happen have already taken it...so terribly sad! https://rumble.com/vn2l6c-conversation-on-covid-vaccines-from-health-and-freedom-conference.html https://youtu.be/8xtO87sRDbE

The rapture is absolutely not in the Bible

Yes it is, it's in the Latin version, "Rapturo", and the Greek "Harpazo". Now you know the truth, no excuses.

==========

1 Thessalonians 4:16-17
(16) the dead in Christ will be the first to rise.
(17) After that, we who are alive and remain will be caught up together with them in the clouds to meet the Lord in the air.

---
1 Thessalonians 4 (Rapture/Harpazo)
Jesus appears in the heavens

Revelation 19 (2nd coming)
Jesus returns to earth.
---
1 Thessalonians 4 (Rapture/Harpazo)
Jesus returns "for" his Church

Revelation 19 (2nd coming)
Jesus returns "with" his Church
---
1 Thessalonians 4 (Rapture/Harpazo)
Jesus comes as a savior to deliver his Church from the wrath

Revelation 19 (2nd coming)
Jesus returns as a warrior coming against the enemies of God
---
1 Thessalonians 4 (Rapture/Harpazo)
Jesus appears in grace

Revelation 19 (2nd coming)
Jesus appears in wrath
---
1 Thessalonians 4 (Rapture/Harpazo)
Jesus appears as the Groom for the Bride ~ his Church.

Revelation 19 (2nd coming)
Jesus returns as the king of kings, lord of lords.
---
1 Thessalonians 1:10

“And to wait for his Son from heaven, whom he raised from the dead, even Jesus, which delivered us from the wrath to come.”

1 Thessalonians 5:9
“For God hath not appointed us to wrath, but to obtain salvation by our Lord Jesus Christ,”

When does the Tribulation start? The moment that the anti-Christ signs the treaty with Israel ~ after the Rapture.
==========

the only global governance in the Bible is through God, not the devil.

The 4th Beast with the Ten horns (Actually 11 "Little Horn") is led by the Anti-Christ given power by Satan who is the Prince of this world. Globalism is allowed by God and controlled by Satan for the End of Days to fulfill God's prophecy.

> The rapture was the theology of an 18th century bible huckster. The Bible is pretty straight forward. God does not want those of us who belong to him.....to be confused. The originator of the Rapture Theology John Nelson Darby told his followers that the rapture was coming within hours. When it turned out wrong he kept on preaching the bad news anyway. It was good for attendance which was Darby's primary interest. If a theology was not known and practiced by the early Church you can just about bet it's false.

     So, who's pushing who? We all know the US has "telegraphed" its intentions so many times in the past, and they are very carefully (and thoroughly) setting the population up to accept that a nuclear exchange will be initiated by Russia (of course no mention of the surrounding of Russia by fully nuclear-capable NATO assets). The facts of the Russian RESPONSE to NATO encirclement are very carefully ignored, but ignored at what cost?

     The SMO is but the overture to a far larger conflict, and it seems very likely that the US are at least planning for a nuclear exchange – however even a "limited" exchange might be catastrophic – for all of us.

     As a useful barometer of the US general mindset – have a brief look at this –

     https://www.youtube.com/watch?v=hG0ROjzgEA0

The Infographics Show is very much aimed at the “average” US person, and the graphical approach is particularly aimed at those who prefer to look at “pretty pictures” rather than read through text (and by extension, have to understand the meaning of such text).

It is enlightening (and rather scary) to read the 5000+ comments, the vast majority pro-USA interventionalism, and all spouting the “Russia Invaded” meme so very carefully cultivated by the Western MSM.

It’s like our leaders in the West are reading Orwell’s ‘1984’ as an instruction manual not a warning.

Here's a link to a recent discussion here on Substack about AIDS being 2 distinctly separate epidemics each following a tainted vaccine program:

(1) the experimental Hep B vax campaign in 1978 caused the (gay) AIDS epidemic in American cities, and

(2) the World Health Organization's "Smallpox Eradication" vaccine campaign in sub-Saharan Africa caused the separate (heterosexual) African AIDS epidemic ...

An interesting factoid came to light from this: Someone is memoryholing the fact that, under the auspices of Nunn-Lugar "threat reduction", Russia's premier biolab (a holdover from the Soviet Union's extensive bioweapons program) coordinated with Fort Detrick and the CDC to map the Monkeypox genome.

He even bombed a competitors aspirin factory!

"The Al-Shifa (الشفاء, Arabic for "healing") pharmaceutical factory in Khartoum North, Sudan, was constructed between 1992 and 1996 with components imported from Germany, India, Italy, Sweden, Switzerland, Thailand and the United States. It was opened on 12 July 1997 and bombed by the United States on 20 August 1998."

"The industrial complex was composed of four buildings. It was the largest pharmaceutical factory in Khartoum and employed over 300 workers, producing medicine both for human and veterinary use."

"The factory was destroyed in 1998 by a missile attack launched by the United States government, killing one employee and wounding eleven. The U.S. government claimed that the factory was used for the processing of VX nerve agent and that the owners of the plant had ties to the terrorist group al-Qaeda."

"These justifications for the bombing were disputed by the owners of the plant, the Sudanese government, and other governments. American officials later acknowledged "that the evidence that prompted President Clinton to order the missile strike on the Shifa plant was not as solid as first portrayed. Indeed, officials later said that there was no proof that the plant had been manufacturing or storing nerve gas, as initially suspected by the Americans, or had been linked to Osama bin Laden, who was a resident of Khartoum in the 1980s." The attack took place a week after the Monica Lewinsky scandal and two months after release of the film Wag the Dog, prompting some commentators to describe the attack as a

distraction for the public from the scandal." --Wiki

Former United States Secretary of Defense Donald Rumsfeld for comments in a press briefing. "Reports that say that something hasn't happened are always interesting to me, because as we know, there are known knowns; there are things we know we know. We also know there are known unknowns; that is to say we know there are some things we do not know. But there are also unknown unknowns — the ones we don't know we don't know."

Quotes

https://www.wikiwand.com/en/Historicist_interpretations_of_the_Book_of_RevelationOne of the most influential aspects of the early Protestant historicist paradigm was the assertion that scriptural identifiers of the Antichrist were matched only by the institution of the Papacy. Particular significance and concern were the Papal claims of authority over the Church through Apostolic Succession, and the State through the Divine Right of Kings. When the Papacy aspires to exercise authority beyond its religious realm into civil affairs, on account of the Papal claim to be the Vicar of Christ, then the institution was fulfilling the more perilous biblical indicators of the Antichrist. Martin Luther wrote this view into the Smalcald Articles of 1537; this view was not novel and had been leveled at various popes throughout the centuries, even by Roman Catholic saints.

Like most Protestant theologians of his time, Isaac Newton believed that the Papal Office (and not any one particular Pope) was the fulfillment of the Biblical predictions about Antichrist, whose rule is prophesied to last for 1,260 years.

See Egyptian Neter...Egyptian gods...nomarchs too...monarchs of the nomarchs...Queen Catherine's crown...

from wiki:

The Mandate of Heaven does not require a legitimate ruler to be of noble birth, depending instead on how well that person can rule. Chinese dynasties such as the Han and Ming were founded by men of common origins, but they were seen as having succeeded because they had gained the Mandate of Heaven. The concept is in some ways similar to the European concept of the divine right of kings; however, unlike the European concept, it does not confer an unconditional right to rule. Retaining the mandate is contingent on the just and able performance of the rulers and their heirs.

Note: "Jesus" returned to Earth in 1948, if one follows through thinking on Newton's observation: "Isaac Newton believed that the Papal Office (and not any one particular Pope) was the fulfillment of the Biblical predictions about Antichrist,"...the establishment of Israel in 1948, returned the "office" of the kingdom of Israel...granted now Israel doesnt wear the trappings of the ancient royal kingdom, but the archaeologists and Old Testament scholars are working together on that!...in Russia, much the same, Queen Catherine's crown awaits...

have moved on since 2013. This book usefully uncoveres the mechanism by which coordinated central banks robbed citizens to fund debt in a pre-2019 world.

Covid measures – the extended shuttering of the primary engine of inflation (the high street, or public consumption) aka lockdowns was required because in mid 2019 to early 2020 the entire Western monetary system began to implode under its own weight and required vast injections of cash to support. The US increased total global dollars in circulation by 82% in one year for example. So to stop hyperinflation all of us people under the ‘protective blanket’ of Western banking had to sit at home waiting for the huge corporations and financial institutions to settle this cash onto their books and balance sheets before we plebs were released back to our jobs and shopping.

The west could have managed to reopen the economy and unchoke supply chains IF the pre-2019 globalised system remained perfectly intact. And they could even have moved us smoothly towards a new financial system in which leakage of tax and government revenue could be totally controlled by a blockchain currency coupled with an I’d system.

Unfortunately, many people did not comply, funnily enough, and then Russia did their thing in Ukraine and China has artificially throttled supply because it is abundantly clear that a totally globalised system as envisioned by the rescuers of the 2019 financial crisis is not an equalising system but one that leverages the power of exclusion. In the emerging Western money bags post 2019 system, dissent and non compliance is impossible, and this applies to individuals and nations.

Russia is not truly threatened by nato. It is not threatened by Ukraine. It is threatened by the coming banking/id system the continued vehement anti sovereign character of which began to accelerate violently against people and nations under the guise of covid (for example, had the Western vax pass system been allowed to complete, the non recognition of sputnik vaccine effectively excluded russians from travel to the west). This is the coming crisis that Putin has acted against. A banking system that requires total control over all scales of sovereignty.

So not just a few days ahead of an attack on dombas but a few years ahead of the western institutions loudly broadcast plans for the eradication of personal and national sovereignty, Russia and China have attacked the very root of the problem – the western banking system itself – by breaking their ability to control inflation by transforming inflation from a deliberate controlled monetary phonomenon to a supply problem that is entirely out of western control. It was an extraordinary piece of strategic timing.

The Western debt based system, saved by massive liquidity injections over the last 2 years and leading us towards a watertight system of omniscient control, is now facing the need to a) raise interest rates and collapse the credit/ debt /bond system or b) do nothing and collapse the system.

This is the heart of this war in Ukraine. We are seeing a new iron wall being drawn and behind it we will have our totalitarian jabbed lgbtq pay to play economy, and then on the other side the only viable alternative to fiat system which is currency backed by raw material and productive value.

I would like to hear an economist explain how the Western globalised system continues to control material and supply derived inflation when they have no control of material supply.

I don’t think they can. At least, it until they have resecured supply. Which is why my prediction of all this has been from the outset not a war between Russia and the west but the re-emergence of regional imperial control – the EU and UK are going to recollonise Africa and the US is going to colonise S America. Middle East energy is more or less secondary from now on to other limiting factors.

Inflation consequences for 10 years, minimum.

"[Very] soon, every American will be required to register their biological property in a National system designed to keep track of the people and that will operate under the ancient system of pledging. By such methodology, we can compel people to submit to our agenda, which will affect our security as a chargeback for our fiat paper currency. Every American will be forced to register or suffer not being able to work and earn a living. They will be our chattel, and we will hold the security interest over them forever, by operation of the law merchant under the scheme of secured transactions. Americans, by unknowingly or unwittingly delivering the bills of lading to us will be rendered bankrupt and insolvent, forever to remain economic slaves through taxation, secured by their pledges. They will be stripped of their rights and given a commercial value designed to make us a profit and they will be none the wiser, for not one man in a million could ever figure our plans and, if by accident one or two would figure it out, we have in our arsenal plausible deniability. After all, this is the only logical way to fund government, by floating liens and debt to the registrants in the form of benefits and privileges. This will inevitably reap to us huge profits beyond our wildest expectations and leave every American a contributor to this fraud which we will call "Social Insurance." Without realizing it, every American will insure us for any loss we may incur and in this manner; every American will unknowingly be our servant, however begrudgingly. The people will become helpless and without any hope for their redemption and, we will employ the high office of the President of our dummy corporation to foment this plot against America."

Great content, as usual Jae 7's are obviously very important, prominent numbers in Revelations. They're prominent throughout scripture and books removed from the canon, such as Enoch. As you know I've looked into "Nibiru" heavily since January. That rabbit hole lead me to Nimrod but I knew my digging wasn't complete. Something was missing. Then it came to me. Nibiru is the Golden censer event in Revelations. When you view Nibiru on soho devices or through a telescope there's an indentation or crater at the top of it. It's so prominent that it shows up in regular footage from FAA weather cameras. I believe this indentation or crater is its "mark" or more fitting, it's "crown." This crown in Strong's is an ornament around the head. "The golden alter was burning by the prayers of the saints (Rev.8:3) then the angel took the censer filled it with fire from the alter and threw it on the earth.." The censer, which breaks in 2 hitting land (bottomless pit) and the sea. It brings burning hail, burning mountain, falling stars and darkness. Thats first 4 trumpets. After the impact are the last 3 trumpets. Revelation 10 describes a powerful angel wrapped in a cloud, rainbow above his head, face like the sun and legs like pillars of fire. Right foot on the sea and left foot on land. Refer back to it breaking in 2 and hitting the sea & land (bottomless pit). That's where it's legs end up. Scripture tells us angels are stars and stars are messengers. This angel is the golden censer that makes up the 7 trumpets and faces Jerusalem. He has a message which the prophets wanted to know the timing of. His message is the mystery of God will be completed when the 7th trumpet is ready. Further in Chapter 10 thus angel told John to rise from the dead and measure the church. He's told to take the scroll and eat it although it will make his stomach bitter it's as sweet as honey in his mouth. Ezekiel 3 says this very same thing and after Ezekiel ate it it says he went "bitterly" to Israel. We know of a star that falls to earth named Wormwood. Wormwood is a bitter plant but also translates to "chernobyl." Strongs Concordance tells us it also means "very sad/ bitter results." So a star, aka messenger named Wormwood falls to earth. Could this be John who was told to rise from the dead and eat the scroll? Maybe John & Ezekiel are the 2 witnesses? Back to the 7 trumpets. One leg of angel land in the bottomless pit, which is a here Apollyon is imprisoned. The impact of the leg on land into the bottomless pit attributes to the beast being released. The 2 witnesses prophecy to Jerusalem which invokes the beast so when he's released he kills them. This is when the mystery of God was fulfilled. "A loud voice from heaven said 'come up here!' So the two witnesses went up to heaven in a cloud. Just then a major earthquake took place, and a tenth of the city collapsed, 7,000 people were killed and the rest gave glory to God." Jerusalem FINALLY accepted God, after thousands of years of disobedience. The last 3 trumpets are the bottomless pit, the conversion of Jerusalem and The calamity of zion & Babylon. Revelation 12 tells us a great sign appears in the heavens which is the celestial alignment that also took place on September 11, -2 BC. This was Christ's birth day. Enoch tells us about 7

dark stars. I don't think these are the Pleiades, which is what modern translations would have us believe. If that's who he was referring to not only would be not label them as "dark" but he would mention them by name, like how scripture referenced Orion by name. (I believe these 7 stars are responsible for eclipses but that'd another story). Nibiru just so happens to have 7 "moons" or "satellites" in tow. It's believed these dark star emit light outside the visible spectrum, therefore visible to the naked eye. But there's footage of them eclipsing the sun. They are also described in other religious texts and some even named them. Rahu & Ketu for instance. I believe Nibiru is the angel with the golden censer and it's moons are the angels with the 7 trumpets. I believe these 7 stars will be what block out the sun and moon, like they do during eclipses. Amos 5:8 may also be referring to these dark stars creating eclipses. Revelations and Enoch both say "something like a mountain was cast.." which you also picked up on. I think the something like a mountain was a celestial object. The smoke goes back to the golden censer, burning with incense. Of course I don't have nowhere near all the answers for everything described and what little I have mentioned may be completely wrong. But it fits when you look at with Nibiru in mind. I must say I don't believe Sitchin's translations of the sumerian tablets, in that "Nibiru is home to the Annunaki who created mankind as a slave race to mine gold." It's important and encouraged by scripture to share our thoughts with one another, iron sharpens iron. So I appreciate you for everything you do. You've helped me tremendously, I'll forever be thankful for you. I try to take scripture literally, as much as possible. I'm a firm believer that earth is stationary, set upon pillars, shaped like clay under a seal with an impenetrable dome made of molten glass. So how could my theory make sense with Nibiru, or any celestial objects falling to earth if there's a dome? The Testament of Solomon tells us what falling stars, comets, etc are. And John told us the golden censer came about by the prayers of the saints. I believe Nibiru has always been here, we just couldn't see it until the golden alter filled with prayers, bringing it out of the darkness and into the light.

Thank you for the effort to add that scripture. Couple of things I took out of that. September 11th I knew that God's birth was sometime in the spring. The other thing was that all stars are angels. Which makes sense. Because there's 8 billion people on earth. And there's an angel for each person. Plus there's multitude of other angels to do God's work. The signs are everywhere. We need to ponder and pray.

God give personal revelation to each person; who humbles themselves. God bless you and thank you for your effort again.

@sl j Dr. Michael Heiser and also Rob Skiba made a really good argument for September 11, 3 BC being Christ's birthday. They went into detail about the celestial alignment that took place on that day which is also described in Revelation 12. Then they break down all the festivities, such as Feast of Tabernacles, Feast of Trumpets, etc. There's more but I'm not trying to write a novel this time (If we look at the "elite" and their symbolism for 9/11 it only adds more validity for me. Also, it's curious that Ethiopia, for instance, celebrates their "new year" on this date, & 8 years behind us (2022~2014). I think I mentioned this originally, but when I started looking into Nibiru it lead me to Nimrod, which lead to other names (lives) he had. Revelation 17:11 tells us "And the beast that was, and is not, even he is the eighth, and is of the seven, and goes into perdition." All pages holidays are in celebration of Nimrod, including December 25. Other names he had were Gilgamesh, Orion, Osiris & Apollo (Apollyon). He is the AC, hence the deceptions in fooling the masses into celebrating him instead of Christ. 9/11/01 was used in large part to recover the body of Gilgamesh from Iraq, along with over 3,000 ancient artifacts (cuneiform tablets) all on the topic of reincarnation, rebirth. I'm assuming they need all 7 bodies to make the 8th and I believe cern plays a huge part in it. The tomb of Osiris was discovered in September 1999 and supposedly the tomb of Apollo (short for Apollyon) is located under cern. Several US Presidents have made speeches on September 11th, each time making a point to mention a "New World Order." They're Satan's seed and a NWO is how they'll be "successful" in causing so many to take the mark. May 22 world leaders and the "elite" will gather in Davos with the theme being "a turning point in history" or something along those lines. On may 22 (if I'm not mistaken) they are going to gather to vote an "international treaty on pandemic prevention and preparedness" which will essentially allow the WHO to facilitate everyone's "heath matters." A church has already been built to house a one world

religion. Anyway, there's so much currently happening. Like you said we must pray, and be ready  and thank you. Stay blessed.

You hit that spot on! When the Earth's magnetic field is weakened to a great extent the influx and bombardment of cosmic radiation and possibly a major solar flare or micro-nova from the Sun impacting the Earth's diminished magnetic field would absolutely translate to an audible noise and a serious light show. This is all in line with the ending of this 12,000 year cycle and these types of events are described in history including cave drawing & similar. We are approx. 20 - 30 years from this event occurring. Always appreciate hearing all interpretations of Revelations as well! I'd also like to add that if the Sun were to "micro-nova" in the direction of the Earth, the ejecta coming from the Sun impacting and penetrating the Earth's atmosphere could appear to be in the form of massive meteorites etc..., people never seem to consider this as a possibility. Not to mention that the nova would created a shell or cloud around the Sun, which would block Sunlight from the Earth for a period of time.

Greg Eck info: Website: https://www.watchmanscorner.org Website: https://www.gregoryeck.com Truth Social: @GEck892999 In the Bible, a watchman was called by God to “watch” – to stay awake and essentially perform what the military calls “guard duty”. Soldiers on guard duty are stationed along the perimeter of the camp to protect the force; to provide security and early

warning against impending danger. Long before telecommunications, the watchman would bring word of what he saw or heard to the army or to the nation (2 Sam. 18:24).

The watchman would “watch and pray” (Mat. 26:41; Mark 13:33), meaning pray intercessory prayers, as the Lord leads, for God’s people, for the nations, and for the advancement of God’s kingdom, will, and purposes in the earth...

lot of central air conditioning units are badly designed…. condensor heat exchanger in a turb or box shape with a fan on top… whats wrong with that? Well there’s nothing stopping the warm air, which the fan is also tending to throw outward a bit centrifugally as much as pushing it perpendicularly away, circling back into the tops of the condensors. You get in effect a circulating donut of warm air round the top of the thing. Meaning only half the condensor is working very well, the bottom half getting cooler air, not the top half getting pre-heated air.

So… I get some used tires, cut out half to 2/3 of the depth of the sidewall out with a sharp knife… enough to make a hole that matches the fan diameter on top of the unit, but leaving enough so the tire mostly holds it’s shape. Then stack them on top of the unit (If it’s in view of the neighbours you might have bylaw or HOA problems, unless it’s only one neighbour who is

chill) … this gives you a kind of duct/chimney to keep the hot air separated better from the fresh air.

With just a stack of 2 tires, I think they are 235/75R15 or thereabout, my AC bills dropped A LOT, and my unit was no longer struggling on the super hottest days, the ones they say are breaking records etc etc.

Who Is “the Alpha and the Omega”? IN THE most ancient Greek manuscripts of the book of Revelation, the expression “the Alpha and the Omega” appears three times. Does this designation, as many believe, apply both to the Almighty God, Jehovah, and to his Son Jesus Christ? Just what is the significance of the title “the Alpha and the Omega”? The word “alpha” is the name for the first letter of the Greek alphabet, whereas the term “omega” designates the last letter of the Greek alphabet. Hence, in itself, the title “the Alpha and the Omega” conveys the idea of the start and the finish or completion of a thing. The personage who is so designated would, therefore, be viewed as the beginner of certain things and the one who brings these things to a successful conclusion. Based on what is revealed in the Hebrew Scriptures, the title “the Alpha and the Omega” would certainly fit Jehovah God. At Isaiah 55:10, 11, for example, we are told: “Just as the pouring rain descends, and the snow, from the heavens and does not return to that place, unless it actually saturates the earth and makes it produce and sprout, and seed is actually given to the sower and bread to the eater, so my word that goes forth from my mouth will prove to be. It will not return to me without results, but it will certainly do that in which I have delighted, and it will have certain success in that for which I have sent it.” How forcefully this emphasizes that whatever Jehovah God expresses will be brought to a successful finish! Water falling in the form of rain or snow eventually filters down into the soil, there to combine with nutrients. In this way the precipitation furnishes what is needed for plant growth. In the case of grain, some of the seed may be set aside for sowing in the next season, and a far larger portion may be ground into flour for making bread. Thus the ultimate purpose of the precipitation is realized—seed is given to the sower and bread to the eater. Likewise, whatever Jehovah God, as the Beginner, sets in motion by his word always is brought to a successful end. But does the title “the Alpha and the Omega” apply exclusively to Jehovah God? To answer this question, we must examine the context in which this designation appears. Revelation 1:8 states: “The Lord God says, ‘I am the Alpha and the Omega, the One who is and who was and who is to come, the Almighty!’” (The New American Bible) Clearly, the reference here is to the Most High God Jehovah. While Jesus Christ is referred to in the previous verse as “coming with the clouds,” the words of Revelation 1:8 and the surrounding verses show that he could not be “the Alpha and the Omega.” In the Scriptures, only the Father of the Lord Jesus Christ is spoken of as “the Lord God” and as the “Almighty.” Jesus Christ even refers to his Father as “my God.” (John 20:17; Rev. 3:12) According to Revelation 1:1, the revelation was given to Jesus Christ by God. Hence, we should expect the words of the Almighty God to be quoted in the account. The first reference to “the Alpha and the Omega” is manifestly an example of this. Moreover, in the very next verse, the writer of the book of Revelation, the apostle John, says: “I . . . came to be in the isle that is called Patmos for speaking about God and bearing witness to Jesus.” (Rev. 1:9) This provides additional confirmation that John understood God to be the Father of the Lord Jesus Christ. In what sense is Jehovah God “the One who is and who was and who is to come”? Being the eternal God, Jehovah has

at all times been the Almighty. (Ps. 90:2) So, in the indefinite past, he was the Most High. Furthermore, he continues to be the Almighty God and will come in that capacity to execute his judgment. As shown in other parts of the book of Revelation, Jehovah God will display his all-powerfulness at the time that his Son destroys all opposers of his sovereignty.—Rev. 16:14; 19:13-16. The next occurrence of the title “the Alpha and the Omega” is found at Revelation 21:6. In the following verse, the One who applies this title to himself says: “Anyone conquering will inherit these things, and I shall be his God and he will be my son.” Since Jesus Christ speaks of himself as a “brother” of these conquerors, it is the Father of the Lord Jesus Christ who is referring to himself as “the Alpha and the Omega.”—Compare Matthew 25:40; Hebrews 2:10-12. Finally, at Revelation 22:12, 13, we read: “Look! I am coming quickly, and the reward I give is with me, to render to each one as his work is. I am the Alpha and the Omega, the first and the last, the beginning and the end.” This quotation appears among others that are ascribed to an angel and to Jesus Christ. Before these words are quoted in the book of Revelation, the angel who was instrumental in presenting the revelation to the apostle John spoke. (Rev. 22:8, 9) Then, after the quotation that begins with Revelation 22:12 and ends with the words of verse 15, we find the statement: “I, Jesus, sent my angel.” (Rev. 22:16) Since the context does not necessitate our attributing the words of Revelation 22:12, 13 either to the angel or to Jesus, they could have originated with another speaker. Consistent with the rest of the book of Revelation, “the Alpha and the Omega” must be the Almighty God. He is the One who comes in the capacity of a judge to reward and to punish individuals according to their works. The thought expressed at Revelation 22:12 also harmonizes with what the apostle Paul wrote. He stated: “According to your hardness and unrepentant heart you are storing up wrath for yourself on the day of wrath and of the revealing of God’s righteous judgment. And he will render to each one according to his works: everlasting life to those who are seeking glory and honor and incorruptibleness by endurance in work that is good; however, for those who are contentious and who disobey the truth but obey unrighteousness there will be wrath and anger, tribulation and distress, upon the soul of every man who works what is injurious, of the Jew first and also of the Greek; but glory and honor and peace for everyone who works what is good, for the Jew first and also for the Greek.” (Rom. 2:5-10) Of course, the judgment will be expressed by Jehovah God through his Son, for the apostle also says: “This will be in the day when God through Christ Jesus judges the secret things of mankind.”—Rom. 2:16. The fact that Jehovah God speaks of himself as “the Alpha and the Omega” gives us the assurance that what he has purposed will come to a successful realization. This should prompt us to do our utmost to be found approved by him. Our reward will then be certain, for the Bible tells us: “God is not unrighteous so as to forget your work and the love you showed for his name.”—Heb. 6:10 Is Jesus Christ God Almighty?Today Jesus Christ is better known than even the Roman Caesars who ruled during his lifetime. In fact, churches commonly teach that he is God. But is this true? Is Jesus really Almighty God? It is vital that we know. For if Jesus is not God, and yet one worships him as if he were, think what that means. One would be worshiping someone other than Almighty God. Surely that would be displeasing to the Creator! So let us examine carefully what personal acquaintances of Jesus said regarding his identity. Testimony of Acquaintances Showing that Jesus was clearly no ordinary person, an angel announced in advance his conception and birth, saying: “This one will be great and will be called Son of the Most High.” Notice that the angel said, not “God,” but “Son of the Most High.”—Luke 1:30-32. At thirty years of age Jesus presented himself to be baptized. On that occasion God’s own voice said: “This is

my Son, the beloved, whom I have approved.” And so John the Baptist, who witnessed the event, said of Jesus: “This one is the Son of God.”—Matt. 3:17; John 1:34. Jesus’ apostles and friends repeatedly identified him in this way. Said Nathanael: “Rabbi, you are the Son of God.” (John 1:49) Peter exclaimed: “You are the Christ, the Son of the living God.” (Matt. 16:16) Martha confessed: “You are the Christ, the Son of God.” (John 11:27) The apostle John wrote so people might believe that “Jesus is the Christ the Son of God.” (John 20:31) And of the apostle Paul’s ministry it is said: “He began to preach Jesus, that this One is the Son of God.”—Acts 9:20. Did Peter, Paul, John or any other of Jesus’ followers preach that he was God? No, from these scriptures it is clear that they taught he was God’s Son. Why Many Believe that Jesus Is God Why, then, do many religious people today believe that Jesus is God? It is due principally to the teaching of church leaders who, in the language of the fourth-century Nicene Creed, identified Jesus as ‘very God of very God, begotten not made, of one substance with the Father.’ Yet some persons may object that this is not so. Their belief, they claim, is based on the testimony of Jesus’ own apostles. This matter deserves our close attention, for apostles did refer to Jesus as “God.” But did they believe him to be the Almighty God? And did Jesus describe himself as “God”? Let us see. Jesus Called “God” First it is of interest to note, as does Canon Theologian of Coventry Cathedral H. W. Montefiore, that “very seldom indeed is Jesus called God in the New Testament.”1 In a lecture at the University of Manchester, visiting Professor of Theology G. H. Boobyer explained: “Some nine or ten passages occur in which Jesus is, or might be, alluded to as ‘God’ (‘theos’). . . . Two or three of these, however, are highly dubious, and, of the remainder, varying degrees of . . . uncertainty attach to all save one, which is Thomas’s adoring acclaim of the risen Jesus in John xx. 28 as ‘My Lord and my God!’ Distinguishing this passage from the others, Vincent Taylor—a moderately conservative scholar on christological problems—speaks of it as ‘the one clear ascription of Deity to Christ’ in the New Testament.”2 But does even this one apparently “clear ascription of Deity to Christ” prove that he is the Almighty God? John Martin Creed, as Professor of Divinity in the University of Cambridge, observed: “The adoring exclamation of St. Thomas ‘my Lord and my God’ (Joh. xx. 28) is still not quite the same as an address to Christ as being without qualification God, and it must be balanced by the words of the risen Christ himself to Mary Magdalene (v. Joh 20:17): ‘Go unto my brethren and say to them, I ascend unto my Father and your Father, and my God and your God.’”3 Thomas may have addressed Jesus as “God” in the qualified sense of his being “a god,” but not AlmightyGod. The Scriptures speak of spirit persons or angels as gods. For example, 2 Corinthians 4:4 says, “The god of this system of things has blinded the minds of the unbelievers.” Here the wicked angel Satan the Devil iscalled “god.” Also at that time powerful humans were commonly called “god.” For example, the Seleucid king Antiochus IV, who ruled from 175-163 B.C.E., styled himself Theos Epiphanes (“God Manifest”) on coins. And the first-century Roman emperor Domitian affected the honor of being “Lord and God.” The Bible, too, acknowledges powerful persons as “gods,” saying, “There are many ‘gods’ and many ‘lords.’”—1 Cor. 8:5; compare Psalm 82:1-7.

> 11 Be “careful that you do not forget the LORD your God, failing to
> observe his commands, his laws and his decrees that I am
> giving you this day. 12 Otherwise, when you eat and are
> satisfied, when you build fine houses and settle down, 13 and
> when your herds and flocks grow large and your silver and gold

increase and all you have is multiplied, [14]then your heart will become proud and you will forget the LORD your God, . . . “

MUSIC & THE BRAIN
Healing Powers
Listening to music can decrease anxiety, speed healing, increase optimism and decrease pain.
Incredible Memory for Sounds
Alzheimer's patients can recall and sing songs long after they've stopped recognizing names and faces. There is growing evidence that listening to music can help stimulate seemingly lost memories and even help restore some cognitive function.
Creativity Boost
Music boosts creative energies through the production of alpha and theta waves. Large influxes of alpha waves induce states of enhanced creativity while theta waves are associated with dreaming, learning and relaxing.
The key for boosting creative energies is to listen to the type of music you enjoy the most. If you want more inspiration inlanguage and mathematics it would make sense to listen to music with singing, while music without words stimulates more artistic and visual senses.
Music Taps Into Primal Fear
There are certain sounds that humans automatically associate with death because they tap into our evolutionary fear of the screams of other animals (and other human beings). Scientists have dubbed these "discordant noises"; any noise that makes you feel veery unpleasant falls into this category.
We know if we hear other living things making those discordant noises that we have to react because something bad is going to happen. Movie directors know this and make good use of it when deciding on the score for a film!
Babies Know Happy From Sad Songs
Babies as young as 5 months can distinguish an upbeat tune, such as "Ode to joy" from Beethoven's Ninth Symphony, from a lineup of gloomy tunes.
"Sound is a nutrient for the nervous system. Love your ears...they are much more important than you ever realized."
Prof. Dr. Alfred Tomati
The Mozart Effect
It's been thought that listening to classical music, particularly Mozart, enhances performance on cognitive tests. However, recent findings show that listening to any music that is personally enjoyable has positive effects on cognition.
Listening to music can make you learn better and has the power to enhance some kinds of higher brain function, such as reading and literacy skills, spatial-temporal reasoning, emotional intelligence and mathematical abilities - even children with attention deficit/hyperactivity disorder benefit in mathematics tests from listening to music beforehand.

We had the cavity drilled out and a filling put in by our local dentist. Two years later, the filling came out and a hole was left in her tooth. Nothing more was done about it except the herbal calcium formula [Herbal Calcium] that you recommend in your book, School of Natural Healing, made up of: comfrey, horsetail, oatstraw, and lobelia. Casein from cow milk.

Quinton hypertonic seawater

French physiologist and biologist René Quinton (1866-1925) discovered that ocean water is very similar in composition to human blood and made it into a drinkable "marine plasma". Sea water contains all the minerals and trace elements known to man - even gold - including sodium, magnesium, potassium, calcium, sulfur, bromine, boron, fluorine, phosphorus, lithium, zinc, iodine, manganese, iron, silver, cobalt, copper, carbon, silicon, vanadium, chromium, selenium, nickel, molybdenum, and tin.[10] The results of my research indicate that natural formulas can be made
which contain the NATURAL NUTRIENTS necessary to enable the teeth to
heal themselves. The best forms of minerals for this formula are chelated colloidal liquid minerals from ancient seabeds. Here’s the major natural NUTRIENTS needed for a tooth to heal itself:

- Phosphate ions,
- Magnesium,
- Calcium,
- Oxygen,
- Natural DNA stimulator (from a plant),

- a certain natural Protein Enzyme (from a plant)
- natural stem cell enhancement (from a plant)
  and water.

A formula I found has some of these natural nutrients and it is CLOSE
to the right proportions but not exactly right, nor does it have all the necessary nutrients. Here is the formula in case someone reading
this Report may be working on this natural healing of teeth and would
find this useful: (Ca10(PO4)6(OH)2)

Medical experts agree that it is not possible to obtain the necessary balanced nutrition from our everyday diet, unless we are willing to buy expensive organic products. Crops today grow in soil depleted of their natural nutrients and loaded with artificial fertilizers. So one has to depend on vitamin and mineral supplements to ensure good health and a strong immune system. Flax seed oil, Folic acid, Omega 3 oils, vitamins B, C, D, E, Saw Palmetto, L-Carnitine, Garlic and CoQ10 are some of the ingredients that we ourselves take as supplements to our normal diet. Only remember that while thousands of brands are available, some are superior to others.

Ingredients / Standards

Purified water, Fulvic Acid.

Less than 2 % of the following: Sulfur, Iron, Sodium, Magnesium, Calcium, Silicon, Phosphorus, Chloride, Potassium, Manganese, Zinc, Chromium, Vanadium, Iodine, Boron, Molybdenum, and Selenium, and 56 other naturally occurring trace elements, 30+ organic acids and 5 vitamins (Biotin/B7, Niacin/B3, Pyridoxine/B6, Vitamin C, Riboflavin/B2).

Quality Standards
Hexane-free. Cold water extracted. Produced in a Good Manufacturing Process certified facility.

Ingredient Benefits

- Powerful transporters of nutrients into (and waste out of) cells. Increases the uptake of the nutrients in what we consume.
- Detoxers that bind to toxins and help remove them from the body.
- Contains all trace minerals in their natural (non man made) form — crucial for whole body health.
- Vital to a host of cellular functions and aids in tooth remineralization.

Fulvic acid is a key component for optimal cellular metabolism, helping skin and mucosa to more efficiently take in nutrients. Helps heal, repair and regenerate skin.

- Boost brain function, reduce brain fog and enhance mental clarity.
- Improve immune response.
- Strengthen teeth and reduce sensitivity.
- Increase nutrient-absorption and digestion, stimulates metabolism.
- Improve gut health.
- Optimize body PH and disease resistance.

While this list may sound too good to be true, do a little research yourself and you will see. This article by Dr. Axe is a good place to start. Fulvic Acid offers a broad spectrum of key nutrients, in a pure, bioavailable form.

- **Calcium Bentonite Clay & Kaolin Clay:** (Edible/Therapeutic/Food grade. Certified GRAS. Filtered, unprocessed, and non-irradiated. Mined in USA. Rich in bioavailable minerals e.g. calcium, magnesium, silica, and potassium, all beneficial to teeth and gums. Mildly abrasive to gently polish, clean, and whiten teeth. Binds with toxins and harmful bacteria removing them from your mouth. Macrominerals to support tooth remineralization.
- **Baking Soda:** (Food grade, USP grade, aluminum-free) gentle stain remover. Increases alkalinity to help reduce demineralization.
- **Fulvic Acid/Mineral Complex:** (Water-based, chemical-free extraction. Independent 3rd party laboratory tested. cGMP certified, FDA Compliant) Rich in naturally occurring bioavailable trace & macro minerals, amino acids, and vitamins; vital to a host of cellular functions and aids in tooth remineralization.
- **Himalayan Sea Salt:** (Unprocessed, ethically sourced, Kosher Certified) naturally rich and macro and trace minerals and encourages salivation (your mouth's most powerful natural defense against decay).
- **Essential Oils of Peppermint, Cinnamon, Clove, Anise, and Tea Tree:** (Steam distilled. Made in the USA. GFSI and cGMP certified) these oils work together to reduce plaque, freshen breath, reduce inflammation, and fight cavities, bad bacteria, and viruses.
- https://vanman.shop/products/vanmans-miracle-tooth-powder-1

- **Egg Shell Powder** is loaded with calcium and other minerals, egg shells are a natural source for hydroxyapatite which has been shown to reverse early tooth decay
- **Bentonite Clay** is aged volcanic ash, and is shown to purify, detoxify, and alkalize the mouth
- **Activated Coconut Charcoal** acts to further detoxify your mouth and whiten teeth
- **Baking Soda** or "sodium bicarbonate" is shown to whiten and clean teeth while alkalizing the mouth
- **Pink Himalayan Sea Salt** is a natural bacteria killer and bonds to contaminants

Are You in a Predicament?

Is your life falling apart? Does everything you try fail? You keep failing? You keep failing? Do you try something else, when what you are doing comes to naught, just to see it fail too? Are your relationships with other people failing like everything else?

But your are sure if you keep trying, with knowledge and logical thinking ability, you will eventually solve your problems--that the law of averages will result in your ultimate success--that your innate abilities, coupled with your determination to succeed, will bring you out of this predicament. After all, you are a sane person with a good education and you do have the ability to solve your problems. You are self-sufficient. You have within you, all you really need. You will pick yourself up by your own bootstraps.

Right? Wrong! If you had the ability to get yourself out of this predicament, you wouldn't be in it.

There are those that can help you. Others have had experiences that you have not had. Others have had training in areas that you have not. It's just good wisdom to ask for help when it is needed.

According to the Bible, the first question ever asked by man was, "Am I my brother's keeper?" The Bible answers repeatedly, "yes;" we are our brother's keepers.

Dr. Willard Fuller has had extensive training in psychology and psychiatry that coupled with over forty years of counseling experience, makes him a much sought-after counselor. He sets no fee for his services. Counseling, like all other services of the Lively Stones Fellowship, is done on a free-will donation basis. No one is excluded for the lack of funds.

I mentioned this to my husband a few weeks ago and he asked how would they enforce that? Other countries don't have any idea how large the US is and that there are a lot of guns. I mentioned the UN and he laughed because most of the UN troops are US citizens. He brought up another point and that being DC is the only place inside the US that is not US soil. So they can control DC? We also don't have enough troops to cover the US.

I can attest to that, at age 70, 7 years on a #WFPB diet, with BMI 23, upping my vitamin D from my usual 2000 iu daily to 5000, some C, Zinc, Quercetin, and some NAC, lots of liquids and lots of insipid TV, I was over Covid in a week.

Isaiah 43
But now, this is what the Lord says—
he who created you, Jacob,
he who formed you, Israel:
“Do not fear, for I have redeemed you;
I have summoned you by name; you are mine.
2
When you pass through the waters,
I will be with you;
and when you pass through the rivers,
they will not sweep over you.
When you walk through the fire,
you will not be burned;
the flames will not set you ablaze.

“It’s the Azov battalion. They forced people out of their houses and into basements. Then tanks started shooting from here, from there,” a Mariupol resident shared her story with the film crew. Over 400,000 people in Mariupol had to go underground because they couldn’t leave the city. The film tracks stories of people who had to survive in Mariupol under Ukrainian shelling. Sheltering in cellars and watching Ukrainian tanks firing at residential buildings. They have all gone through hell and back. Now they’re happy to be alive and hope for a new beginning.

A Russian military officer drives across shelled Mariupol to distribute humanitarian aid. A volunteer from Texas, who came to Donbass eight years ago, as he refused to believe American propaganda, helps reunite families separated during the evacuation. A hieromonk who was taken hostage by Azov members and tortured miraculously survived and dedicated his life to studying the origins of nazism in Ukraine. A courageous OB-GYN who runs a maternity ward helped give birth to 25 women during the bombing.

Hundreds of people who got a chance to be evacuated lost connections with the rest of their families who stayed. With no cell service and internet connection, their only hope was to get a word through Russian soldiers who would find relatives and friends and relay their messages.

Old news no shock to Bible literate. Scariest for you in the climax of this satanic prequel to the optionally glorious sequel is "they will wish they can die but cannot." As Annapolis USMIL technology veteran entrepreneur legacy Bible teacher Dr. Chuck Missler urged before promoted to glory, "You're a heartbeat away from eternity," Gerald. "I set before you life & death." [Big Hint:] "Choose life." ~ God. Hope to c'ya! \☼/

! My son developed a fever and a sore throat, I immediately began giving him vitamin C and echinacea and colloidial silver. My mother-in-law suggested propolis, so I gave him that too. At first I was giving him 750mg every hour, after a day and a half he reached bowel tolerance and I lowered it to 500mg every hour, 24 hours later he again reached bowel tolerance. At this point his throat no longer hurt, he was playing like normal and his appetite` was back! I'm still giving him a little bit of vit C, but he seems totally over it! Yay!

Avoiding Antibiotics:
After getting down to the nitty gritty of strep throat infection and the possible severe risks, complications, syndromes of untreated streptococcal infection you'll have to make the decision for yourself. Do you take the antibiotics or not? I am assuming that you will already know the risks and problems associated with taking antibiotics. (especially the problem of recurrent infection and chronic conditions due to use of antibiotics). If you have decided to take the antibiotics, take them as prescribed even if all symptoms disappear continue the treatment course. You can't just change your mind and stop taking the antibiotics halfway through.

If you have decided to take alternate treatment options for strep throat, here are some. Keep in mind that if you wish, you can try the alternative treatments for a week, then take antibiotics if you feel you aren't making enough progress. What I have read so far seems to indicate that you have 10-12 days to get rid of the streptococcal infection before you run the risk of developing rheumatic fever. You can always take the antibiotics after a week if you feel you haven't improved or if you are rapidly getting worse. See someone **IMMEDIATELY** if you think you are developing a severe streptococcal syndrome/infection.

Alternatives to Antibiotics for Strep Throat:
If you do this, you need to take a variety of treatments eg. homeopathics, vitamins AND gargle regularly etc. One single remedy just won't cut it. The more you look after yourself the better you will get. I didn't list it below, but its one of the most important ones. SLEEP! Get plenty of rest and sleep! Nap for a short time during the day if you can!

Homeopathy
Recommended from a health book for children are;
Lachesis 30x or 9c, three times a day up to two days. (for sore throat on the

left or one that moves from left to right, throat and tonsils are dark red)

Lycopodium 30x or 9c, three times a day up to two days. (for sore throat on the right or one that moves from right to left, pain is worse during afternoon and early evening)

Phytolacca 30x or 9c, three times a day up to two days. (for very dark red throat, much pain with swallowing, swollen glands, pain that radiates to the ears)

Belladonna 30x or 9c, one dose every hour up to a total of 3 doses for as long as symptoms last. (for extremely red tonsils, throat, uvula, sore throat came on suddenly, fever, possible dilated pupils)

Apis mellifica 30x or 9c, every hour up to a total of four doses as long as symptoms last. (for swollen, red tonsils, sore throat that comes on suddenly, little thirst even with dry mucuous membranes, no coating on throat, possible red tongue)

For mild to moderate fever along with sore throat, take ***Ferrum phosphoricum*** 6x, three times daily until fever resolves.

Nutrients/Vitamins/Immune support- Take 5000mg or more Vitamin C daily. (less for a child) Take the powdered form and take 1/4 spoon 3 or 4 times a day. Best taken with juice.
- Take probiotic powders in lukewarm water (I add rice milk to my water to cover the foul taste of probiotics!) and swish in mouth and gargle before swallowing.
- Take zinc as directed on bottle. Excessive amounts of zinc will cause nausea/vomiting.
- Take Transfer Factor. For children under 2, half a capsule mixed with breastmilk or something else every 4 hours til better then twice daily after. For older children/adults take one to two capsules (don't need to mix up if child can swallow pills).

Herbals- Garlic. Very powerful anti-viral and anti-bacterial. Nature's antibiotic. Take in tablet form, in tea form, in raw form etc any way you wish.
- Echinacea/goldenseal combination for clearing infection and stimulating immune system. Do not give on a daily basis for more than 10 days as it can lose its effectiveness.
- Grapefruit seed extract is known for its effectiveness against strep throat, take internally as directed or in a gargle - ALWAYS DILUTE THIS!

Gargles and Soothers
- Salt dissolved in very warm water, and gargle/swish out mouth with it. (I added

crushed fresh garlic, a drop each of tea-tree and peppermint oils, and a spoon of bicarbonate to my salt water).
- Gargle with Grapefruit seed Extract and salt also.
- Honey and lemon tea. Add two BIG spoons of honey (water should be honey coloured and very sweet) and a spoon or so of fresh lemon juice. Helps soothe soreness enough so that you can eat/take pills etc. The more honey the better it works.
- Wring a towel out with cold water and apply to neck/throat for 20 minutes. Do this 2x a day.
- Use warm compresses to temporarily ease pain if you find it works.

For gargles/mouth rinsers, do this very often and regularly. Like at least once every 2 hours. Expect to be a litle worse in the mornings on awakening as bacteria breed in your throat and mouth while you are asleep.

he will be 4 in Nov. So, here's what we're doing--can you tell me if it sounds good? (trying to not freak out!!!!!) I have used homeopathy and natural treatments since he was 6 mo old and I still try not to panic every time he gets

sick!

Ok, Vit C--melted in water so I can squirt tons in his mouth at once

Echinacea/astralagus kid's liquid

Tea tree oil rubbed into his feet.

Garlic oil in his ears (His ears don't hurt but I was trying to stave it off

)

Acidophilus pills--chewable.

Sulphur homeopathy--that seemed the best fit due to his foul breath! and then when his breath let up a bit and he got a bit of a fever Belladonna.

So, anyone treated their babies' succesfully with strep naturally and what should I keep my eyes open for?
Oh, he started with a stuffy nose and didn't feel well on Thur, yesterday seemed better but last night sounded pretty stuffy--then tonight when I got home he was pale and his throat just sounded sore so I peeked in there to see the white stuff--about 3 spots.

Lyme Essence Oil can be prepared on your own in the following manner:

- 110—120 drops of eucalyptus oil
- 80 drops of olibanum oil (Frankincense oil)
- 60 drops of lemon oil
- 40 drops of patchouli oil
- 20 drops of geranium oil
- 20 drops of lavender oil

- 14 drops of thyme oil

The rest of the bottle should be topped up with grapeseed oil (it can also be another food oil). In this way, a 1: 5 solution is obtained containing a 20% blend of oils and 80% grapeseed oil. This amount of oil is enough for a few days.

Pain Wisdom Tooth Toothache MMS DMSO

Name: PJ

Location: Netherlands

I had a rising pain on the outside of my wisdom tooth. I started with 3 drops of MMS activated with 3 drops of HCL, waited 30 seconds than added 150 ml of water. I drank this mixture once every hour for 5 hours. That gave some relief, but did not take the topical pain away. When the pain got really bad I put 2 drops of MMS + 2 drops of HCl together, waited 30 seconds, then diluted with 10 drops of water. After that I added 6 drops of DMSO. From this mixture I put a few drops (3 or 4) on a small cotton pad (of about 1 cm in diameter) and pressed it shortly against the painful spot on my gums/tooth. I repeated this 2 times and the pain miraculously got less and less. Finally, just before bed I put another cotton pad with 4 drops of the mixture against the painful spot. I kept it there for about 2 minutes. I sensed my gums were a bit irritated from the mixture, but the leftover pain completely got away and I slept like a baby. The next morning and the whole day after I had no pain. Only my gums were a bit irritated, but they are recovering fast. If the topical mixture is too strong for your gums maybe you can try adding 20 or 15 drops of water to the mixture instead of 10. I'm very thankful for this great invention. https://www.jahealthadvocate.com/mms-testimonials.html

Mouth, Gum and Teeth

General MMS Cleansing Mouthwash:

Mouth and gum diseases respond promptly to MMS. Just make up a 10 drops dose of MMS. Take 10 drops and add 10 drops of the 50% citric acid solution, 50 drops of citric acid 10 % solution or 50 drops of lemon juice, wait 30 seconds when using the 50% citric acid solution and 3 minutes when using the 10% citric acid or lemon juice, then add about 1/2 glass of water (4 ounces).Use a soft tooth brush and pour the liquid onto the brush and brush your teeth and gums very well. Be gentle at first. Do this 3 or 4 times a day for the first three or four days. Then do it twice a day until everything is totally cleared up...Use the extra solution to rinse and gargle your mouth. Do this slowly so that some of the Cl02 gas has time to simmer out of the liquid. The invisible Cl02 gas will kill all the germs and bacteria in your mouth without harming sensitive gums or sore places on the tongue. Then for a few weeks brush your teeth at least once a day with the MMS solution. Your mouth should be in much better condition after one week, but it will continue to improve for several weeks before it gets to the condition of being a lot healthier than ever before. You can then cut back to two or three times a week.

Emergency Toothache Options:

There are many reports of people whose toothaches were stopped completely within a few minutes of holding activated MMS in the mouth for two minutes. This would be one of those situations where you couldn't get scheduled for dental work and you have no choice but to clinch down on cloves to mask the pain - which might mean days or weeks while you wait for an opening on the dentist's waiting list. However, after one or two MMS treatments, the tooth ache might not reappear for 12 to 24 hours. The reason for tooth-pain is usually that bacteria has found a home deep in a tooth cavity and bacteria are feeding on nutrients near or touching the nerve. The tooth will not cause any more pain until more food is pressed into the crevice and new bacteria begin feeding again. Generally the pain will be gone for good.This procedure can be executed with a low dosage like this: one MMS drop in a small cup with 5 drops of the acid. After three minutes, add 1 or 2 table spoons of water and stir it with a toothbrush. Your toothbrush is now nicely sterilized. Stir the mixture onto the brush, carry it into your mouth, and

brush the tooth or teeth where the pain is felt. Carry more MMS into your mouth and repeat for two minutes or more. Often you can even kill an absses inside of a tooth by using DMSO. Just mix an equal amount of DMSO with the MMS and an equal amount of water and use that on the tooth brush to brush the tooth with the absses. Doesn't work every time but most of the time.

Regarding a Pressure-sensitive Tooth:

It should be noted that if your tooth is pressure sensitive - meaning that when you bite down on it then pain is felt, this usually indicates a pocket of infection forming under the tooth. In this case, mere brushing is futile but you have a powerful option for reducing and eliminating the infected tooth. Do it quickly. Use DMSO with the MMS for this purpose. It usually works, but you must remember that the MMS and DMSO must be used within 10 minutes as the DMSO kills the MMS after 10 minute.

What about Candida and Bad Breath?:

While your one-drop mixture lasts, if you have any white candida film on your tongue, brush your tongue. While in there with brush in hand, if you have bad breath, brush the extreme back of the tongue where sulfur dioxide is produced by some types of bacteria. One clinic has a patented tongue brush and a special MMS-like fluid that quenches the bad-breath bacteria. But in your case you already have MMS which produces Cl02 gas, and a tooth brush already in your mouth, so shove the brush back to the gagging point and clean the back of your tongue. There's no excuse for MMS users to have bad breath. Other people may notice that you no longer have "a filthy mouth."

Will MMS Brighten Your Teeth?:

There is misinformation about MMS causing teeth to be darkened. The enemies of MMS appear to have found someone who may have smoked for years and maybe drank strong coffee since birth, or who rarely brushed his BROWN and ugly teeth. MMS doubters present his photos on their web blogs under the general heading of "Look what MMS is going to do to your teeth." In contrast, people who use MMS regularly for mouth, gums, and teeth don't have to make their point with photographs. They simply smile cheerfully with pretty white, glistening teeth. True, some people just play around with MMS never actually using it with consistently or with purposeful discipline. But for those who are serious about their health, over time MMS has a gradual whitening effect on teeth. Years of tartar and accumulated colorings are slowly lifted away.

Will MMS Remove Years of Plaque Buildup?:

Questions arise regarding whether MMS can remove plaque without dental assistance. Many people have called to say that it will. But it is probably best to pay a dental assistant to remover the plaque. THEN AFTER THAT, you can prevent the formation of new plaque. Dental assistants are usually trained to tell you that plaque is normal, that everyone needs to come back four times a year for plaque removal. You may be told that there is SLIME in everybody's mouth and during the night it lays down additional film whether you brush or not. A night and morning MMS mouthwash and light brushing will leave you with a germ free mouth. The slime will evaporate through the night, having no bacterial assistance to create layers of tartar and plaque. This has NOT been tracked, measured, or reported adequately. You can test this for yourself and give us a report if you are a serious MMS user.

Will MMS Remove Infections under Abscessed teeth? (Case Study):

From Juan To Jim Humble" I just wanted to drop you an email to let you know how the MMS is working with the abscessed teeth. I imagine you already know this having worked with so many people already over the years, but dentists really have no way of knowing whether the tooth itself is actually the source of the infection. They take the x-rays and if they see the spot of infection on the x-ray, they say you need a root canal. There is no way of knowing for certain whether it is the tooth or the gum that is the source of the abscess from just an x-ray, but that being said, the x-ray did show that I had a large pocket infection under the bottom tip of the root in one of my bottom molars. I had every tooth in my mouth cosmetically repaired with porcelain crowns in 2003 so when I just recently had this toothache and the dentist told me it was the tooth that was abscessed, I thought it was ludicrous. Even though I saw the x-ray I knew there was no way my tooth could have decayed so much in 6 years after all of the work I had done. I argued that the infection had to be in the gum regardless of what the dentist said or the x-ray showed. I started looking for miracle cures online and found MMS. As you know, I went with DMSO and MMS and this knocked out the infection in a couple of days, however, the infection would come back in a week or two sometimes and I would have to keep the DMSO and MMS on it again to knock it back out but it did work to stop immediate pain and suffering. I got the idea to put MMS in a Waterpik so that the solution could get down deep into the root canal and this has proven so far to be a more effective way to treat the abscess. Using MMS in the irrigation cleaning solution knocked out whatever was down there and it has not come back. I put 10 drops of activated MMS inside a full glass of mineral water to fill the irrigation chamber of the Waterpik and did the irrigation cleaning as one normally would use a Waterpik. There are things called cannula tips which are attachments for the Waterpik like a syringe that can be used to penetrate as deep as possible into the canal of the tooth if need be and I used them. Just wanted to let you know this in case there may be some folks you can pass it on to. I hope people know that if the dentist says they need a root canal they should question it and try cleaning the tooth canal with MMS in a Waterpik and see how well they fare. It is pretty impressive how quickly this method delivers relief. In a couple of hours the throbbing and shooting pains stop and it got better and better quickly and has not come back. I have no way of being certain that my abscess was inside the tooth, although it certainly was deep inside the gum, under the root of the tooth which appeared to be coming from the root of the tooth in the x-ray. The MMS has healed the rest of mouth too. I could feel infections inside the gums on the bottom two areas where I had my wisdom teeth removed 15 years ago. Just brushing with MMS and the MMS in irrigation has knocked that out too since the last time we emailed each other. " -

"Mainstream Healthcare News in America — A Mind Field of Propaganda and Fraudulent Facts"
by John P. Thomas
at the Health Impact News website

"How Mass Media Shapes and Molds Society"
at the Vigilant Citizen website

And a really good documentary on this subject is:
"Psywar" - Metanoia Films website.
This documentary can also be watched on YouTube, under "Psywar - Full Documentary"
It can be viewed on BitChute under the title "PSYWAR: A HISTORY OF PSYCHOLOGICAL WARFARE & PUBLIC RELATIONS IN THE U.S."
In fact, you can also view it on Brighteon, under the title "PSYWAR: Psychological Warfare"

The Global Research Centre for Research on Globalization website has a "Media" tab to click on (on its homepage), that has dozens of articles about MSM propaganda.

For the truth on all things Russia/Ukraine, I highly recommend the sites of Paul Craig Roberts and Stephen Lendman.
https://stephenlendman.org/2022/05/01/kernels-of-msm-truth-amid-russia-bashing-propaganda-rubbish/#more-37869 Lendman is especially keen to spot and denounce the lies of mainstream media. He's over 90 years old, but Lendman has a sharp and discerning mind.

I also recommend the "Donbass Insider, News and Analytics from Donbass" website.

Daniel 9:27 27 And he shall confirm the covenant with many for 1 week: and in the midst of the week he shall cause the sacrifice and the oblation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate. I believe we are in those last 7 years that this verse is talking about. God said to look for signs in the heaven for his sons soon return Luke 21:25 25 And there shall be signs in the sun, and in the moon, and in the stars; and upon the earth distress of nations, with perplexity; the sea and the waves roaring That sign is the Revelation 12 Sign Revelation 12:1-2 1 And there appeared a great wonder in heaven; a woman clothed with the sun, and the moon under her feet, and upon her head a crown of 12 stars 2 And she being with child cried, travailing in birth, and pained to be delivered Which appeared on Sept. 23rd, 2017 and when we add the 1260 days (mentioned in Revelation 12:6) We get March 6th, 2021 which is the beginning of the 7 years Revelation 12:6 6 And the woman fled into the wilderness, where she hath a place prepared of God, that they should feed her there a 1260 Days. To back up the Revelation 12 Sign we look to Matthew 24:32-36 which talks about God sending is son back within a Generation of Israel (Fig Tree) getting their land back (1948) Matthew 24:32-34 32 Now learn a parable of the fig tree; When his branch is yet tender, and putteth forth leaves, ye know that summer is nigh 33 So likewise ye, when ye shall see all these things, know that it is near, even at the doors. 34 Verily I say unto you, This generation shall not pass, till all these things be fulfilled. We find out how long a Generation is mentioned in Psalms 90:10 10 The days of our years are 70; and if by reason of strength they be 80 years yet is their strength labour and sorrow; for it is soon cut off, and we fly away. Add 80+1948= 2028 this is when Jesus is returning.(PV

https://friendsofanimals.org/the-dirt-on-composting/ A productive compost pile should have a ratio of about three parts “browns”—leaves, straw, shredded paper and such—to one part “greens.”

Depending on where you live, this can be all kinds of rottable organic matter, from surplus grass clippings to horse manure, seaweed and more. Coffee grounds, a rich source of the nitrogen that fuels plant growth, are free for the taking via Starbucks' Grounds for the Garden program, for instance. There's a whole shelf full of books and online resources to help you down the path to organic composting. One trusted guide is Stu Campbell's *Let It Rot!—the Gardener's Guide to Composting*. Here are a few tips to get you started:

Try not to let a single material dominate your compost pile. A good mixture is preferable; chopping up ingredients into small pieces will quicken the decomposition process.

Turn your compost once a week or so to increase the amount of oxygen the material is exposed to.

If your compost smells bad, it most likely has too little air and too much moisture in it. Add dry materials, such as leaves, shredded paper or cardboard. If it's too dry, add a little water. A classic piece of advice is that compost should feel like a wrungout sponge.

You'll know your compost is ready for your garden when it has cooled down (the decomposition processes, led by bacteria and fungi, produces a lot of heat), has a fine, crumbly texture and an earthy smell.

Screen or pluck out things that are slow to decompose, like avocado pits, corn cobs, and wood chips, and then spread the finished compost around your perennial flowers or young plantings in the vegetable garden. **Soil amendments** to help improve the physical properties of soil. Lime and gypsum are useful in adjusting the pH of soils. And the best known soil amendment, certified organic

compost, can help break up and improve soil structure, in addition to providing a gentle fertilizer to customers' lawns.

Taking it with DMSO makes it even more effective: https://biotraxx.eu/product/biotraxx-dmso-dimethyl-sulfoxide-organic-solvent-99-9-1000-ml-medical-glass-bottle/?ref=medicaltravelling.com

For preppers having purified drinking water available is important. Tyent does it best with the alkalizing and ionizing machines. That goes beyond only disinfecting it with Chlorine Dioxide.. https://bit.ly/3n9ICuD

Ozone Therapy set ups can be found at Promolife.. https://www.promolife.com/?a_aid=mtlink

Nano zeolite may help as well. Advanced TRS and PBX are two of the most potent solution out there. But don't take them at the same time as Chlorine Dioxide. Wait at least an hour and half after the CD dose before taking the zeolite and after that six hours before another CD dose.

I love the fact that it turns urine- (ammonia NH3) into potassium and nitrogen for my garden. I did a lot of research into coop neutralizing products. This absorbs the feces and waste and then slow releases what my garden needs. It's absolutely safe to compost, and I have. It's just 3 elements; Na, Ca, and K (sodium, calcium, and potassium)

- What is important is the timing in all of this. They will not succeed completely until the Lord removes the constraints He has in place.
  The Holy Spirit is us is the Restrainer. (2 Thessalonians 2: 1-12 speaks of this). The Holy Spirit in us, the Believers, holds back the evil until the Lord Jesus comes for us at the Rapture. (1 Thessalonians 4:13 - 5: 11).
  What we are seeing now is the stage setting - which means the time is near.
  After He has taken us 'out of here', the Lord will allow them to do what they want. This is actually part of His Judgement upon them: but we are not subject to the wrath of God; we will be kept from this 'hour of trial which shall come upon the whole world' (Revelation 3: 10).

  The Tribulation, which is this period of judgement lasting 7 years, starts when the Antichrist signs a 7 year peace treaty with Israel – which he will break after 3 and a half years, when he walks into the newly built temple and declares himself to be God. (2 Thessalonians 2:3,4 and Daniel 11:36).
  Revelation Chapter 6 describes the process that will be unleashed. The first horse - the white horse - portrays the rise of Antichrist, conquering 'peacefully' by political means. He will be very charismatic; the second horse - the red horse - portrays the upheaval/violence that will soon result; the third horse - the black horse - is rampant inflation - resulting in people not being able to buy basic food, except for the 'elites' - who will still live in luxury; the 4th horse - the pale horse - which is a green sickly colour - portrays death by sword, hunger and pestilence/disease.
  These things are all deliberately caused by man and will kill 1/4th of the remaining population of earth.
  I believe that this is where all these things being conspired by Gates, Fauci, Schwab etc are going, but they will be restrained until the Lord allows them to advance with their plans.
  It is like a dam: when the barrier holding back the water is removed – it gushes out uncontrolled.

  The chapters of revelation from 6- 18 describe the other events of the Tribulation.
  Chapter 13 is the chapter describing how the Antichrist and False Prophet will use the technology that is being developed to force all people on earth to worship him as God or not be able to buy or sell; and all who refuse will be beheaded. This is 'the Mark of the Beast'.
  This is clearly where the biometric markers in vaccines – such as Bill Gates's ID2020 and WO2020060606 - is going.
  But this cannot happen until the beast – the antichrist – has been revealed – and he cannot be

revealed until we are ‘taken out of the way’.

The only way we can escape all of this – and worse to come for the unbelievers – is to repent of our sins and ask Jesus Christ to be our Lord and Saviour. Then he will take us home to heaven and the amazing future described in Revelation 20 and 21 will be ours for eternity.

If in the camp of Satan

His complete rejection of the 10 Commandments that would be a goal and a mark

Sin is trespassing the Law of God Harmony is not trespassing the Law of God

The counterfeit 1st day Sunday sabbath is the coveted goal by force The jabbed are deceived by Pharmaki Sorcery to their demise and they shall be judge as in the past

Fear him that can destroy the both body and soul in hell Matthew 10:28

The jab is the warm up to counterfeit sabbath enforced and agreed to willingly is the climax and the mark of the beast under a guise of saving the planet from carbon with Sunday Sabbath lockdowns The 7th day sunset Friday to Saturday sunset

Not the middle of the night The middle of the night is the middle of the night

The evil one thinks to change Times and Laws Daniel 7:25

Pharaoh at the time of Moses was killing infants and working the Hebrew to death without a day to rest on the Sabbath and the plagues came Also the Pharaoh and his soldiers were killed in the sea Exodus 5:5 Exodus 15:4

Probation is over then the last plagues come

The papacy has a fake triple crown for heaven earth and the sea

The rules of the ruler include a universal world day and that is what the papacy needs in order to claim complete rejection of the true God The papacy popes do not have any power that was not given to them by Satan and allowed by God until God decides to destroy them all

Ok, Mike has identified all the problems with the COVID vaccine. But now it’s time for some solutions for all people that have already taken it.

Is there anything they can do health-wise, in the long term, to improve their odds?

Thanks Skupe and prof Gui . Yes, BDNF is also helpful for the brain, it plays a significant role in neurogenesis, BDNF is made from Sulforaphane, using the precursor glucoraphanin, found cruciferous vegetables like broccoli, kale, cabbage, cauliflower, Brussels sprouts, and watercress. Cut it half hour before cooking to activate the sulforaphane. The highest levels can be found in Broccoli sprouts. You can blend them with juice as the cutting (chewing) is important. Sulforaphane enhances neuronal BDNF expression and increases levels of neuronal and synaptic molecules pubmed.ncbi.nlm.nih.gov/27735126 (2017) BDNF levels naturally decline as you get older.

It is also in depression. 21 Ways to Increase BDNF for a Supercharged Brain naturalife.org/.../increase-bdnf Neurotrophins are a group of compounds that regulate brain growth, development, and repair. One of the most well-researched of these neurotrophins are BDNF (Brain Derived Neurotrophic Factor) which many scientists call “fertilizer for the brain”. BDNF regulates the growth, protection, maintenance, and repair of neurons in our brain. More ways to get BDNF is going into the sun, and Curcumin, see also https://feedabrain.com/bdnf/ * * * * Gui, you talk about astrocytes, interesting is some autism spectrum disorder symptoms are linked to astrocytes.

Very nice to see studies and this expansion on HBOT! One may also look at the factors leading upto acidic hypoxia and ultimately cancers. Cellular suffocation starts with electrolyte mineral imbalances (Mg/K/Na/bicarbonate), membranes built on damaged PUFAS/veg oils, excess sugar, metals, toxins, poor breathing habits, emotional stress, sedentary lifestyles, etc.etc. Vitamin C levels play a major role in HIF 1 where cells turn to anaerobic fermentation and angiogenesis to survive. While HBOT is pricey

and not widely available; there are options. Skin/scuba/hookah diving provide air under pressure for increased O2 saturation and a form of EWOT (exercise while on oxygen therapy).

Hyperventilation/breath holding practices are at the heart of QuiGong, yoga and Wim Hof Iceman (see youtubes) breathwork providing that extreme pH swing between alkalosis and acidosis..Megadosing Vitamin C and the regular use of baking soda and ACV, metal detox and meditative/recreational stress reduction. Nebulizing H2O2 alternating with NAC improves lung function. Like a pool-shark, one must work all the angles! I wrote this post over 7yrs ago; "It's Always the Oxygen." greenmedinfo.com/.../its-always-oxygenreally ...or... zx4.bc9.myftpupload.com/forum-comments

Vitamin C is more than a vitamin though it performs dozens of essential functions; *it's a bulk electron source!!!*

Baking soda or sodium bicarbonate, a giant medicine in its own right, is an **alkalizing source of pH buffering bicarbonate** which releases beneficial CO2 and swings between bicarbonate and carbonic acid with every breath and is also active in the kidneys.

When ascorbic acid (pure Vitamin C) is mixed with baking soda, ascorbic acid is neutralized and becomes sodium ascorbate to flood the system with electrons.

Large serum spikes in ascorbate levels also generate oxidizing hydrogen peroxide in a Fenton Reaction which yields singlet oxygen, the selfsame oxidant naturally produced in an inflammatory immune response.

Orally or via IV. Vitamin C should be considered a core element of any protocol.

http://www.greenmedinfo.com/gmi-blogs/forbiddenhealing

Note:

What with man's propensity to burn things and use our oceans as an open sewer, it always seemed implausible for geo-science to conclude that global oxygen levels are "remarkably stable." New analyses of atmospheric O2 disagree with this conventional view and point to industrial practices that deplete oxygen even faster than they raise CO2 concentrations. Interestingly the study states; *"In humans, failure of oxygen energy metabolism is the single most important risk factor for chronic diseases including cancer and* https://www.youtube.com/watch?v=tybOi4hjZFQ Over 15yrs ago I successfully used and recommended "huffing" 3% hydrogen peroxide from a nasal spray bottle via mouth 3-4Xs every few hours if necessary....and received many positive reports from folks treating bronchial infections, COPD and asthma. With the advent of covid treatment protocols from such alt-med luminaries as Dr. Thomas Levy, Dr. David Brownstein and Dr. Paul Marek nebulizing H2O2 took off. Dilutions of .1 to .5 % H2O2 have been mentioned. Some added 2 drops of 2.5% iodine along with peroxide to a nebulizer cup while others used baking soda, NAC or colloidal silver solutions. Though I've taken NAC orally for many years, I since have found NAC particularly effective when nebulized... It not only activates and protects macrophages in lung tissues, it boosts liver function, reduces angiogenesis in hypoxic/cancerous tissues, helps detoxify the body, but is "mucolytic" causing cleansing mucus to flow. I used about a third of a 750mg NAC cap dissolved in enough water to fill the 15-20ml nebulizer cup. Concentrations are fairly arbitrary and also depend on duration of use. NAC may make one cough a bit at first, but continue inhaling through mouth and or nose for about 5 minutes, several Xs/day.

Spurred by FDA murmurs, Amazon recently stopped selling NAC, though it is readily available from purebulk.com , Nutricost and other supplement companies. Nebulizers of many different styles are available through Amazon and drug stores. It is wise to keep food grade 35% H2O2 on hand/stored in freezer to be diluted 11Xs for a safe usable 3% concentration. It is also good to have a bottle or two of Lugol's 2.5% iodine, several kilos of pure Vit C/ascorbic acid and boxes of baking soda in the cabinet. You don't want to shop or wait for delivery when these first-line treatments are needed! You want all the oxygen you can get!

Again biology is based on redox balances; e-electrons form bonds and build life's molecules while electron hungry oxidants and acids tear them apart. Pretty damn simple, eh.

Vitamin C plus bone broths is what builds and restores connective tissues that make up 60% of the body! Skin, joints, bones, blood vessels, intestinal linings and fascia hold it all together. So it is critical to forego canned soups and make your own stocks from fish heads, beef bones, pig feet, chicken backs or game carcasses. Peasant stocks are key to healthy gravies, sauces, gumbos and rice dishes...Love that Cajun dirty rice!

Vitamin C can be used to remove all toxins and metals that lead to infections, depressions, dementia, cancers, etc.. A few hospitals are currently using IV Vitamin C/thiamine infusions to halt deadly sepsis and improve outcomes. Vitamin C will also help generate nitric oxide to lower blood pressure, scrub plaques and alleviate brain swelling that commonly causes death in cases of viral infections like flu and West Nile.

Vitamin C will recharge Vitamin E, glutathione and other antioxidants.

Pure Vitamin C crystals can be purchased by the pound or kilo as can good ole Arm&Hammer baking soda. It should be kept on hand and used frequently along with charcoal and chlorella. Also keep magnesium, zinc, selenium, iodine, oregano oil, organic sulfur/MSM, hydrogen peroxide and apple cider vinegar on hand and know how and when to use them. It's like changing oil, filters, batteries and maintaining tire pressure; avoid being stuck on the side of the road. Prevention!

http://augmentinforce.50webs.com/Raw%20Milk.htm **BENEFITS OF RAW MILK**

The British journal The Lancet reported, "Resistance to tuberculosis increased in children fed raw milk instead of pasteurized, to the point that in five years only one case of pulmonary TB had developed, whereas in the previous five years, when children had been given pasteurized milk, 14 cases of pulmonary TB had developed." **Raw milk also contains an anti-viral agent.** In 1997, British studies have shown that some **mysterious substance in the aqueous portion of the raw milk, below the cream layer, works against viral infections.[**49] **Formula and boiled milk do not contain this virus-fighting agent**. **The enzyme lipase aids in the digestion of fats. It is plentiful in raw milk** but destroyed by pasteurization. One of the most remarkable and important discoveries in medicine, the incredible healing power of fresh raw milk, goes unnoticed by the medical profession. No one knows who first used raw milk as a therapeutic agent, probably the Egyptians. **Hippocrates, the father of medicine, prescribed raw milk for tuberculosis.** Dr. J.E. Crewe, from the Mayo Foundation, Rochester , Minnesota , presented his findings on the therapeutic uses of raw milk before the Minnesota State Medical Society in 1923. Although Dr. Crewe's experiments were on the feeding of raw milk for disease, the key, he injects, is not milk but rawmilk. Dr. Crewe reported, "While milk is widely used and recommended as an article of diet, it is seldom used by regular physicians exclusively as an agent in the treatment of disease. **For fifteen years I have employed the so-called [raw] milk treatment in various disease**s ... the results obtained in various types of illnesses have been so uniformly excellent t**hat one's conception of disease and its alleviation is necessarily modified."** [52] His report was met with apathy and indifference, saying, "The method itself is so simple that it does not greatly interest medical men.[53] The fact that

many diseases are treated and successful results [ignored], leads almost to disrespect." Johns Hopkins University and the University of Maryland found that raw cows milk contains 2½ times more of the enzyme lgG than pasteurized milk. **This important enzyme inhibits rotavirus organisms that cause diarrhea in infants. It has been known since the earliest days of husbandry that the newborn calf thrives on raw milk**. **Calves fed pasteurized milk since birth die by the third month.** Francis Pottenger, M.D. proved there is deficiency disease, similar to Vitamin C deficiency (scurvy) that can be cured by giving an endocrine product that contains no Vitamin C. **He proved that raw milk has this endocrine nutrient** and pasteurized milk does not. **He proved that raw milk reversed and prevented scurvy. The Bahimas of Africa drink six pints a day. In fact, they eat little else. This is also true of the Nuers of the Upper Nile , the Todas, the Kazaks, and the Hottentots. They all live healthfully Fermented raw milk has been shown to retard tumor growth and decrease the activity of alkylating agents associated stomach cancer**.[65]

Recipe

Use 2 cups of raw milk add 1 tablespoon of honey and 1 tablespoon of red wine (your choice) 2 drops of propolis and cinnamon extract 1/2 teaspoon blend and then proceed to drink you can add a potato to this as a meal baked or cooked in oil and water mixed with herbs....this combo can hold you fro up to eight hours, maintaining strength no desire to eat. Sugar levels maintain and maintain for a long period of time, protein a uptake is almost felt immediately and fat is decreased off the body as a result of the lipase and CLA conten

o Awaken Is To Attain Truth

We are so steeped in dreams and lost in reflections that we do not even recognize bare facts as they are and Truth is beyond our conception, beyond all thought.

The Truth cannot be known before you actually realize it.

The Truth cannot be taught but the method of knowing truth can.

The Truth cannot be thought – it is seen, realized.

Truth is always present if only the self has eyes to see it.

Truth can only be known when we are one with Reality.

The realization of Truth only happens when one is totally free

Truth is the greatest surgery in existence.

And those who are the sovereigns, be they of kingdoms or wealth or religion; those that wield power of any kind are displeased with Truth, for power is always installed on the throne of falsity.

We cannot expect to hear the truth any time soon from the WEF globalist narcopaths, or from all of the retarded politicians around the world, because they don't know what the truth is.

They only want you to remain forever trapped in the unconscious collective hive mind, they don't want you to be intelligent, free individuals.

Their very idea of domination, their very desire to be powerful over others shows their poverty of soul.

It shows that they don't have power over themselves, hence the desire to have absolute power over others.

To live without knowing oneself is the real suicide.

And yet this last two years of the global governments fake bio-terror psy-ops have shown that we all appear to live without knowing ourselves.

We live but we do not know at all who we are, from where we are, why we are, for what purpose we are, what the meaning of life is.

Those who do not know themselves are living in utter darkness.

The entire Western hemisphere has come to a point where either they will create a mass global suicide or the greatest spiritual revolution will happen.

These are the only two alternatives: suicide or self transformation.

I'm not saying this only about individual people.

This is so for the earth as a whole as well.

Either humanity will commit mass suicide through nuclear war for which it is preparing, or the world will know the greatest spiritual awakening that has ever happened in the history of humanity.

And there is not much time left.

Much is at stake.

One of the greatest problems that humanity is facing today is the unconscious fragmented mind.

For centuries we have divided life into compartments.

We have tried to make those compartments absolutely separate, so much so that one person, one expert, one specialist knows nothing about anything else.

They become very much informed, knowledgeable about one aspect of life at the cost of the whole.

Their vision becomes lopsided.

They define science as knowing more and more about less and less.

The problem now is how to make all these experts understand each other, how to make all of humanity understand each other, how to create bridges, because we are not compartmentalized, each individual is an organic unity.

Life is not divided, but we look at it as if it is divided; that "as if" is a fiction.

A very dangerous fiction.

The society is not interested in intelligent people, the society does not want you to be intelligent.

The society wants you to be mediocre because it is easy to enslave the mediocre person.

It is easy for the manipulators, and they are many – the globalists, the politicians, the so-called experts, the jib-jab doctors, the journalists, the so-called educators, they are all manipulators, it is easy

for them to manipulate you if you don’t have intelligence, because you are bound to depend on them, you have to depend on them.

You have to always look up to them for guidance.

But, you only need leaders if you are unintelligent.

You will remain always afraid of powerful people if you think they know more, when the reality is they know nothing of true value..

You will be continuously in fear.

The society functions in such a way: the whole educational system is created not to serve you but to serve the vested interests.

From the kindergarten to the university they are serving the vested interests, but they are making you more and more stupid.

Intelligent people depend on their own insights, they trust their own being.

They love and respect themselves.

The unintelligent person respects others.

These so-called leaders, the media, the hypocrites, the liars, the criminals.

Can you can see the point?

Why are the vested interests interested in creating stupidity?

Because that is the only way they will be getting respect.

Obedience has been imposed on you as a great value, it is not a great value.

It is one of the basic causes of the destruction of your intelligence.

Be true to yourself.

Your only responsibility is towards yourself and nobody else.

An intelligent person will risk everything.

They will be ready to die rather than to compromise.

What is the difference between stupidity and madness?

There is a clear-cut difference between stupidity and madness.

Every child growing up learns stupidity from the stupid people all around.

They imitate, they have to imitate.

If you have to live with stupid people you have to behave like them, otherwise you start becoming separate.

So everybody has to become stupid in some way or other.

Mad people on the other hand are the people who are really more sensitive than others, that’s why they go mad.

They are more intelligent than others, that’s why they go mad.

They are so intelligent that they cannot cope with all the stupid masses around and they are so intelligent that they cannot force themselves to behave stupidly.

They start functioning like individuals and that creates trouble for them.

Now even psychologists are becoming aware of the phenomenon that mad people are very sensitive and vulnerable people, intelligent people who cannot cope with the reality that surrounds them.

It is too much and they are too fragile for it.

They break down under its weight.

From childhood you have been taught to be ambitious.

Ambition means, “I have to be superior, I have to prove that I am superior to others,”

Now for this you have to lose your intelligence, you have to become stupid.

That’s why politicians are always utterly stupid people, they can’t be otherwise.

The ambitious person is a stupid person.

The intelligent person is not ambitious, they simply live with no hankering to compete with others because they know everybody is unique.

There is no question of competition.

They never compare.

The really intelligent people never compare themselves with anybody.

They never think themselves higher or lower.

They never suffer from a superiority complex or an inferiority complex, which are two sides of the same coin.

They simply know, “I am who I am and you are who you are,”

Therefore, to come out of all of these prisons and never to enter into another prison again,

Your intelligence has to be rediscovered.

The only method to rediscover is through meditation.

Meditation only does one thing, it destroys all the barriers that the society has created to prevent you from being intelligent.

It simply removes all the blocks.

You have to undo what the society has done to you.

You have to destroy all their mischief, you have to destroy the evil conspiracy of all these globalists and politicians to forever enslave you.

You have to come out of all of it, until you are a real, authentic individual.

Intelligence brings freedom, intelligence brings spontaneity.

Intelligence is your nature.

Remember, all that is needed is to rediscover it,

Because it has been hidden from you for certain reasons by people who are powerful and who want to forever remain in power.

Of course they will not like you waking up.

They actually live in fear of you waking up.

Because they have repressed your greatest treasure, they have hidden your greatest energy from you.

They have deprived you of your true being.

What will happen when you realize the depth of their treachery?

The time is ripe now for a great rebellion to destroy all these identity-divisions, to destroy all of these repressed unconscious structures.

Rem = Remmin is a demon, called “Ambassador from Hell”
Des = Desolation
Vir = Latin word for Man

Put them together: A drug from hell that desolates mankind. Truth in plain sight.

The Snake, so appropriate, isn't it. What Kundalini is Rising?

King cobra venom covid CSIRO Xi Jinping was born on June 15, 1953. This was the Year of the Snake in the Chinese Zodiac. "Xi" is pronounced by first articulating an 's' sound with the tip of the tongue placed behind the front, lower incisors, the tip of the tongue then curls down, rubbing over the back of the lower front incisors to form an 'sh' sound as the front of the tongue is tightened and pulled back slightly, the two are combined rapidly to start 'Xi'. 'Xi' finishes with a short 'i' sound, short both in duration, and pronunciation. So the first part of 'Xi' is the sound you would expect a snake to make, the 'i' at the end is short and sharp, like the strike of the snake. At 57:36, Dr. Ardis tells us the fortune

on the front of the slip of paper in the cookie paraphrases as something like "All of the world's greatest riches [fortunes] begin with one penny". If that were written in Chinese characters (and not English) the translation (back into) Chinese characters would likely be an idiomatic equivalent which we Westerners call a proverb, perhaps something like -- "A penny (grain of rice) for your thoughts." What is most important is what was on the back of the slip of paper in the fortune cookie. Who is Bing Liu? https://www.bbc.com/news/world-us-canada-52568716 What is □(liū)□(bīng)? □□ is a compound word. The first word, liū, □, means 'slip', like the verb, to slip. The second word, bīng, □, means "ice". Together, the two words from a compound word, Slip-Ice, 'to slip' on ice, ice skate or ice skating. The idiomatic power of skating on ice, (thin ice), is not lost in the Chinese language. □□! works well as an admonishment or warning in the Chinese idiom as it does in most languages. (You're skating on thin ice.) Obviously, slipping on ice can lead to injury. The process of freezing to death in icy water is oddly similar to that of dying from King Cobra venom injection Shocking doesn't describe this! The fact that Dr. Ardis has lots of evidence to back-up his claims, makes him very credible! It is quite uncanny that the latin/old english definition of the word 'virus' is poison of a snake! It is further ironic that the 'serpent' is a biblical analogy to evil, and that the 'Asp', Cobra, was revered in Ancient Egypt and perhaps other ancient cultures. Our journey down the 'rabbit hole' began with healthcare ... we questioned why did our folks all have some form of cognitive decline. What we uncovered, turned us into total skeptics of our healthcare establishment, but this make the entire thing so much more heinous ... but also par for the course given the events of today!

I have been making my own tooth soap for years (since it's impossible to find quality products in the store), but this one is wonderful! In addition to using this product, I started using dmso and colloidal silver and two cavities I've been trying to heal for about a year are VISIBLY healing. The two black spots are almost completely gone! I also had my 11 year old use this product when he complained of a painful tooth and within 10 days he said the pain was gone. Great stuff!! This toothpaste really rocks, after 2 failed root canals which led to extractions and super severe infection along with a lifetime of terrible dental work ie bridges, crowns and gum flap surgery….. I started on the DMSO and MMS in my waterpik and this toothpaste is a fantastic addition to the protocol. 2 outside cavities are slowly filling thenselves in with the tooths own matter as well! Only wish it was thicker so as to get it to stay on the toothbrush!! DMSO can clear up gum disease and reduce tooth decay and their pain by painting it on the involved areas.

“I have some pharmaceutical grade DMSO and I pour about two teaspoons in a glass in the evening, put my 20 mg of doxycycline in it, add about 2 teaspoons of distilled water, and then swish it around in my mouth for about 2 or 3 minutes and then swallow it.

The rcr is the harlot of Rev.17,18. She is the one who deceives the world with her sorceries. And because of this she will be destroyed as the 10 horns agree with the beast to burn her with fire. It's the end of the system she has been enforcing since 325AD. So the 7th empire/head that is rule for "a short space" will come to power. After this short space antichrist comes to power by "plucking up 3 of the 10 horns by the roots". So the rcr system, the woman that rides the beast, will be destroyed before antichrist comes.

  The RC system is pagan through & through; it is the first beast of Revelation 13. The pope is the man of sin. "All roads lead to Rome." Over the last few years, Francis has met with leaders of high tech (Google, Facebook,YouTube, etc) - shortly after, the censorship started; business; health; religion; now the heads of labor unions. The next thing on their agenda is the fake Climate Change. Covid was the health test (Daniel 1). Climate Change is the test of worship (Daniel 3&6) - will we worship "Gaia Mother Earth" or God our Creator. Mark of the Beast comes shortly after

- Enoch 81:11 Four conductors of them first enter, who separate the four quarters of the year After these, twelve conductors of their classes, who separate the months and the year into three hundred and sixty-four days, with the leaders of a thousand, who distinguish between the days, as well as between the four additional ones; which, as conductors, divide the four quarters of the year The scripture is the only valid document to back up the TRUTH. And the Book of Enoch said there are 364 days in a year . And that would make today, April 1 a New Year in the year 2029. A Year = 364. But We have been using 365. A leap year is 366. So every 4 years , 1 day added. Every 400 years 100 days added. For 2000 years, 500 days added. The left over 22 years has 5 days added with 2 years left . So 2022 years are 2022 days added to 364 days of each year in the past 2022 years. The year 2022 is just 9 months short to make it a year. So 2022 days + 505 days from every Leap year = 2529 days . That's 6 years and 9

months at 364 days a year . That makes today January 1, 2029 by a TWELVE MONTHS standard per year and with a year being 364 days.

  Jude 1:14-15 (KJV) 14 And Enoch also, the seventh from Adam, prophesied of these, saying, Behold, the Lord cometh with ten thousands of his saints, 15 To execute judgment upon all, and to convince all that are ungodly among them of all their ungodly deeds which they have ungodly committed, and of all their hard speeches which ungodly sinners have spoken against him. Enoch 2:1 [1]Behold, he comes with ten thousands of his saints, to execute judgment upon them, and destroy the wicked, and reprove all the carnal for everything which the sinful and ungodly have done, and committed against him. (Quoted by Jude, vss. 14, 15.) In the book of Jude chapter 1 verses 14-15 is a PROPHECY spoken by Enoch, a man who God Almighty translated into heaven such that he didn't taste death. Only in the book of Jude in the Holy Bible is that prophecy found. Which means the PROPHECY is WRITTEN somewhere for Jude to be able to QUOTE the prophecy. That prophecy was found in the book of Enoch chapter 81 verse 11. And reference was made in that book to the book of Jude which makes the Book Of Enoch a VALID BOOK. Now in this BOOK of Enoch , it says there are TWELVE MONTHS. And NOT thirteen months. And the BOOK Of Jasher chapter 9 verse 8 also said Terah the father of Abraham who was Abram at the time had 12 gods that he worshiped each every month for TWELVE MONTHS of the year. Below are the scriptures of the Book of Jasher and the Book of Enoch mentioning TWELVE MONTHS in a Year and NOT thirteen months. Jasher 9:8 And Terah had twelve gods of large size, made of wood and stone, after the twelve months of the year, and he served each one monthly, and every month Terah would bring his meat offering and drink offering to his gods; thus did Terah all the days. The Bolshevik Jews murdered the Romanov family to create the Russian empire. National Socialism always has been the polar opposite of Bolshevism so I don't see how any sane person could come to that conclusion. How Ukraine even became part of the Russian empire to begin with is they lost their independence to the Bolsheviks when they lost the 1917-1921 Soviet-Ukrainian war.

As a farmer, if I liquidated, all my tractors and tools, and equipment..including selling my barns, board by board, I can even sell the rocks. I could sell dirt, as clean fill. My outhouse is original, it's worth much. I could sell the land by dividing it into parcels, the main house included. Yeah...I guess I would be considered 'rich', standing alone at a bus stop with bags of cash...homeless. Lucky me, right? I would be taxed as having 'capital gains' and taxed again for income. If I died from a broken heart, would be taxed again for death tax. But like everything else, the tax-Code has loopholes wrote in for big corporations and rich people that ordinary people don't know about, and leave it to me to find them. This Administration is talking out of its a$$...

Use (M)(M)(S) for dealing with sores, burns, wounds, psoriasis, eczema, c4ncer, ringworm, acne, rashes, staph infections, athletes feet, and a hundred other problems of the skin. In order to do this follow these instructions: Obtain a 2 ounce mist spray bottle. Most drug stores sell empty spray bottles. Put 20 drops of (M)(M)(S) in the bottle and 100 drops of citric acid and swirl to

mix, wait 3 minutes and then fill the bottle with water. You now have a spray solution that is equivalent to 40 drops in 1/2 glass of water in strength. This solution stays fresh for about 3 days. The reason it stays fresh for that long is because of the strength. Once it is diluted in the body it rapidly disintegrates. Or on the skin, it disintegrates as it drys. Once you have made your solution, you should spray any sore about once an hour or every two or three hours all day long. Allow the solution to dry on the sore. In case of a rash, spray it on the entire rash. Rinse off with clean water in the evening before bed, dry, and re-spray before going to bed. In case of babies under 2 years old I would suggest that you dilute the solution at least twice or start out with only 5 drops of (M)(M)(S) instead of 20.

The (M)(M)(S) in the spray bottle will seldom ever cause stinging or burning or pain, but it can happen. If it does, pour out 1/2 of the liquid in the bottle and fill it with water thus diluting by 50%. If it still stings, do the same thing thus diluting it again. Continue this dilution until it doesn't sting.

In one person out of a thousand persons with skin problems, the (M)(M)(S) may sting badly and the problem will get worse. If this happens it is probably a condition that you have had for a long time. This is very rare, but it does happen. Don't feel badly, there is a solution. Look under fungus protocol on this web site and follow the instructions. It will soon be gone.

https://needtoknow.news/2022/02/theres-a-secret-network-skynet-2-0/ SKYNET 2, in conjunction with the graphene self-assembling micro computers in covid jabs, patented by Dr. Lieber of MIT [along with 50 other patents] with funding from NIH, DOD, and CCP {for which he has been convicted of crimes for bio weapon development}, that have been shown to be individually addressable, would appear to make individuals under physical control from a remote central command post.

****

Are we seeing Putin and China going head-to-head with Wall Street//Rothschild financiers//Great Reset — as we see it manifested in Canada and Australia ??? Is that the future of the USA ??

THE ROLE OF GRAPHENE IN COVID VACCINES

Graphene was discovered in COVID vaccines a year ago. It was initially denied by Pfizer but has been confirmed to be in all vaccines and sometimes claimed to be 90% of the injection. Governments have issued mandates to compel injections world-wide. Graphene has even been found in masks and to be conveyed by air. Effective controls of covid, without graphene, are suppressed by pharmaceutical companies, hospital chains, MSM, physician's and teachers unions, all owned by BlackRock, Vanguard, and State Street—[read USA financiers//globalists].

Graphene has been experimented with vaccines for 20 years. Its use to build self-assembling layered micro computers after injection has included 50 patents by Dr. Lieber of MIT. His work includes neuronal control of prosthetic limbs and bio-weapon development. Funding has come from NIH, DOD, and CCP [with recent conviction].

***Patent* 9,252,214 facilitates nano-mesh lattices that interface with human neurology to both monitor and control human beings. Remote control of individuals by embedded addresses has been shown to be possible—to control dissidents.**

Graphene is gradually dispelled from the body as a foreign object. Repeated replenishment by injection appear to be required to prevent destruction of the micro computer. Is this why mandates for injection are so adamantly imposed ? Or does the micro computer require more graphene ? Graphene has repeatedly been shown in labs to reduce natural immunity, to promote the growth of spike proteins and cause micro blood clots, and to be lethal.

If graphene control of individuals can be maintained, and digital control of finance can be imposed by government [read Rothschild globalists], all Constitutional Rights of citizens are an illusion. A world under globalist control would include the worst elements of Canada and Australia—for starters. The IMF covid relief loans accepted by 86 nations are destined to go into foreclosure as detailed by John Perkins [CONFESSION OF ECONOMIC HIT MAN] and allow Wall Street to dominate and impose poverty.

A laboratory report of 2015 relates to embedding graphene within DNA cells which would possibly make the change hereditary. Penetration was successful but the cell died. We can rest assured improvements are being sought. [sacm].

LATE NOTE: ARE THE NEW USA BIO LABS IN UKRAINE TO IMPROVE THE 'JABS' SO GRAPHENE IS PERMANENT AND HAS FEWER ADVERSE MEDICAL AFFECTS —AND SO USA INSPECTORS CANNOT SEE THEM ??

THE LABS HAVE BEEN TARGETED BY RUSSIAN ATTACKS. SOROS [read Wall Street] ASSISTED IN OVERTHROWING THE GOVERNMENT IN 2014. THE BIDENS RECEIVED MORE THAN A MILLION DOLLARS AFTER GIVING THEM ONE BILLION OF USA TAXPAYER DOLLARS—OF LAUNDERED MONEY ?? IT IS CORRUPTION ONLY IF DONE IN THE USA ?? PELOSI, JOHN KERRY AND OTHERS** *(globalists)* ***ALLEGEDLY HAVE INVESTMENT [and foreknowledge of USA investment] IN UKRAINE.

If Putin had procrastinated an assault on the Ukraine bio labs until NATO membership was announced, the terms of NATO would have held the assault as an attack on ALL NATO members.

https://www.ingersolllockwood.com/wp-content/uploads/2022/01/Ingersoll-Lockwood-Inc-Reading-Library-US-Space-Force-Enoch.pdf All Carbon-based life forms on this planet (including humans) are part of the Carbon Cycle. We all need Carbon as the building block of every cell in our bodies. Carbohydrates and sugars are simply Carbon, Hydrogen, and Oxygen atoms assembled by plants. Fats are made of the same 3 elements, and Proteins are identical with the addition of Nitrogen to the mix.

All of these ***building blocks of life*** are assembled during **photosynthesis:** Literally combining (synthesizing) water and air into living tissue by harnessing the power of sunshine. In a healthy living ecosystem, these sugars, starches, proteins, and fats are traded with other life forms in exchange for goods or services.

For instance, mycorrhizal fungi are able to seek out minerals underground and dissolve solid rock in order to transport these requested nutrients to nearby plants in exchange for sugars. These underground fungal networks have even been known to transport thousands of gallons of water **uphill** in order to nourish plants they had partnered with. These same networks fight off invasive pests, including molds, blight, and even locusts!

All of these mycorrhizal networks are made of Carbon, which the plants absorbed out of the atmosphere (CO_2) and photosynthesized into nutritious and delicious carbohydrates that it sent into the soil to feed the fungi in exchange for minerals. Around 40% of all Carbon absorbed by plants is fed into the soil in this way, where it not only stays put, but it actually improves the fertility and durability of the soil in profound ways.

Every gram of Carbon absorbed by plants and stored in the soil (aka sequestered or biosequestration) allows that soil to absorb and **hold** 8 grams of water. This means living soil doesn't just survive flooding, it **prevents flooding by absorbing** that rain like a sponge soaks up spilled milk! This stored water is then shifted as needed by the fungal networks, allowing Living Soil to also survive droughts.

Combine that with plants' ability to create weather patterns, and you start to see how powerful farming can be for shaping a healthy and stable Climate for humans!

Finally, you have the work of Earthworms and grazing animals who turn forest litter and fire hazards into fertile droppings that sequester more Carbon back into Living Soil rather than it all going up in smoke or being "cleaned" by well-meaning but ill-advised forest managers. Forest waste and genuine fire hazards should be removed, but they should also be put into a bioreactor in order to be naturally turned back into healthy soil.

In the end, the difference between **sand** and **soil** is the rich black Carbon of Living Soil.

David, you are absolutely right when you are saying people will go into the Metaverse and their conciousness aka soul will be trapped there and the demons aka the evil spirit will invade the person's body and that will be GAME OVER for that person. I having telling people not to do it and exactly what we all know is going to happen, but they don't want to list. Even parents are that dumb, they are buying their children the oculus and other versions, may God have mercy on their souls!! Come quickly Lord Jesus Christ, come quickly!! ☹

Make no mistake about it these are NATO members from NATO member states that were killed. they were in Ukraine on special training ops . The member countries talk about volunteer fights as a cover, because when they get killed they can say they are volunteers and not active NATO fighter’s.

It is the reason that ‘the effectual, fervent prayer of a righteous man availeth much’. I have learned that it is as important for Christians to be as strategic about their devotional life as we are about getting a scholarly education or attending to our finances. God opposes the proud but esteems those who fear him and tremble at his word. The less investment we devote to seeking him with all of our hearts the less return on investment. And some people can’t hear us but when we pray they will/May hear the Lord when he speaks. GOD bless□□.

Oxitec has genetically engineered roughly 2.4 million male (meaning they don't bite) mosquitos to contain the number of Aedes aegypti.

The male mosquitos have a "self-limiting" gene that causes the population to die out over time. The idea is that they will mate with the invasive female species, "mediating a reduction of the target population as the female offspring of these encounters cannot survive," the company said.

This method was also carried out in 2021, when Oxitec released 144,000 genetically-modified mosquitos in the Florida Keys as part of a pilot project, which the company describes as "a success."

Oxitec also stresses that the new mosquitos will not harm other "beneficial insects," like bees and butterflies.

I often recommend books to clients so I thought I'd make a list of the ones I most regulary recommend. These are awesome, life changing books. I guess number one would be "Loving What Is" by Byron Katie. Teaches you how to accept your life and be happy with it. I use her teaching all the time in my life and its made a huge impact on me. Another one near the top of the list would be The Secret, which of course teaches about the Law of Attraction, or how we create our lives with our thoughts. I tell people that its not the best book on the Law of Attraction, but its a great starting point. Don't read it quickly – read a bit each day and ponder on what you've read. When you are ready to move on to higher teachings on the Law of Attraction anything by Abraham-Hicks is great (Esther and Jerry hicks and the teachings of Abraham). When I have clients who are having relationship issues I often recommend The Five Love Languages by Gary Chapman. He teaches how we give and receive love in different ways and the way your partner is showing their love may not be a way you recognize, and vice versa. One of the best books I ever read is When the Body Says No by Dr Gabor Mate. An amazing book that everyone in the world should read, especially if they have an interest in health, or are stressed or unwell. This next one is not for everyone, depending on their beliefs, but the trilogy (books 1, 2 & 3) Conversations With God by Neale Donald Walsch are mind

blowing and also life changing. Start with Book 1. I'll talk about some other books I love in another blog. Happy reading and let me know what you think.

https://biblia.com/bible/csb/matthew/1/23 https://www.diggingfortruth.org/digging-deeper https://www.ucg.org/the-good-news/biblical-evidence-shows-jesus-christ-wasnt-born-on-dec-25 Do what you can to prepare

Bible prophecy warns about coming economic upheaval and troubles increasing in the English-speaking nations and the ultimate collapse of the financial system the world over (see our free study guides *The United States and Britain in Bible Prophecy* and *The Book of Revelation Unveiled*).

Yet in some ways all will seem to be humming along—until calamity strikes (Matthew 24:38-43).

Do what you can to prepare —to be ready (verse 44). As Proverbs 22:3 and 27:12 tell us, "A prudent person foresees danger and takes precautions. The simpleton goes blindly on and suffers the consequences" (New Living Translation). Of course, humanly we can only do so much. We need God to see us through. Jesus promised that if we seek first the Kingdom of God and God's righteousness that our physical needs would be provided for—that we would not be destitute (Matthew 6:25-34; compare Psalms 37:25).

The sobering fact we all face is that a reckoning lies ahead. Let us all take God's warnings seriously and do whatever we can to prepare. Above all, we must prepare spiritually (see Matthew 25:1-13), and God will see us through to the wonderful age beyond today when His laws—including His economic laws—will at last be followed the world over.

The consumer demand for locally-produced food is creating jobs and opportunity throughout rural America for farms, businesses and entrepreneurs that store, process, market and distribute food locally and regionally. Farm and business opportunities continue to increase as the market share of local and regional foods grows. Across USDA, there are resources, loans and grants to help farmers, ranchers and food businesses find new opportunities in this expanding agricultural sector. Here you can connect with the many programs, research, and educational materials that can help you meet this demand.

Nuland has admitted that the USA has a "Bioresearch lab" in Ukraine and is hoping to keep it from Russian capture. Couple this with Ukraine likely having nuclear weapons stored in the former Chernobyl nuke power plant in order to disguise their existence with the high background radiation. Does this not explain why Putin seized Chernobyl quickly after the invasion started? Many political families have deep financial ties with Ukraine, the Bidens, Clintons, on and on...

As is often the case, a sober review of the facts afterwards seems to somewhat justify Putin's actions in Ukraine, if these facts are true. We have very little chance of getting any truth from our national propaganda arm (thanks american infiltrated journalists). What if Putin was right

here?

Recall that for years, many years, there have been serious efforts to destabilize and cause a war with Russia in the USA. This is not a coincidence, but one with the most serious consequences of all, ending of human civililzation through world war. In my humble estimation as a civilian I've NEVER seen a higher chance of thermonuclear war since the Cuban missile crisis in 1962. This current global crisis may well eclipse even that crrisis. It is also my belief thatt the protective Hand of Almighty God is being removed from America due to our active dismissal of Him. As a student of history I am aware of several not well publicized, yet non secret events that could have resulted in nuclear devastation in America. These were prevented by God imho. Without God can we count on the good sense of mankind we currently see in the world? I think not

Borax I read thru comments. It's “funny “ how many people can't educate themselves thru their own observations and symptoms. Of course, school medicine isn't helping either. To many doctors are 30-40 years behind todays knowledge. What is Borax? It's simple question. Detergent. It dissolve fats. Clean dirty fat from things. What are most dangerous toxins in human body? Don't ask doctors. Fat soluble. If you are lucky, you are going to store them in fat tissues. If not, organs and arteries. Liver is working hardest from 11 pm till 3 am. If you woke up and have heartburn, or can not get back to sleep, thats liver recycling old stored toxic fats. Ooops. I forget that I am not “ medicine man”. Take fiber and binders to stop recycling of toxins and lower Herxeimer reaction. Toxins are really corrosive, especially heavy metals(positiv charged/ different story). Turpentine? Solvent. MCT C8? Solvent.... When Herxing, don't take fish, krill oil, Vitamin D, sardines....

There is an active but hidden biological weapons program institutionalized in the United States government, private industry, and university system; a collaborative franchise led by a cult of scientism that is now completely out of control. They work with no liability, neither for themselves or for the governmental agencies that protect their biological weaponization work, work that is directly influenced by transhumanism and by synthetic biology and synthetic environments. We are in the midst of an unseen war against Nature, against Life Itself. This must be stopped. This is the condensed cut of Wagging the Dog Part 2. Prepareforchange.net Where to start? There will be an event. But 99.9% will not survive. The survivors will be the ones that have survived all of these events the last 200,000 years. The ones with the mark on their wrist or forehead. It’s not the Mark of the Beast that was told to frighten you from them and to expose them if you see them. The mark upon the wrist or forehead is their birth mark. It’s the symbol of light or eternity. They are the witnesses of mankind. A recorder of the history of the world per say. So enjoy the time you have left and be not afraid when the end comes. Be grateful. Thankful. And find your peace.

https://turcopolier.com/what-is-russias-near-term-objective-in-ukraine/#more-12812 @smoothieX12 . I've been trying to get people to understand something regarding Russia's International Financial Dealings for a long time. In particular the destructive policies of the Russian Central Bank.

Someone named 'Billy' commented at the Saker under his article “It saddens me that the word “honor” has been forgotten", which lays this out perfectly. I hope I've given him proper credit for his work.

Sanctions on Russia.

Nothing is more depressing to somebody who understands Modern Monetary Theory than watching supposedly intelligent people make catastrophic decisions based entirely upon a misunderstanding of how banks work and international trade is conducted.

1. Russia doesn’t need the West’s money

Russia has its own currency – the ruble. That means when Russia needs to buy a tank Putin orders the Russian Central Bank to debit the Russian Treasury account at the central bank and transfer that to the supplier of the tank. That’s all he needs to do – forever and for as much as he wants to do that.

That causes an overdraft at the central bank which is an asset of the central bank, and that balances the new reserve liability created for the commercial bank of the tank supplier.

That reserve liability at the central bank is an asset of the commercial bank, who then credits a new bank deposit for the tank supplier. The balance sheets of the central bank, and the commercial bank expand.

The tank supplier will accept rubles for its tanks because it needs to pay its workers in rubles. The reason for that is because Russia imposes taxes in rubles on both the tank supplier and the workers, which if not paid earns them a spell in a Russian Prison.

That's all the 'confidence' Russia needs to impose on its people for them to accept rubles – a confident assertion, backed by force, that they will be jailed if they don't pony up the relevant amount of rubles when they are demanded.

Those taxes are collected. Bank deposits are debited, and bank reserves transferred to the Treasury, which eliminates the overdraft asset and the balancing reserves at the central bank. The central bank balance sheet shrinks back down along with the commercial bank.

There is no need for interest payments. No need for 'borrowing'. There is nobody who can say no. It all just happens and is perfectly self-sustaining throughout the entire area where Russia can impose its taxes.

By this mechanism, Russia has command over all the physical real resources available within its border and can transfer them to the service of the state as required.

2. Russia is a sovereign state

Should the tank supplier decide not to take rubles, then the tank supplier will be commandeered by the state, and the leaders deposed – replaced by somebody who will take rubles.

Should somebody at the Russian central bank decide not to honour Putin's payment order, they will be replaced by somebody who will.

Nobody can stop Russia doing any of these things, because Putin has the authority of the state to get things done, and controls the enforcement mechanisms that allow him to get his own way. Legal decisions will go Putin's way. The central bank will be ordered by the courts to make payments, and the courts will sanction the commandeering of the tank supplier. Why? Because the legislature would have passed the legislation permitting those actions.

The only reason you can't make an order to pay whoever you want for as much as you want is because the courts will side with the bank, not you. For the government the opposite is the case – if the legislature agrees. There is no other control mechanism, because banks can expand their balance sheet on demand.

What's important to note is that this doesn't just apply to Russia. It applies to all sovereign states the world over. Currencies are an expression of state power, a simple monopoly, and monopoly rules apply.

3. The exchange rate.

In the 'seen to be doing something stakes', nothing tops the utter nonsense spoken about central bank 'international reserves' and the SWIFT transaction system.

Let me explain what 'international reserves' do. If you've been abroad to lots of places you'll end up with a drawer full of foreign small change. In my drawer I've some Korean Won, Japanese Yen, Polish Zloty, Bermuda cents and Gibraltar pennies alongside the usual US and Euro cents. That's where they sit – unused except to entertain small children with funny looking coins – because they are useless were I live in the United Kingdom. Yet technically they form part of my assets.

"International reserves" are really a drawer full of loose foreign change. They are of no real use in a country and can be completely ignored or written off to no operational effect. They end up on the balance sheet of a central bank because export entities within a nation want the currency of the nation to undertake local transactions – like paying their local workers. So they swap their foreign earnings for local currency.

Since that creates an FX risk for commercial operations, an excess of foreign currency in export surplus nations tends to bubble up until it ends up under the control of some state entity – often the central bank. There it sits – because not spending it tends to hold down the currency exchange rate which favours exports.

Since the only strategic reason to export is to obtain imports, why should Russia continue to export anything if it is getting nothing material in return?

If that means layoffs in Russian export industries, then there is now plenty of work supplying armaments and equipment to the war machine, as well as substitute industries to replace imports – which will gain greater momentum thanks to elimination of foreign competition. People in Russia are not going to be unemployed.

What about those in the West currently supplying exports to Russia? Where is the untapped source of demand in the world that will take those goods and services they can now no longer supply? There isn't one, and to believe in it is to believe in a fallacy of composition. Instead those businesses will shrink, laying off people. We don't have a national goal that will employ people instead.

As to replacing Russian Gas and Oil, are the West sure we have enough spare pump capacity, and enough LNG ships to move that across the globe? What will happen to power prices in the meantime?

The whole idea of 'creating inflation' in Russia is far more likely to create inflation in the West. Russia has everything it needs within its borders, and eliminating foreign competition will simply accelerate

the internal production of things it wants. All powered by its own banks, lending in its own currency, which they can do with impunity.

SWIFT is a fancy WhatsApp group for banks that allows banks to message each other when they want to move money from one account to another. What happens when you are booted out of a WhatsApp group? You create another one and talk via that. Or you use Signal, or Matrix or perhaps even have a phone call.

If nobody is selling anything to Russians, then why would Russians need to settle in anything other than rubles – which SWIFT cannot affect?

Trying to drive the ruble down just makes Russian exports even more of a bargain and incentivises ways of getting around the blockage. Since a decent team of developers could knock out a SWIFT replacement for the major transaction types in about a fortnight using RabbitMQ and an adequate supply of the finest Russian beer I doubt the Russians are going to be overly bothered by the inconvenience.

After all, the external value of your currency is of little concern if you're not sourcing required items outside your borders. Russia is not Turkey, nor is it Iran. It is an industrial power house with a vast land area full of natural resources and an energetic people that prefers to train engineers and scientists over advertising executives, and that happens to have the fourth largest armed force on the planet.

Russians may want the stuff the West can supply, but they don't need it. Where does West's demand for Gas and Wheat sit on that divide?

There is a persistent notion in the West that Russia is nothing more than a commodity producer and entirely dependent upon imports. I suspect that notion is about to be disabused.

This mistake is failing to separate needs and wants, and failing to recognise that necessity is the mother of invention.

Ukraine exports most of the world's neon gas, which is required in computer chip manufacture. How is the West going to replace that, now it can't pay for it?

4. $ are useful but not necessary

One of the greatest repeated lies in international trade is the idea that the US dollar is king and is necessary. It's a complete fabrication.

Just because some item is usually priced in US dollars does not mean that the contract to supply that item has to be denominated in US dollars. Even if it is, there is no requirement that it is settled end to end in US dollars.

US dollars are used in international trade because they are convenient. In reality in every international trade the seller gets the currency they want and the buyer pays with the currency they have. The international finance system makes a tidy living matching those two desires to create demand.

(What's interesting in the analysis of currency area boundaries and financial exchange is not the border of a country, but the point at which an exchange entity has a foot in at least two currency areas. It's by selecting the actual operational boundary that a Modern Monetary Theory analysis of international trade throws up new insights into the process).

To use an Internet analogy, the US dollar is the network layer, not the application layer. It is a financial IP packet that everybody has converged upon to allow the thing it encapsulates – the actual end to end transaction of real goods and services priced in other currencies – to occur.

If we started charging tolls for IP packets, somebody would come up with a parallel structure or use a different network layer encapsulation. It is the same with money. Once dollars stop being cheap and convenient other methods of exchange will take over. It's the end to end exchange that matters, not how it gets there.

The Wool and Corn Exchanges of the world believed they would last forever. Now, if they survive at all, they are flats, and shops and restaurants. Trade bypassed them when they stopped being convenient and useful.

5. The saving Grace.

Sanctions are based upon a belief about Russia and a belief about money: that Russia is utterly dependent upon imports to survive, that rubles need 'confidence' and 'interest payments' to be accepted, that freezing 'international reserves' will cause bank runs, that inflation will run rampant.

In reality, Russia is self-sufficient in what it needs, rubles are accepted because there are tax payments to pay, interest is utterly irrelevant and can be zero to eliminate inadvertent demand injection, and freezing 'international reserves' will just result in dollar and euro denominated deposits in Russian banks being frozen in the same way, if not entirely confiscated under emergency tax legislation.

Putin's Russia can easily counter sanctions. It can put taxes up – payable in rubles to ensure demand matches supply. It can freeze savings in foreign currencies at its banks. It can LOWER interest rates to eliminate the Interest/Price spiral. It can demand that its exports are settled in rubles or simply stop exporting – since there is no longer anything on the other side worth importing. It can redeploy workers from the export industry to the production of substitute products and services. It can physically ration goods and services amongst the population.

Putin is a conservative statist. The problem will be if that the ‘sound finance’ ideological nonsense is solidly in his mind and that he will make the same mistakes with money as Erdogan and other leaders have.

If he has read “How to pay for the war” by Keynes and truly understood it, and particularly if he has gained insights into the power he has with the ruble that flows from understanding Modern Monetary Theory, then it will be the West blinking wondering what happened, not Russia.

Like all alchemy, financial alchemy works like the hypnotism of the stage magician – an illusion that only captures those with weak gullible minds.

He has already hiked interest rates which was a HUGE mistake. An Orwellian “Sound finance ” trap. Which does not bode well for future actions.

Finally.

People who hold their savings in foreign currency are not patriots and likely oppose Putin. The west has just ‘taxed’ those people.

If you believe that ‘taxing the rich’ reduces their power, then taxing away the savings of those opposing Putin has just reduced their power to oppose him.

I’m looking forward to seeing those championing this approach squaring that circle.

Yep. I have heard , and remember the old preachers. Eve slept with Satan. Fruit is a Pear/ Pair on the ground. But, Lilith Satans mistress wouldn't lay beneath Adam. That leads to the part in the Bible about night creatures. Lilith had the feet of a Owl. That's where the Bohemian Grove Owl. They sacrifice a child. Think hang angels , and crosses around babies. You sing what? Lullabies. Lilith go by! SIDS! Guys the truth has been hid. Able was born from Adam 2 years later. Cain was 17, and Able was 15 when the murder took place. But, the bloodline of God's Son Adam starts through Seth's Son because Eve's Womb was considered unclean for 7 years.(still think it's ok to be promiscuous? CIA plan for women) Seth married Abel's twin sister. Cain had a twin sister also. But don't feel like looking up names. Research your self lol. You need to read Enoch, Jasher, Jubilees etc. Strongs dictionary, and old Hebrew Bibles. KJV has misinterpreted words. Temple of baal angels fell Ezekiel 38 and 39
Some eschatologists now believe that Ukraine, Estonia and Latvia are the three ribs in the bear's mouth. (Dan 7:5) Another source of Israel's wealth is the Dead Sea. One estimate says that "the Dead Sea holds something like 45 billion tons of valuable chemicals, mainly sodium, chlorine, sulphur, potassium, calcium, magnesium and bromide" [Gordon Gaskill, "The Dead Sea Isn't Dead Anymore," *The Reader's Digest*, July 1966, 89:531, p. 158]. If All Trauma will be healed, then that means All memory of abuse will be Erased.
"For the past troubles will be forgotten and hidden from my eyes. Behold I will create New Heavens and New Earth. The former things will not be remembered, nor will they come to mind. The sound of weeping and crying will be heard no more." Isaiah 65:16-19.
The Scriptures are based on witnesses from the previous Eons/Ages and are not based on any one religion. We are entering into a New Age.
Literally the Earth goes through a cycle every 2,160 years, which allows a refresh/restart, due to the North Magnetic Pole (the only Pole) movement alignment with Polaris, the only "Fixed" Star" at the highest and central point of the crystalized dome.

https://www.edmundmazza.com/2021/12/04/256/ Here's a resource our family has found useful. It is a liturgical calendar, meant to supplement the standard calendar, and make the liturgical year present and decipherable, practical for an average Catholic family. So much theology packed into every day, most of which passes us by (me anyway, for sure).

These calendars are beautiful, and draw your attention to the specific days and the progression toward the point of each season. There are four sets of calendars – Christmas (Advent, Christmas, and Epiphany), Easter (Lent and Easter), Pentecost, After Pentecost. They are sent out every three months. The calendars come with a teaching aid, paper and online, that unpacks the important dates, the history behind and the meaning of the events we progress through in the Catholic year. Ancient Catholics were more serious about living their faith through the seasons, perhaps, because they better understood the meaning behind the seasons that connected their individual faith to that of the pure Bride of Christ.

Septuigisima, for instance, is important transition as we leave the Advent season and approach the Lenten season. But what does it even mean, much less why is it there in the Catholic calendar? I am like an illiterate child, in so many ways, when it comes to the power and glory of the Catholic patrimony. It is so easy (for me) to let these important days flow by as I'm driven by the secular calendar behind the normal business and personal activities of every day. This calendar supplements, perhaps replaces to some extent, that secular calendar and imo infuses the Catholic Faith into every day life.

   And this link is to a wonderful site that originally created the calendars and all accompanying information – Liturgy Of The Home.

   https://www.liturgyofthehome.com/
   They have partnered with Sophia Press, but Liturgy Of The Home are the content creators, their web site the best resource for further information and research for each day.

Invasion coincides with launch of US biolabs?

“The military special operation of the Russian Federation in Ukraine coincided in time with the planned launch of American military biological laboratories in Kyiv and Odessa, the Octagon found out. Perhaps this particular launch was the deadline for the Kremlin.

Back in 2017-2018, Russian President Vladimir Putin pointed out the danger of developing biological weapons near the borders of the Russian Federation, and also publicly worried about the “purposeful and professional” collection of Russian biomaterials by foreigners. Then the press actively discussed the possibility of creating a genetic weapon. Genetic technologies in general is a sensitive and topical topic for the president. And these new American-Ukrainian high-tech laboratories specialize in modern biological weapons.

The US Department of Defense Threat Reduction Agency (DTRA) in October 2021 published an additional agreement on “the fight against especially dangerous pathogens” on the US government procurement website. The document concerns the final stage of work on the launch of two biological laboratories – in Kyiv and Odessa. It deals with equipment, staff training and commissioning of facilities. The cost of the work is 3.6 million dollars, however, a number of figures in the document are hidden for reasons of secrecy. It also reports more than 90% readiness of laboratories and a seven-month delay in completing the project (we highlighted in red) – from the date of signing the document (July 2021) to the end of February 2022.

The laboratories were built in accordance with the Cooperative Threat Reduction Program. This Pentagon program started in 1991 and is aimed against Russia and the countries of the former USSR. The creation of laboratories was funded under one of the five subprograms – biological (Biological Threat Reduction Program). Active cooperation between Ukraine and the United States in these areas began after the first Maidan Nezalezhnosti, in 2005.

Two new laboratories are being created on the basis of the Kiev State Research Institute for Laboratory Diagnostics and Veterinary and Sanitary Expertise and the Odessa branch of the Ukrainian civil service for food safety and consumer protection. The main part of the Ukrainian collection of endemic strains of pathogens of dangerous diseases is kept in Odessa. The buildings of new biological laboratories in Kyiv and Odessa were built back in 2019, but were not put into operation. The founder of the project is considered to be the former head of the Ukrainian Ministry of Health, Uliana Suprun (a US citizen, therefore she worked in the status of acting), who received the nickname “Doctor Death”.

The work under the contract is carried out by an experienced contractor of the US government – the Jacobs group, more precisely, its division CH2M Hill. The need for an additional agreement is justified by additional costs and delay due to the COVID-19 pandemic. The notice makes it clear that this project is important and urgent for the US government: further potential delays are called unacceptable, and "DTRA requires urgent completion and handover of both laboratories in order to ensure the active and safe implementation of the DTRA mission."

"Both sites are owned and protected by the government of Ukraine, but neither is currently performing active biological work, as DTRA has asked the Ukrainian authorities not to start work until acceptance and completion work is completed," the procurement materials say.
It also talks about the risk that Ukrainian virologists may begin to operate and modify laboratories without the knowledge of DTRA.

The Americans fear that "theft or damage to equipment" is possible from Kyiv and Odessa. And, indeed, individual excesses have already arisen. In the summer of 2021, an employee of the aforementioned Kiev research institute took a sample of a dangerous virus (Newcastle bird disease) out of the institution and kept it in a regular refrigerator in her own apartment, intending to sell it."

Incidentally, none of the responders here seem to see the irony; the 'Azov brigade' are a private NAZI militia fully funded and trained by the Jewish Biden administration, not the 'national guard'. These are real NAZI's, not make-believe ones. Currently being used as 'useful idiots' to murder ethnic Russians in Ukraine (which they have been doing for the last 8 years). Their match-up with fascist Islam is very definitely a match made in Hell. Guys, You realize the Azov Battalion is full of neo-nazis and 2014 war criminals, right?

Wikipedia hasn't had time to scrub their site, yet (since we are "supporting" Ukraine as the "good guys" you know they will).

So, from wicked Wikipedia:
"In 2014, the regiment gained notoriety after allegations emerged of torture and war crimes, as well as neo-Nazi sympathies and usage of associated symbols by the regiment itself, as seen in their logo featuring the Wolfsangel, one of the original symbols used by the 2nd SS Panzer Division Das Reich."

Call me whatever you want to, but the facts are the facts. They're not simply "allied".

They are a battalion in the Ukranian National Guard!

Ukraine knowingly added them to their military command structure 8 years ago.

That's a fundamentally different relationship than Allied nations in WW2.

I'm an industrial engineer at Moderna and the other one of us is a process development engineer. I'm sure the same thing is happening with Pfizer-BioNTech. It was hard to put things together based on the small quantities of additions happening in manual step (highly unorthodox for a continuous process production). The explanation we got was highly sensitive trade secret adjuvants being added. Digging in deeper showed how sensitive it actually was.

Most people's understanding of this novel vaccine type is that it works as follows:
1. Make mRNA coding for S protein
2. Make lipid nanoparticle delivery system
3. Profit

How it actually works from what we've uncovered:
1. Make mRNA coding for S protein
2. Make mRNA coding for mutant versions of CYP19A1 and CDKN1B in smaller amounts
3. Make sure that while delivery system for (1) mostly ends up in liver, most of (2) ends up in the gonads
4. Make sure form and quantity of additive upregulating LINE-1 reverse transcription activity makes it hard to detect among legit adjuvants
5. Effects from (2) integrated by (4) are recessive; mildly oncogenic effects in vaccine recipients unlikely to be noticed for many years
6. (5) recessive but since most of population vaccinated, in next generation female offspring have premature ovarian failure

(6) coincides with poor people being obsoleted by AI and robotics, so we didn't have to dig for motivation.
We've taken precautions but fear for our safety. So far I don't think we've raised suspicion, but can't be sure. Not sure what to do. Avoiding taking the vaccine makes us prime suspects for this leak.

The 1997 movie, “Wag the Dog” was a preview of all of this. Directed by Barry Levinson, with Dustin Hoffman, De Niro and others, even including Willie Nelson. Here is the short summary — “Shortly before an election, a spin-doctor and a Hollywood producer join efforts to fabricate a war in order to cover up a Presidential sex scandal.”

If I remember, the video they came up with in that movie had something to do with and area in Eastern Europe, kind of like today.

Best thing about today, so far, is watching the livestream video Dianne posted above of Maiden Square in Kyiv. So calm and peaceful. My son and daughter-in-law live in NYC, which is far more violent than Kyiv today.

When Brandon wakes up later this afternoon, as Henry says, we'll see how much further this charade will go.

Ok, here goes…..I had a dream back on March 18th 2021 and in this dream I was walking through a meadow when I walked up on a old antique rod iron bed with a pure white Chanel bedspread with items that I noticed were inheritance from my sister-in-laws mother's estate and around this bed were beautiful carved benches but each bench was carved with horse heads on the backs and the benches arms were rolled carving as scrolls but each was uniquely different so I've been asking the Lord about these benches and he reminded me of the Apocalypse, so as I started reading about the Apocalypse the actual word Apocalypse having to do with the four horses in Revelation the word Apocalypse actually means Removing the Veil, to uncover, to make clear. This blew my mind because this is exactly what has been going on with all this Exposing of the One World Order……..on our World stage the enemy's plans are being Exposed world Wide before our Eyes on a daily base's! WOW
They (the narrative writers) always follow the same patterns and once you see them it's impossible not to notice. When ALL of the mockingbird media starts singing the same tune ALMOST WORD FOR WORD we know we are watching the beast's show. They must really think we are idiots to fall for this crap! The fox anchor in the "combat costume" is so over the top it's like they are rubbing our noses in the ludicrousness of the whole ludicrous show. Sometimes I wonder if they want us to know it's all a show because you'd think they'd do a better job selling their lies. I mean, you'd think they would be worried about presenting a better faked photo or video considering they are trying to fool the whole world and the puppet is representing the US. I went to school to be a digital graphic artist almost 25 years ago (meaning my skills are way past lax) and I could do a better job presenting this con. Things like the fake Oval Office with different things in the window- none of which belong and the green screen disappearing mics and all the other obvious clues to the con are just released for everyone in the world to see. It's insulting that the narrative writers don't even take the time to present an actual believable photo or video, in this digital age they could make literally anything look more real than the crap they present to us as fact. So I have to wonder- WHO IS RELEASING THIS OBVIOUS DEEP FAKE TRASH? They want people of the world to notice what a sham our puppet president is, I think. Otherwise their spell of enchantment (or whatever they do to stuptify the sheeple) is fading and people are being able to see behind the veil of their deceit. Yes!!! Ukraine also has the world's most famous "Brain Research Lab"….. transhumanism anyone? I discovered this doing research for my book "The G.O.D. Project". Remember when Obama put his push out there for "BRAIN STUDY"…. Colorado is another area where all sorts of brain research is taking place. They want our brain in the cloud to control the masses. That was my plot….and it is reality. Remember the US Incorporated is not us, not the Republic…it is Khazarian. US has been infiltrated long ago by the same Khazarian cabal… they are in everything. That is why it is so hard to take down. The cabal wanted Ukraine for a host of reasons and now Putin has his golden opportunity to strike. Woohoo….sounds like Trump is calling them out too. Laura just blew it with Trump. She has gone the way of the fake news or maybe did this to show us it was fake news? Nothing is as it appears. Let's see, they took out the Queen, the Italian Mafia was shaken down, they stopped the Crypto mining in Kazakhstan, they stopped the fiat mining in Antartica, they exposed the Taliban (something significant happened there… haven't dug into that except it was a false flag…something bigger took place. I had suspected this was their front to cover or blame on Taliban the events they were setting up to perform. But, Putin ended their scheme in Kazakhstan as fast as they began it. Halting the mercenary groups.) So, we have people rising up around the world, nations ready to call martial law, arrest and confiscate… and now Putin strikes and they did not have that in their plans. So we have all nations with truckers fighting and jabbing their citizens and a serious super power who is not going to allow the Khazarian Oligarchs to continue their evil in Ukraine. He has taken the matter into his own hands now. He will finish what he has started and they all know it. So, the stupid Khazars have weakened nations military force relying on their UN Militants (all part of five eyes, 9 eyes, and 14 eyes) NSA who have set out to spy on the world and in league to spy on Russia. It is about to unfold they cannot hide their lying eyes any more! Retard, read your pre-woke history books. Ukraine and Russia are basically the same effing cultures. Both founded the former USSR. Ukraine is not "European", nor is it a "democracy". The US installed a puppet government, which is part of the reason for all of this in the first place. I don't blame Putin one bit for defending his border, and Russians living in Ukraine, from woke-NATO. It would have never happened if Trump was president because bombs would be dropping over Moscow as speak. The EU is powerless because it's winter, and they depend on Putin's oil and gas for HEAT. It was a brilliant move, and he even waited for the Olympics to be over. Braindead Biden 0, Proactive Putin 1. Whiterock bitcoin Ukraine

https://www.whatdoesitmean.com/ just know that our media is lying and our own corrupt government is trying to incite war with Russia …so if anything does happen to Ukraine this will be a good cover story the US govt can use so they can bury their crimes money laundering US corrupt govt was doing in ukraine, and then take it a step further and try to blame Russia. Regardless of how badly the media portrays Putin, whether people want to believe how bad or good of a guy he is, at the end of the day Putin is going to protect his own country and his own people. If a war does happen whether true or not, this may be used as the cover story as to why inflation is going to sky rocket…even though the true reason for inflation is due to the fact we have been bankrupt since 2018 with them printing out money

https://diggingdeeper.net/2022/02/17/my-very-breath/ written by – Sandra Thurman Caporale, Memorial Church of Christ in Houston

There was a moment when Moses had the nerve to ask God what his name is. God was gracious enough to answer, and the name he gave is recorded in the original Hebrew as YHWH.

Over time we've arbitrarily added an "a" and an "e" in there to get YaHWeH, presumably because we have a preference for vowels.

But scholars and Rabi's have noted that the letters YHWH represent breathing sounds, or aspirated consonants. When pronounced without intervening vowels, it actually sounds like breathing.

YH (inhale): WH (exhale).

So a baby's first cry, his first breath, speaks the name of God.

A deep sigh calls His name – or a groan or gasp that is too heavy for mere words.

Even an atheist would speak His name, unaware that their very breathe is giving constant acknowledgment to God.

Likewise, a person leaves this earth with their last breath, when God's name is no longer filing their lungs.

So when I can't utter anything else, is my cry calling out His name?

Being alive means I speak His name constantly.
So, is it heard the loudest when I'm the quietest?

Artist credit for graphic- Scott Erickson

In sadness, we breathe heavy sighs.
In joy, our lungs feel almost like they will burst.
In fear we hold our breath and have to be told to breathe slowly to help us calm down.
When we're about to do something hard, we take a deep breath to find our courage.
When I think about it, breathing is giving him praise. Even in the hardest moments!

This is so beautiful and fills me with emotion every time I grasp the thought. God chose to give himself a name that we can't help but speak every moment we're alive.

All of us, always, everywhere.
Waking, sleeping, breathing, with the name of God on our lips.

I KNEW NOTHING about FREEMASONRY until Gwinnett County Sheriff "Butch" Conway, Judge Hamill, DA "Danny" Porter and THEIR Consigliere Alvin "AB" Brooks TAUGHT me ALL about it. MASONIC = SATANIC = PURE EVIL!

I see no difference in the roles that EACH ONE of THEM play. The only difference between MASTER ALVIN "Black Crime" BROOKS and the rest of them is the degree of culpability for the damage done is far greater by the corrupt authorities. THEY are not just CRIMINALS and not just TRAITORS to OUR COUNTRY, COMMUNITIES and THEIR OWN FAMILIES but THEY have BETRAYED THEMSELVES at their very core because THEY can no longer STAND ON THEIR OWN AS A MAN. Text of H.R. 2881 (1

It is always about controlling the narrative. Well a narrative is a story, and they have changed reality into fiction…

“The post-totalitarian system touches people at every step, but it does so with its ideological gloves on. This is why life in the system is so thoroughly permeated with hypocrisy and lies: government by bureaucracy is called popular government; the working class is enslaved in the name of the working class; the complete degradation of the individual is presented as his or her ultimate liberation; depriving people of information is called making it available; the use of power to manipulate is called the public control of power, and the arbitrary abuse of power is called observing the legal code; the repression of culture is called its development; the expansion of imperial influence is presented as support for the oppressed; the lack of free expression becomes the highest form of freedom; farcical elections become the highest form of democracy; banning independent thought becomes the most scientific of world views; military occupation becomes fraternal assistance. Because the regime is captive to its own lies, it must falsify everything. It falsifies the past. It falsifies the present, and it falsifies the future. It falsifies statistics. It pretends not to possess an omnipotent and unprincipled police apparatus. It pretends to respect human rights. It pretends to persecute no one. It pretends to fear nothing. It pretends to pretend nothing.”

I just attended a seminar on tongues and it helped me understand better. Speaking in tongues in front of the Body should not be done in church unless there is someone with the gift of interpretation who can interpret the tongue. And it should always be for the edification of the Body and should glorify God. Your own personal prayer language is a whole other thing. I pray to the Lord both in my native tongue (English) and in my spirit language (tongues). But I'm doing it in private. I do not speak in tongues in church unless it is a time when we are having corporate worship or I am praying over someone for healing, etc. Paul said to desire prophesy more than any of the other gifts, so we should give less emphasis to tongues and more to prophesy for the building up of the Body. Just my two cents worth here.

Raising the family tree to life requires a body consisting of two pairs of branches to govern the whole. I am a “person" [18 USC § 2331(3)], and in accordance to Title 42 of the Public Health and Welfare U.S. Code under Chapter 21 titled Civil Rights Subchapter I § 1981 (a) I am entitled to a “equal employment opportunity” [47 U.S.C Code § 554(b)] to produce the income required to meet my 50% share of living expenses, “but like Adam they have TRANSGRESSED THE COVENANT; There they have dealt treacherously against Me.” Hosea 6:7 Despite section 2000a–1 of title [42 U.S. Code § 2000a-2] prohibits against discrimination I have been a target of bias-motivated "war crimes" [18 U.S.C § 2441] due to exercising my right to “make and enforce contracts" [42 U.S. Code §1981(b)]. The terms to provide the other parent’s share of 50% at-home parental supervision obligations for him would only be under the conditions I receive a 50% financial offer that at least matched the 50% of wages I could have provided for myself before I consider a trade. This is the harmonic give and take COVENANT AGREEMENT that created the family structure in the first place and this is what we have forgotten. In you they take bribes to shed blood; you take usury and increase; you have made profit from your neighbors by extortion, and have forgotten Me,” says the Lord GOD. Ezekiel 22:12

worldtruth.tv/how-to-detect-negative-energies-at-home-using-only-a-glass-of-water/
happen recently or a lot of sadness or fear, cleanse your space immediately!
Once they enter your home, negative energies impact your whole life. They can cause your budget to fluctuate, break the relationships between family members and disrupt the harmony in your home. As a result, you will feel anxious, restless and broken, with no will to live. However, the symptoms may not be noticeable early, which is why it's important to know how to detect the negative energy in your home.
Before starting, it's important to know the reason for the disharmony – sometimes, even negative energies are not the culprit. However, if you can't find the underlying problem, try this trick to detect negative energies:
Get a clear (transparent) glass and pour sea salt in it – it should cover about 1/3 of the glass. Top the glass off with 1/3 water and 1/3 white vinegar, then put it in the room where you think the bad vibes are most powerful.
Put the glass in a hidden spot and leave it for a full day. Make sure no one moves it from the spot. After 24 hours, examine the glass – if it's just like you left it, there are no negative energies in that room. You can try the trick in another room and see what happens.

I'm currently listening to Joseph Murphy, The Power of the Subconscious Mind, I absolutely love it! Relax, trust, be well …

We already entered into the 'New Age' of Aquarius. The writings of the scriptures reads that Jesus will be with us "till the end of the age." The word "age" was translated wrong and many bibles have the word "world." What this means is the Jesus movement is over. & Jewish movement has been over since the 'Age before Pieces, Aries. All 3 religions stem from the same (Abrahamic) Mythology.
This is why they were burning people, mostly women, whom had the true knowledge of the Heavens, which are right above us. That is why you will find the Pope wearing a fish miter representing Pieces, which we just left after 2,200 years. This is why Jesus is depicted with the Sun behind his head, representing The Sun/Son of God. What the jews were worshiping when Moses came down from the mountain was the Ram, which represented Aries 2,200 constellation, that they were leaving when they were entering Pieces Constellation. That's why the jews still till this day blows into a Rams Horn.
We not only went into the new Constellation Aquarius, but we ended the Full 12 Constellation Wheel, that takes 26,000 years to complete. (the wheel goes counter clockwise) This is why you hear people saying "It's an amazing time to be alive." It is the Heavens moving, not the Earth, which too is recorded in the Bible, Job 38: 4-7 & Psalm 93: 1 & 104: 5.
& This is why we hear Dr. Zelenko trying to find a common ground with Judeo /Christian. We should have always had that common ground 2,200 years ago instead of this Power Struggle, as they are doing Now! Who will control the next 'Age.' Perhaps that is the Real reason why the World is wearing mask. What religion wears mask?? Time to put the B/S aside, All 3 religions! Amazing thing about Islam is there symbol of the Moon depicted with a Star. They still live by the calendar phases of the moon & we should. Look at old churches with the 'Dome' on top, just like Mosque, representing the 'Firmament' in Genesis 1: 6-18 & Job 37:18.

I read an article on this some time ago and tried it in a lineup at Costco with no luck. I'm pretty sure everyone else in the line was vaccinated. And the article mentioned the format I should be looking for - as explained in the article you referenced "a 12-character alphanumeric code that consists of 6 groups of 2 characters, each group separated by a dash or colon. So, an example would be 44:B6:27:62:29:F0" https://www.speedtest.net/ookla-5g-map

The Detoxified & Purified – "BODY, MIND & SPIRIT!"
Victoria BidWell Brings into the Concrete Our *Live Food Factor* Subtitle!

Christian evangelists and television personalities Elmer and Lee Bueno built a Mexican-American ministry in the 1980s and '90s based on the promise of detoxification and healing. They taught The Garden of Eden Diet with the biblical prescription of Genesis 1:29 and often reminded their students: "There were no cook stoves in The Garden of Eden!" They called their organization "Born Again Body!" This name not only celebrates being born again in spirit. It praises the feeling of complete purification and rejuvenation of the body, as well! Lee lays out the possibility of achieving a born again body in Fast Your Way to Health. Initially, Lee and I agreed when I went to rewrite/ edit her manuscript, it would be a co-author project. Later, I allowed her to buy my name off the front cover. During the project, I listed 20 signs of a detoxified, purified body, mind, and spirit via fasting and/or raw fooding. The first 17 are a compilation from Dr. Shelton's work. The last 3 are from my oft-noted experiences as a Christian practicing The 10 Energy Enhancers.

- **Bright pink tongue**
- **Sweet breath & fresh, clean-tasting tongue**
- **Normalized temperature**
- **Normalized pulse rate & blood pressure**
- **Soft skin, free of Irritation, Inflammation & other abnormalities**
- **Return of normal saliva flow**
- **Clear, light, odorless urine flow**
- **Odorless excreta**
- **Normal pink color under fingernails**
- **Increased rapidity with which blood flows back into the skin when forced out by applied pressure**
- **Disappearance of unpleasant body odor**
- **Return of genuine hunger**
- **Disappearance of any acute symptoms of disease, if any were present**
- **At least arrest, if not partial to near-complete reversal of chronic, degenerative symptoms, if the faster entered the fast with such symptoms & soon enough**
- **Bright, clear, sparkling eyes**
- **Renewed strength & vigor**
- **Sharp memory & use of mental faculties, in general**

- **Loss of inertia/laziness & a distinct, unmistakable quickening of the flesh to move forward in useful & unselfish projects while fulfilling God's plan for one's life!**
- **Heightened appreciation for God & gratitude for all creation: nature, animals, the flora, the waters, the air and skies, human beings, the planet & the cosmos!**
- **Feeling of mild to high joy & "the peace that passes all understanding."**

While Gene was sharing the information it reminded me of the movie “The Dark Crystal” which was one of my favorites I used to watch with my children when they were young. My thoughts then were like many different movies and cartoons: There are aspects of this that are REAL and happening on earth! The Dark Crystal is a 1982 dark fantasy film directed by Jim Henson and Frank Oz. I recommend people find the full length movie and watch 1 and 2. https://youtu.be/pl9o0qJwFtg

Psychedelics need NOT be present in order to experience any form of euphoria, ecstasy, elevation, etc… especially in dream format. Just because others haven't experienced such things in their lives, doesn't mean it doesn't exist. The burden of proof lies in the inexperienced and nonbelievers to prove but certainly not debunk. Because merely debunking what one hasn't experienced or cannot comprehend is a major cop-out to say the least. Furthermore, re-wording, re-writing or repackaging someone's non-belief does not legitimize your theory, opinion or doubt because they are not based on truth or facts. My travels, adventures and experiences are not yours. We each travel our journey in life. Btw, Almighty God communicates through dreams. Genesis 20:6, Genesis 20:3, 1 Kings 3:5-15, Job 33:14-15, Matthew 1:20, Matthew 2:12-13. Sometimes, we are more awake in our sleep and sometimes we are more asleep while awake. ✝❤

Yes! Poor Jordan. One can see him struggling to put into words something which he obviously has not yet experienced, speaking of spiritual BLISS as if he were painfully dissecting a theory. He is SO intellectual that he has not yet been able to let go of his ego and intellect and to allow his soul search and thrive in Divinity! I'm a born-again Christian, which is often considered very uncool, 'non-intelligent', sheep-like and even naive by philosophers/intellectuals, who are most often atheist. I saw him cringe when he uttered the word 'religion' - such the ugly word to them, and I do understand the unattractiveness of it, when we all know of the corruption, deceit, greed and hypocrisy of many leaders in organized religions. I chose my spiritual rebirth outside of a church, on my own, alone. I experienced this state of ecstasy when I asked Jesus into my life and repented of my sins! Literally, all of what I saw in myself as ugly, impure and even irredeemable felt all at once removed! It felt like a loving blanket instantly enveloped me in a warm embrace. I shook as I sobbed. What a relief! What a deliverance! Oh what pure joy! It has been well documented my psychiatrists that people experiencing a spiritual awakening often have these feelings which I am so grateful to have had. This blissful "state' of mind/heart/soul has remained with me ever since, and it's been 16 years. There was the OLD me, and now there's the NEW me. I don't need drugs, entertainment, outside pleasures, superficial 'quick fixes', or anything at all to be in this state, which has become my reality. I highly recommend to everyone to ask Jesus for forgiveness, to shed their mortal coil so-to-speak, to be illuminated with the Holy Spirit! I no longer have to worry about depression, which I suffered from for many years. I no longer have to feel lost, without direction, useless, depraved, alone or envious. I am detached materially form all in this physical world! It is just THAT simple!

@Gisele Hetu Amen □□ Almighty God Abba Father doesn’t need any gimmicks or over analyzing. We are not to be drunk on wine or high on drugs to accept Him. He wants us to believe in Him through faith, see Him with the eyes of our hearts and write His words in the notebook of our hearts. I believe Jordan is a good guy and simply lost in translation because the Bible which is God’s living word, isn’t meant to be misconstrued, renewed,, improved or revised to accommodate mere mortal men lifestyles. Jordan is on the journey Almighty set before him as we all are. We all have a personal relationship with Father God. ✝□□□Jesus Christ/Yeshua Hamashiach is the way, the truth and the life. My husband is waiting on me because we are heading to the store. ✝□□□□□

there is an impact of EMF on the brain and cognitive processes but this impact is revealed only in a task exploiting spontaneous exploratory activity."

This Right Here 

Is Why the Arrests Have Not been Made Public!

If they Announced Arrests.....
HRC for Example, they Risked Activation of one or more Cruise Missiles Going Off From ANY Shipping Container

There "WERE" 100's if not 1000's
Of shipping containers Parked ANYWHERE
Pointing At Right at US!

They Own Ports, all along the Coast Lines, North and South!

They Own The Trucking Companies!
They Own the Drivers!

All the Containers Looked the Same!
4 Cruise Missiles in Each One!

Anyone Could Have Bought One!
They Could Be Anywhere!
Ready to Go Off, Remotely!
At Any Time!

Threatening to Blow us ALL!!

Remember those Nuke Warnings?
Winnipeg, Pickering, South Carolina, Hawaii!

EVERYTHING Is Connected!

HRC is Stuck
Russian Navy to the North
US Navy to the South!

Good Thing Russia is Part of the Alliance!!

Check Mate!

per dose is one tiny pinch of borax, 1 tsp activated charcoal, 1 tbs apple cider vinegar, and I use 1 drop of iodine as well _ Leviticus 11:4-47 Nevertheless these you shall not eat among those that chew the cud or those that have cloven hooves: the camel, because it chews the cud but does not have cloven hooves, is unclean to you; the rock hyrax, because it chews the cud but does not have cloven hooves, is unclean to you; the hare, because it chews the cud but does not have cloven hooves, is unclean to you; and the swine, though it divides the hoof, having cloven hooves, yet does not chew the cud, is unclean to you. Their flesh you shall not eat, and their carcasses you shall not touch. They are unclean to you. ‘These you may eat of all that are in the water: whatever in the water has fins and scales, whether in the seas or in the rivers—that you may eat. But all in the seas or in the rivers that do not have fins and scales, all that move in the water or any living thing which is in the water, they are an abomination to you. They shall be an abomination to you; you shall not eat their flesh, but you shall regard their carcasses as an abomination. Whatever in the water does not have fins or scales—that shall be an abomination to you. ‘And these you shall regard as an abomination among the birds; they shall not be eaten, they are an abomination: the eagle, the vulture, the buzzard, the kite, and the falcon after its kind; every raven after its kind, the ostrich, the short-eared owl, the sea gull, and the hawk after its kind; the little owl, the fisher owl, and the screech owl; the white owl, the

jackdaw, and the carrion vulture; the stork, the heron after its kind, the hoopoe, and the bat. ‘All flying insects that creep on all fours shall be an abomination to you. Yet these you may eat of every flying insect that creeps on all fours: those which have jointed legs above their feet with which to leap on the earth. These you may eat: the locust after its kind, the destroying locust after its kind, the cricket after its kind, and the grasshopper after its kind. But all other flying insects which have four feet shall be an abomination to you. ‘By these you shall become unclean; whoever touches the carcass of any of them shall be unclean until evening; whoever carries part of the carcass of any of them shall wash his clothes and be unclean until evening: The carcass of any animal which divides the foot, but is not cloven-hoofed or does not chew the cud, is unclean to you. Everyone who touches it shall be unclean. And whatever goes on its paws, among all kinds of animals that go on all fours, those are unclean to you. Whoever touches any such carcass shall be unclean until evening. Whoever carries any such carcass shall wash his clothes and be unclean until evening. It is unclean to you. ‘These also shall be unclean to you among the creeping things that creep on the earth: the mole, the mouse, and the large lizard after its kind; the gecko, the monitor lizard, the sand reptile, the sand lizard, and the chameleon. These are unclean to you among all that creep. Whoever touches them when they are dead shall be unclean until evening. Anything on which any of them falls, when they are dead shall be unclean, whether it is any item of wood or clothing or skin or sack, whatever item it is, in which any work is done, it must be put in water. And it shall be unclean until evening; then it shall be clean. Any earthen vessel into which any of them falls you shall break; and whatever is in it shall be unclean: in such a vessel, any edible food upon which water falls becomes unclean, and any drink that may be drunk from it becomes unclean. And everything on which a part of any such carcass falls shall be unclean; whether it is an oven or cooking stove, it shall be broken down; for they are unclean, and shall be unclean to you. Nevertheless a spring or a cistern, in which there is plenty of water, shall be clean, but whatever touches any such carcass becomes unclean. And if a part of any such carcass falls on any planting seed which is to be sown, it remains clean. But if water is put on the seed, and if a part of any such carcass falls on it, it becomes unclean to you. ‘And if any animal which you may eat dies, he who touches its carcass shall be unclean until evening. He who eats of its carcass shall wash his clothes and be unclean until evening. He also who carries its carcass shall wash his clothes and be unclean until evening. ‘And every creeping thing that creeps on the earth shall be an abomination. It shall not be eaten. Whatever crawls on its belly, whatever goes on all fours, or whatever has many feet among all creeping things that creep on the earth'these you shall not eat, for they are an abomination. You shall not make yourselves abominable with any creeping thing that creeps; nor shall you make yourselves unclean with them, lest you be defiled by them. For I am the LORD your God. You shall therefore consecrate yourselves, and you shall be holy; for I am holy. Neither shall you defile yourselves with any creeping thing that creeps on the earth. For I am the LORD who brings you up out of the land of Egypt, to be your God. You shall therefore be holy, for I am holy. 'This is the law of the animals and the birds and every living creature that moves in the waters, and of every creature that creeps on the earth, to distinguish between the unclean and the clean, and between the animal that may be eaten and the animal that may not be eaten."

Happy Hippy - Shine Brightly - Whitening Tooth Polish

From Dig Local Network

Smily proudly to show your freshly polished pearly-whites after an activated charcoal polish. Powered polishes are effective by simply applying toothpaste as one usually does, then either sprinkling a small

amount of the powder over your usual paste or give your brush a gentle dip-and-tap before brushing allow the ingredients to mix and soak with a momentary gargle and swish before expelling close to the sink. Typically, the longer the gargle, the brighter the results. Happy Smiling!

That's an interesting idea, you could maybe just use (inactivated) brewer's yeast (personally I prefer beer, coz I'm pretty sure I'm immortal).

I mean seriously, something like kelp, molasses and yeast is rather effective "basic" medicine.

I mentioned the things I did coz it's common cheap stuff and it addresses numerous typical issues (coz people tend to get too little potassium and magnesium relative to sodium and chlorine, with calcium also often kinda messed with due to excessive garbage like fluoride and chlorine, people thinking typical dairy has lots of calcium, various other factors influencing that, such as sunlight, and the sulphur is important for taurine related metabolism). It also seemed to work really well.

I forgot to mention that using something like pure mineral sort of salt (desert, himalayan, sea) instead of typical table salt (coz processing) is a good idea too (though depends a bit). But I mean, the other stuff I mentioned is specifically for mineral balance and enzyme activity and tends to be far more important.

https://www.sciencedirect.com/science/article/pii/B9780128023099000248

"Sauerkraut is a traditional vegetable product usually produced by spontaneous fermentation that relies on lactic acid bacteria (LAB) naturally present in white cabbage. However, current trends on sauerkraut production propose the application of starter cultures in order to ensure a uniform quality of the product."

See that's stupid, coz that's homogeneity and doesn't consider status or context. I'm 100% hetero, variety is the spice of life, so to say. And homogeneity is the bane of creation. You can use pretty much any vegetables, herbs, edible plants (and you'd be surprised at how many plants have nutritional use) and even minerals, it's about trying to find a good balance. Does it taste good? Is it nutritious and addressing typical and/or specific excesses/deficiencies?

See that shit they say trying to suggest the lactic acid bacteria is causative in the fermentation is wrong. Coz the lactic acid bacteria are morphological results of that cabbage fermenting. That's why you can get lactic acid bacteria from pretty much any plants, it just depends on the elemental sort of balance. The lactic acid bacteria is basically just a result of change.

That lactic acid bacteria is not causative in that sense, it's a result of those plants changing, fermenting naturally, kinda like senescence and it requires specific conditions, minerals, carbohydrates, etc. If you understand those sort of things, you're well on your way to knowing wtf is going on with your body, too.

I try to explain to people that they're alchemists (or rather, should be, considering they mostly behave like homogenized zombiedronerobosheepclones).

https://www.americaoutloud.com/dilute-povidone-iodine-nasal-oral-washes-for-the-prevention-and-treatment-of-covid-19/

The SARS-CoV-2 virus is transmitted in the air and settles in the nose, and multiplies for days before it invades the body. When sick with nasal congestion, headache, fever, and body aches, the source of symptoms is the virus in the nose.
The virus must be killed in the nasal cavity at least twice a day after coming back home for prevention and up to every four hours during active treatment. This is very important with the Omicron variant, which multiplies 70 times faster than the prior strains of the virus.
Early treatment using this approach is associated with a 71% improvement, as shown in the figure.
Also shown is a quick set up at home with povidone-iodine, which costs under $10 a bottle online.
Take 1/2 tsp mix in a shot glass 1.5 oz of water, squirt up nose, sniff back to the back of the throat and spit out. Do twice in each nostril, then gargle with the rest for 30 sec. Do not swallow. If iodine allergic or intolerant, can substitute hydrogen peroxide.

Great post today on your website, at 40, I completely concur with your assessment.

Men are wise to minimize their exposure to the attractive unclad woman they arenâ€™t married to. If Samson, David, and Solomon couldnâ€™t handle it, no wise man today thinks he can either.

At the risk of being called a prude - which bothers me not at all because I only need one friend when I die: my conscience - permit me to relate that it was an admirable habit my parents taught me and my 17 siblings growing up to never go to the gym, swimming pool or beach. They also didnâ€™t have a television in the home, and wouldnâ€™t let us watch movies or listen to popular music, though we often tried to pursue it on our own.

It would have been wonderful if every parent in America trained their children like the Founder of Kelloggâ€™s raised his. He understood that masturbation was wicked, today, society lies to us and says itâ€™s wonderful.

https://archive.org/details/plainfaorold00kell

Kelloggâ€™s ideas on eugenics and on only copulating for procreation are off, but every single other idea he had was spot on. In light of globalist bankers trying to use many non-whites to overwhelm America with their Anti-American ideology, itâ€™s something to consider.

Also, Iâ€™ve found the Transformed Wife website to be a treasure trove of wisdom from women who are dedicated wives and mothers, a welcome breath of fresh air in the poisonous feminist stench men in America have been breathing for so long.

I liked your answer to "Christine S" below

Too bad she didn't refer you to 1 Corinthians Chapter 7. The entire chapter is devoted to the topic.

"2 Nevertheless, to avoid fornication, let every man have his own wife, and let every woman have her own husband. .."

Christine S said (April 21, 2020):

We shouldn't let the dust that is our mortal body rule our lives.

Instead, we should use the lusts of the flesh to our spiritual benefit, & overcome ourselves.

James 1:2-3 - "My brethren, count it all joy when ye fall into divers temptations; Knowing this, that the trying of your faith worketh patience."

Galatians 5:16-17 - "This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh: and these are contrary the one to the other."

God is right. As always.

https://epidemiologyexplained.com/the-1918-pandemic-was-caused-by-a-vaccine/

Humanity is caught up in such a sorry state of affairs.
There is great power in the hands of the unelected.
Sovereign governments controlled by oligarchs, enslaving the people, working for big pharma and the banks.
The very people who should not be allowed to possess power.
This combination of power, greed and ignorance is certain to end in disaster.
Powerful people that want the whole world to remain divided into rich and poor.
Their whole effort is to keep you as unintelligent as possible, so those who have power are never questioned, their intentions are never questioned.
Those who have taken away your individuality, your freedom, your intelligence, in its place they have given you bogus beliefs, which mean nothing.
You are talking about every possible impossible thing you know nothing of,
Your systems are purely creations of imagination.
The end result of believing, of having faith in a truth that you have not realized yourself.
It is hearsay.
Our world is fully unconscious and facing a dangerous crisis, which drags us ever closer to the nuclear precipice.
There remains no choice but to address the fundamental problems of our global dystopia.
To discover the very roots of it's unconscious nature.
Yet until the people begin to realize that the solutions we seek can only be found beyond the intellectual mind.
Global peace and freedom will remain a utopia!
How many so called world leaders, oligarchs, artists, scientists, academics, politicians, clergy, celebrities, know themselves?
Or are even aware that they do not know themselves?
Knowing oneself is intelligence.
Intelligence comes from seeing.
Not from the mind.
Intelligence is consciousness itself.
Thoughts must cease for your intelligence to be.
Consciousness, being free of thought, is the door to knowing the absolute, zero.
It is ever present within us.
Intelligence is always in the present.
Intelligence is a state of no-mind.
Fully unlocking the present will release humanity from its entire past of divisions, violence, hatred and war.
Transcending mind will release humanity from all tyranny!
Set Intelligence as a Universal Existential Constant!
Yet, you are collecting all kinds of retarded information that seems to be important to you.
Why does it seem important?
It seems important because it covers your ignorance.
It helps you to feel as if you know.
Yet you have no criterion to judge the true from the false.
It is mere hearsay, knowledge which is ignorance.
Unfortunately, ninety-nine percent of humanity belongs to that category.
Truth is intrinsic in your consciousness, beyond your mind.
It is not a thought.
It is not a question of philosophy, nor a question of intellectual discussions.
It is a question of deep meditation that leads you beyond thinking, beyond mind.
Modern physics, in the hands of Albert Einstein, has turned almost into mysticism.
Nobody has noted the fact, because mystics don't understand modern physics and the physicists do not care about the mystics.
The mystics have always experienced that they are one, but nobody has listened to them.
Perhaps man was not mature enough to understand the depth of their declaration.
The mystics have simply expressed the oneness of all.

That existence knows only one moment.
The present moment.
Physicists go into detail.
Physicists say that existence consists of two elements: space and time.
And Einstein turned even these two into one.
Albert Einstein, especially, was the first scientist to come to the conclusion that time is the fourth dimension of matter.
He used to say that “There is not space and time, there is only ‘Spacetime’.”
Einstein had said, “the separation between past, present, and future is only an illusion, although a convincing one.”
We are accustomed to dividing time into past, present, and future.
But in reality these are not the divisions of time, these are divisions of our mind.
Because past does not exist anymore, except in our memories.
And the future exists not yet, except in our imaginations.
Time means mind.
Time is a projection of mind.
It does not exist, it is only an illusion, although a convincing one.
Maya is a faculty of the mind.
The state of unconscious hypnosis that all human beings together create throughout the world.
Mind has the capacity to manifest whatsoever it believes.
Its belief becomes the actuality.
Yet mind prevents us from ever knowing the truth.
That only the present exists, and the present is not part of time.
This moment in which we are living is of tremendous importance.
As things are moving today, the logical conclusion is a global suicide.
We are coming closer to a third world war.
Ask sleepy Joe?
A sneaky first strike US nuclear attack on Russia and China?
It is sad to recognize the fact, but it is good to recognize it, because then there is the possibility of taking a different turn.
A single politician, to show their power, can destroy the whole of civilization.
Moscow, New York, London, Beijing, any place can be vaporized within seconds.
The whole point of a war is to win, but in a nuclear war nobody wins.
So war has lost its basic foundation.
If a nuclear war happens it will be the destruction of all.
People are completely asleep!
It is time that politicians should learn to discriminate.
What helps life and what destroys life.
These criminals have to realize their responsibility.

This is the only planet in the whole of existence which is alive
It’s death would be a great tragedy.
But it can be avoided.
The intelligentsia of the world has to create an atmosphere in the world.
A tremendous struggle for a great revolution in human consciousness is needed, and everybody is called for that revolution.
Contribute all that you can.
Your whole life has to be given to the revolution.
You will not have another chance, another challenge, for your own growth, and for the growth of this whole beautiful planet.
You have to become the soldiers for this revolution to avoid the criminal forces, the evil forces, which are getting ready to destroy us.
The death of this earth is not far away.
A revolution in human consciousness is no more a luxury, it has become an absolute need, as there are only two alternatives, suicide or a quantum leap in consciousness.
It is now or never!

J-P. MacLean Ph.D., the renowned "anti" Secretary of the Western Reserve Historical Society, having readily overthrown the conclusions of all the great men who for a century past have been convinced of the efficacy of vaccination for the prevention of smallpox, now comes to the front in the newspapers with the real preventative. ***"Any person who has been exposed need have no fear of smallpox if he will take two or three tablespoonfuls of pure cider vinegar three or four times a day." The discussion may now be regarded as closed, and smallpox at last is conquered!*** *What a pity Secretary MacLean Ph.D. has been so long in expounding his great discovery... HOW DOES SOMEONE FIND AND USE IT?

I personally don't sell it, but there are still some active vendors as well as a few different ways to make your own ClO2 gas. An easy way to make it is by combining sodium chlorite and citric acid solution in a small 1:1 ratio of drops in a clean glass and allow 30-60 seconds to activate. That's pretty much it. When mixing the drops, it's commonly referred to as 1 "drop of MMS/chlorine dioxide" when 1 drop of sodium chlorite is added to 1 drop of citric acid. 1+1=1 drop MMS. Easily dispensable bottles of sodium chlorite and citric acid can be purchased online at kvlab.com. Now, let's discuss when to take these drops and how many. One of the more well known (but intensive) regimens is Humble's Protocol 1000, whereby one would take 3 drops of MMS (3+3) every hour for 8-12 hours a day. With a protocol like this where a small amount of ClO2 is getting into the blood for a prolonged period of time, it allows the compound to do more work on the pathogens in the body. If it were only taken twice a day, even in higher amounts, it still wouldn't be in the body as long. I have never done this protocol myself and I rarely use MMS in general these days, but I have the bottles and the knowledge on hand, just in case. What I have done in the past are "maintenance doses" of 5-10 drops of MMS once or twice a day. I've also used chlorine dioxide gas to help clear and cleanse my sinuses and respiratory tract by gently inhaling, holding, and exhaling for a few repetitions. An important warning about using ClO2 is the "Herxheimer Effect", named after the doctor who first studied it. Essentially, if the body detoxifies too fast, it can cause nausea, stomach distress, or diarrhea. As such, it's important to start slow when detoxing the body.

Infrared is in the column of energy we feel, it's absorbed by objects more and has less powerful vibrational speaking. I can't find the energy we can't see or feel, but it would seem to be ftl energy likr in your older short video equation E=1/2M,V2. Neutrinos are beginning to be understood, Einstein being wrong about them because they have changing mass due to the "tidal energy" in the heavens it passes thru. Each planet emits a differnt signiture due to it's construction (massed particles), which seems to back up my thought all of God's creation works of electromagnetic vibrational and ftl streams of of energy.

Hi Scott, Figured out the problem after many expert professionals with the jab besides the obvious. That hydra podium is a parasite that possibly has two functions. One it has six appendages with a body. The graphene oxide is a self assembling electrical element that could attach to each appendage stretching the hydra to resemble a nerve cell with artificial dendrites. (Hypothesis) Two not a hypothesis is that hydra has synthetic DNA to cut and paste into a person’s genome. It is what the fallen angels in Genesis 6 got in trouble for creating chimera and giants. It makes people into trans

human. When the giants died their eternal spirit came out as a demon. This is what is confusing people about aliens. Tall whites, greys, reptilians etc. Chuck Missler is a person you should spare some time for as well as Skywatch and Tom Horn. This are savvy Christians that will be more on your level. The aliens will appear as angels of light and perform miracles. But they must always acknowledge who Jesus Christ is and that's the tell. Still listening.

Always enjoy listening to Tom Horn. From past study, I've noticed in the Bible, God uses several different examples, stories or events —to get a concept across. Abba showed me years ago, that one important example of Jacobs Ladder—is our DNA, there's 22 chromosomes & 22 letters of the Hebrew Alphabet. There's four letters in Father God's name, YHWH and four nitrogenous bases to

make ATCG that make up our DNA. Yahusha HaMassiach called the Heavenly Father, His ABBA.

He said, my Father &!I are One. And interestingly they discovered His blood type to be AB-

(negative) or AB BA. I believe that one rung of our DNA ladder is A & the other is B.....it goes on & on. Praise our Yahuah, our Abba & our Saviour Yahusha HaMassiach, and the precious Ruach

Hakodesh, Holy Spirit Tongues of Life & Fire forever & ever!! I LOVE Him sooo!

The above photos shows some of the other nanoparticles found in the COVID experimental shot. These consist of not only lipid nanos but stainless steel nano tubes, nano antennas that receive signals from drones, cel phones or 5G towers, and reportedly nanos that specifically locate the pineal gland which is our connection to God. and connect it to the hive mind. It is said that these nano " liquid crystals in the brain will become micro receivers - low frequency waves will make us unable to think. In other words, zombies." Dr. Pierre Gilbert 1995. These monsters have been planning this genocide for a long time. Nanos can be magnetic and will link up in chains as I have shown with my own experiment on nanos and frequencies. This can be one reason that the vaccinated become magnetic and metal sticks to them.
Besides nanos fungus, mold, parasites ,aluminum, mercury, aborted baby cells (W138) RNA and DNA from other species and bovine syrum can be found in "vaccines".
UPDATE: microscopic slivers of stainless steel have been found in the "vaccine" Thousands of particles of them in every drop. These slivers act as tiny razor blades that slice everything in their path. They can also easily become magnetic.
Other ingredients in many "vaccines" include aborted fetal cells, mercury, and aluminum. Dead baby cells are put in our bodies in order to corrupt the temple of God which is you.

Some 30 people now have been observed to have had c19 symptom relief (three doctors included) from ARGYROL, a micronized/protein silver colloid (20,000 parts per million-PPM), NDC# 68445-30-15, developed in the 1890’s and patented by Dr Barnes (see Argyrol.com). Nebulizer sittings were performed once daily until symptoms were erased.
It appears recovery takes approximately the same amount of time to occur as the symptoms have been present previously.
The silver is thought to stimulate respiratory epithelial regrowth as Silvadene does in skin epithelium regrowth in burn victims.
Glutathione from Nanoceuticalsolutions.com is believed to aid in damage prevention from the cytokine blast in lungs also.
MMS, chlorine dioxide (Cl_2O_2) in the majority of the 30 was not helpful.
If there are any questions on the value and ownership of silver see Haggai 2:9

NOWHERE IN THE BIBLE DID THE APOSTLES GO AROUND PREACHING REPEAT AFTER ME (SINNER PRAYER) OR THE RECEIVE JESUS AND TRUST FALSE GOSPEL. THEY PREACHED REPENTANCE AND FAITH PROVEN BY DEEDS (ACTS 26:20). WE WILL NEVER BE PERFECT IN KNOWLEDGE OR FREE FROM

IGNORANCE OR MISTAKES IN JUDGEMENT. BUT DONT TELL ME A MISTAKE IS LOOKING AT PORNOGRAPHY, COMMITING ADULTERY, GETTING DRUNK (HIGH) OR ANY OTHER VILE SINS UNTO DEATH.WE ARE REQUIRED TO GO AND SIN NO MORE (JOHN 8:11)(JOHN 5:14). HOWEVER WE CAN INDEED BE PERFECT AS OUR HEAVENLY FATHER IS PERFECT (MATTHEW 5:48). BY OBEDIENCE TO THE TRUTH (1PETER 1:22). WALKING IN THE SPIRIT AND PUTTING TO DEATH THE DEEDS OF THE BODY. FULFILLING THE RIGHTEOUS REQUIREMENTS OF THE LAW THROUGH THE SPIRIT (ROMANS 8:1-4). WE CAN BE PERFECTING HOLINESS IN THE FEAR OF GOD (2CORINTHIANS 7:1), WE CAN BE HOLDING FAST WITH FULL CONFIDENCE STEADFAST TO THE END (HEBREWS 3:3 AND 3:14), WE CAN BE HUNGERING AND THIRSTING FOR RIGHTEOUSNESS AS WE ARE COMMANDED TO DO BY DOING WHATS RIGHT BY FAITH WORKING BY LOVE. FEARING AND LOVING GOD AND HATING SIN (PROVERBS 8:13) AND (PSALM 97:10). ABSTAINING FROM EVERY APPEARANCE OF EVIL (1THESSALONIANS 5:22), KEEPING YOURSELF PURE (1JOHN 3:3). HE THAT IS BORN OF GOD KEEPETH HIMSELF AND THE WICKED ONE TOUCHES HIM NOT (1JOHN 5:18). YOU KEEP THE BODY UNDER LIKE (1CORINTHIANS 9:27), YOU BUFFET IT, YOU DISCIPLINE IT IN THE WORD, YOU WALK IN THE SPIRIT, YOU CONTEND DAILY AGAINST THE TEMPTATIONS OF THE WORLD THAT ARE ALL AROUND US IF INDEED YOU ARE A TRUE CHRISTIAN. YOU PEOPLE THAT ARGUE IN FAVOR OF SIN THERES NO WAY YOU CAN BE IN THE FAITH. WE CAN BE CHOOSING TO DO GOOD, WASHING OURSELVES CLEAN LIKE (ISAIAH 1:16-17), WORKING OUT OUR SALVATION WITH FEAR AND TREMBLING (PHILLIPIANS 2:12). WE CAN DO ALL THESE THINGS. NOW BE HONEST, DOES ANY OF THIS STUFF THAT I JUST READ OUT OF THE SCRIPTURES SOUND ANYTHING REMOTELY LIKE WHAT YOU PEOPLE THAT ARGUE IN FAVOR OF SIN AND ONCE SAVED ALWAYS SAVED HAVE BEEN TAUGHT AND BELIEVE ABOUT REPEAT AFTER ME (SINNER PRAYER) AND THE FALSE GOSPEL OF RECEIVE AND TRUST IN JESUS IS ENOUGH WHILE YOU SIN DAILY IN THOUGHT, WORD, AND DEED? CAN YOU MUSTER THAT MANY SCRIPTURES (AND I CAN SHOW YOU AT LEAST 50 MORE THAT SHOW YOU HAVE TO LIVE A HOLY AND RIGHTEOUS LIFE TO INHERIT THE KINGDOM) TO SHOW ME THAT YOU CAN LIVE IN SIN AND INHERIT THE KINGDOM? CAN YOU SHOW ME EVEN ONE THAT SAYS THAT? IF THE FAITH YOU CLAIM TO HAVE HAS NOT PURIFIED YOUR HEART OF THE LUST OF THE WORLD, THE LUST OF THE EYES, AND THE LUST OF THE FLESH, THEN YOU HAVE BEEN DECEIVED!!! ONLY SATAN WOULD TELL YOU THAT YOU CAN SIN AND NOT DIE LIKE THE SERPENT TOLD EVE IN THE GARDEN. PRAY ABOUT MY RESPONSE AND MAY GODBLESS YOU AND I TRULY HOPE YOU GO AND STUDY HOW PEOPLE GOT SAVED IN THE BIBLE. WE ARE NOT SAVED BY FAITH ALONE (JAMES 2:24)...

In this interview, Dr. Thomas Levy, a board-certified cardiologist perhaps best known for his work with vitamin C, discusses nebulized hydrogen peroxide, which has become my favorite intervention for viral illnesses, including COVID-19.

Nebulized hydrogen peroxide is a safe, inexpensive and incredibly effective way to prevent and treat viral illnesses of all kinds. While hydrogen peroxide kills viruses, it also kills other pathogens that can contribute to an unhealthy gut and/or oral microbiome. As such, it may also improve your microbiome and help resolve a wide variety of other chronic ailments, including gut problems and periodontitis.

Hydrogen peroxide is part of your body's natural defense against pathogens. So, when you nebulize hydrogen peroxide, you're really just augmenting your body's natural defense system.

Being able to treat yourself at home at the first signs of COVID-19 symptoms will also virtually eliminate your risk of long-haul syndrome. So far, medical doctors who have treated COVID-19 patients agree that if treatment begins early enough, patients almost always fully recover and have no longstanding side effects from the infection.

Buy the required supplies before you need them, so you have everything and can treat yourself at the first signs of symptoms. Most of the time, after two or three treatments, the infection will be stopped in its tracks.

If the vaccination rollout is about stopping a disease that is considered so deadly that children have to be vaccinated, then why are some people being injected with placebos?

The people given placebos must be just as able to spread the disease as those who haven't been jabbed.

But presumably that's not important.

It doesn't matter whether they spread this deadly disease around or not, as long as they showed compliance: that is what gets rewarded!

This is nothing more than a mass experiment for novel vaccines and not much else really.

One thing I noticed going through my experience with long haul Covid is CNS. The nerve issues I have had have been very similar to a Brachial Plexus injury or Thoracic outlet syndrome. Weakness, loss of strength, and size in my left arm. Weakness is in the Tricep, pectoral, trapezius, left Lat muscle. When I started on Glutathione I started making progress really fast. Had Covid July 5th 2021. Still dealing with Nerve issues including little to no smell the entire time. Also had a full blood work up and my liver enzymes were sky high but that's all that was out of range. D3, Vitamin C, Glutathione(or NAC), Alpha Lipoic Acid.

@SkeletorGames then you deny God's word. "my people are destroyed from lack of knowledge" Hosea 4:6. In Revelation people are deceived by PHARAMKEIA Revelation 18:23 The MARK - charagma/charasso(greek) = Sharp Point/Jab It's given in/on the skin. IN - epi(greek) = "on, upon, at, by, near, over, on top of, toward, against, among." As in epicanthal a fold of skin that comes down. Or

Epiphenomenalism, the philosophy that our mental life affects our body. Also worth noting Epi is the same Greek word we get the word for epinephrine injection from. The mark is given in the right hand (cheir [greek] = Will -symbolic Mat 5:3-permission & future literal fullfillment) or in the forehead (metopon [greek] = Mind, symbolic Rev 14:1. =justification of those who take the mark) So I fail because I haven't taken the jab based on my knowlege of that? Because I recognize that Revelation is not in chronological order? And those who claim this jab can't be the mark are lining up to get it because they love their lives here more than they love God have made a justification in their minds? I will take my chances I am wrong then. Because being right as you claim to be means I'd risk my name being taken out of the Lamb's Book of Life. This is literally spirtual life or death. Be careful how you play with that. But this man is right. https://youtu.be/3W3bUGadMXk

The evidence on this video will shock the average person for sure! **Nebulize 10PPM of colloidal silver, 1/2 oz. 3 times a day, as soon as you feel sickness coming on, as needed. You can get a nebulizer at Walmart or any pharmacy and the colloidal silver OTC at most pharmacies as well. If it is 40 PPM then just dilute it with the pure distilled water (1 part C.S. to 3 parts dist. H2O). Take 5000 IUs of Vitamin D, 50 mg of Zinc, and 1000 mg of Vitamin C - daily. Double and triple down when attacked by sickness. You can even take some Airborne to help.**

> **Alfred Renald** Terry Johnson • 10 days ago

> Never tried silver, but one can nebulize hydrogen peroxide, which is easily available. Search for Drs. Thomas Levy or Mercola on the protocols, but here is Mercola's: Convert the usual 3% peroxide to 0.1% by diluting with 0.9% saline. Saline: Take 1 pint water and 1 teaspoon natural salt. Mix 7 parts of saline with 1 part peroxide (ie, 71/4 tsp saline with 1/4 tsp. peroxide). Nebulize at first sign of infection 3-4 times a day for at least 5 minutes for a week.

Was supposed to take over after Obama for another 8yrs but Trump intercepted so they had counteract the plan and speed up their agenda which instead caused people to wake up and realize to what is happening exposing deepstate and their corruption. If hilary won, it would have been really bad. We wouldn't even see the evidence of election fraud if she did win. I wonder myself if I would of even realized about the shots or if I would fall for it had that been the case.

I've been consuming DE for several years, as there are 'many' health benefits. I used to take it daily, but I also have to fit in several other supplements in the morning, and most need to be taken separately. Any type powder is dangerous when inhaling, which most people realize. I buy 5 lb. bags

which last a LONG time, and since it's not convenient to keep that bag handy, I spoon out the powder into one of my pt. canning jars. I add a spoonful to my cup, then mix a bit of water to make a paste, adding more water to fill the cup. One thing to remember is to drink enough water with it, and even afterward, try to drink some extra water, which we all need anyway.

I have friends with pets and one who has 4 house cats that end up with fleas every summer. Most people I know aren't too much into my type of lifestyle, so when I mention DE, they are skeptical. I told them farmers use it on their horses and other animals, mixing some into their feed and brushing it on their bodies. Just brush it through their fur, and also sprinkle it around the perimeter of your rooms. It will kill the fleas, as well as ants and other creepy-crawlies.

Instead of looking for the dangers of the product, check for 'health benefits.' I have several sites bookmarked, but I'm ready to shut down, so here is one that explains the product. wolfcreekranchorganics.com/.../defaq.html Here's another I just found with LOTS of benefits and suggestions.

It is also important to know when a disease occurs. A cell reproduces by copying its genetic information and then divides in half, forming two individual cells. Occasionally, an alteration in this process occurs, causing a genetic change. When this happens, the chemical messages sent to the cell can also change. This spontaneous genetic change can cause problems in the way a person's body works. Sperm and eggs are known as "germ" cells. All other cells in the body are called "somatic" or "related to the body."

If a change in a gene occurs spontaneously in a person's somatic cells, they can develop the condition related to that genetic change, but they will not pass it on to their children. Causes of spontaneous genetic changes in somatic cells include exposure to chemicals, diet, and general lifestyles. However, if the genetic change occurs in a person's germ cells, that person's children have a chance of inheriting the altered gene. The three ways that genetic conditions can arise are:

- a change in a gene occurs spontaneously in the formation of the ovum or sperm, or in conception; - a modified gene is passed from parent to child causing health problems at birth or later in life; - a modified gene is passed from parent to child causing a "genetic susceptibility" to a disease; Science tells us that the manifestation of multifactorial diseases such as heart disease, diabetes, blood pressure, asthma, cancers, obesity, the most important are environmental factors and lifestyles.

Viruses have never been proven to exist genetically, nor to transmit empirically between individuals or control-groups. Professionals and psychopaths scaremonger, by means of the invisible, malaise which is really caused by chemical toxins or wireless pollution. The cure, or prophylaxis, is simply to avoid the insult, whilst maintaining correct, ancestral-hunter nutrition, to foster healthy bodily terrain.

mRNA/Moderna is DARPA's baby, they were going to have mRNA by hook or by crook.

In this video, Michael Specter says "why don't we blow the system up" and Rick Bright characterizes the drive to bring mRNA to the market as "an urgent call for a disruptive entity." This distinctly reminds me of, just prior to 9/11, the PNAC document titled "Rebuilding America's Defenses" where, in order to reinvigorate the defense industry in the new millennium, they cite "the need for a new Pearl Harbor." https://rumble.com/vnd86v-fauci-mrna-vaccines-and-the-connection-to-the-wuhan-institute-of-virology.html

"Moderna: A Company “In Need Of A Hail Mary”" https://unlimitedhangout.com/2021/10/investigative-reports/moderna-a-company-in-need-of-a-hail-mary/

It's hubris alright, just not the kind you're thinking of. Don't let them off the hook by ascribing incompetence or inefficiency to what is really malice aforethought and criminal conspiracy. Everything about this screams "foresight," from their actions and statements, like Fauci and Gates' "warnings" that Trump would face a surprise pandemic, to the various wargames and "tabletop exercises" like Event 201, "Stress Tests: An Insight Into Crisis Scenarios, Simulations and Exercises (Unleashing 'Virus Z')," and the European Commission's "Exercise Chimera".

Imitators of God

1Be imitators of God, therefore, as beloved children, **2**and walk in love, just as Christ loved us*a* and gave Himself up for us as a fragrant sacrificial offering to God.

3But among you, as is proper among the saints, there must not be even a hint of sexual immorality, or of any kind of impurity, or of greed. **4**Nor should there be obscenity, foolish talk, or crude joking, which are out of character, but rather thanksgiving. **5**For of this you can be sure: No immoral, impure, or greedy person (that is, an idolater), has any inheritance in the kingdom of Christ and of God.

6Let no one deceive you with empty words, for because of such things the wrath of God is coming on the sons of disobedience. **7**Therefore do not be partakers with them.

Children of Light

8For you were once darkness, but now you are light in the Lord. Walk as children of light, **9**for the fruit of the light consists in all goodness, righteousness, and truth. **10**Test and prove what pleases the Lord.

11Have no fellowship with the fruitless deeds of darkness, but rather expose them. **12**For it is shameful even to mention what the disobedient do in secret. **13**But everything exposed by the light becomes visible,*b* for everything that is illuminated becomes a light itself. **14**So it is said:

> “Wake up, O sleeper,
> rise up from the dead,
> and Christ will shine on you.”

15Pay careful attention, then, to how you walk, not as unwise but as wise, **16**redeeming the time, because the days are evil. **17**Therefore do not be foolish, but understand what the Lord’s will is. **18**Do not get drunk on wine, which leads to reckless indiscretion. Instead, be filled with the Spirit.

19Speak to one another with psalms, hymns, and spiritual songs. Sing and make music in your hearts to the Lord, **20**always giving thanks to God the Father for everything in the name of our Lord Jesus Christ.

The Secret Covenant

A Member of the Illuminati Tells All?

by **G. Edward Griffin**
2004
from FreedomForce Website
Spanish version

On March 25, 2004, I received an email copy of a document entitled *The Secret Covenant*. It appeared to be the blueprint for a master conspiracy to dominate the world. The author was anonymous, and the original text, dated June 21, 2002, came from a non-functioning email address.

Nevertheless, it was so convincing that the lady who sent it to me believed it was an authentic message from a member of the Illuminati.

She wrote:
Mr. Griffin:
Maybe you are already aware of this document from an unknown author but I thought it was worth sending to you just in case.

It is so powerful in its statement that you cannot imagine it to be a hoax; anyone with a sane mind will notice that we are already in that world. I just feel it is warning us, but how many will believe it. You and I know that that world is here. What amazes me is that one of the “Illuminattis” is actually warning us.

Please send your comments,

The *Secret Covenant* follows.

THE SECRET COVENANT

"An illusion it will be, so large, so vast it will escape their perception.

Those who will see it will be thought of as insane. We will create separate fronts to prevent them from seeing the connection between us. We will behave as if we are not connected to keep the illusion alive. Our goal will be accomplished one drop at a time so as to never bring suspicion upon ourselves. This will also prevent them from seeing the changes as they occur.

"We will always stand above the relative field of their experience for we know the secrets of the absolute. We will work together always and will remain bound by blood and secrecy. Death will come to he who speaks.

"We will keep their lifespan short and their minds weak while pretending to do the opposite. We will use our knowledge of science and technology in subtle ways so they will never see what is happening. We will use soft metals, aging accelerators and sedatives in food and water, also in the air. *They will be blanketed by poisons everywhere they turn*.

The soft metals will cause them to lose their minds. We will promise to find a cure from our many fronts, yet we will feed them more poison. The poisons will be absorbed through their skin and mouths, they will destroy their minds and reproductive systems. From all this, their children will be born dead, and we will conceal this information.

The poisons will be hidden in everything that surrounds them, in what they drink, eat, breathe and wear. We must be ingenious in dispensing the poisons for they can see far. We will teach them that the poisons are good, with fun images and musical tones. Those they look up to will help. We will enlist them to push our poisons.

"They will see our products being used in film and will grow accustomed to them and will never know their true effect. When they give birth we will inject poisons into the blood of their children and convince them its for their help. We will start early on, when their minds are young, we will target their children with what children love most, sweet things.

When their teeth decay we will fill them with metals that will kill their mind and steal their future. When their ability to learn has been affected, we will create medicine that will make them sicker and cause other diseases for which we will create yet more medicine. We will render them docile and weak before us by our power. They will grow depressed, slow and obese, and when they come to us for help, we will give them more poison.

"We will focus their attention toward money and material goods so they many never connect with

their inner self. We will distract them with fornication, external pleasures and games so they may never be one with the oneness of it all. Their minds will belong to us and they will do as we say. If they refuse we shall find ways to implement mind-altering technology into their lives.

We will use **fear** as our weapon. We will establish their governments and establish opposites within. We will own both sides. We will always hide our objective but carry out our plan. They will perform the labor for us and we shall prosper from their toil.

"Our families will never mix with theirs. Our blood must be pure always, for it is the way. We will make them kill each other when it suits us. We will keep them separated from the oneness by dogma and religion. We will control all aspects of their lives and tell them what to think and how. We will guide them kindly and gently letting them think they are guiding themselves.

We will foment animosity between them through our factions. When a light shall shine among them, we shall extinguish it by ridicule, or death, whichever suits us best. We will make them rip each other's hearts apart and kill their own children. We will accomplish this by using hate as our ally, anger as our friend. The hate will blind them totally, and never shall they see that from their conflicts we emerge as their rulers.

They will be busy killing each other. They will bathe in their own blood and kill their neighbors for as long as we see fit.

"We will benefit greatly from this, for they will not see us, for they cannot see us. We will continue to prosper from their wars and their deaths. We shall repeat this over and over until our ultimate goal is accomplished. We will continue to make them live in fear and anger though images and sounds. We will use all the tools we have to accomplish this. The tools will be provided by their labor. We will make them hate themselves and their neighbors.

"We will always hide the divine truth from them, that we are all one. This they must never know! They must never know that color is an illusion, they must always think they are not equal. Drop by drop, drop by drop we will advance our goal. We will take over their land, resources and wealth to exercise total control over them. We will deceive them into accepting laws that will steal the little freedom they will have. We will establish a money system that will imprison them forever, keeping them and their children in debt.

"When they shall ban together, we shall accuse them of crimes and present a different story to the world for we shall own all the media. We will use our media to control the flow of information and their sentiment in our favor. When they shall rise up against us we will crush them like insects, for they are less than that. They will be helpless to do anything for they will have no weapons.

"We will recruit some of their own to carry out our plans, we will promise them eternal life, but eternal life they will never have for they are not of us. The recruits will be called "initiates" and will be indoctrinated to believe false rites of passage to higher realms. Members of these groups will think they are one with us never knowing the truth.

They must never learn this truth for they will turn against us. For their work they will be rewarded with earthly things and great titles, but never will they become immortal and join us, never will they receive the light and travel the stars. They will never reach the higher realms, for the killing of their own kind will prevent passage to the realm of enlightenment. This they will never know.

The truth will be hidden in their face, so close they will not be able to focus on it until its too late. Oh yes, so grand the illusion of freedom will be, that they will never know they are our slaves.

"When all is in place, the reality we will have created for them will own them. This reality will be their prison. They will live in self-delusion. When our goal is accomplished a new era of domination will begin. Their minds will be bound by their beliefs, the beliefs we have established from time immemorial.

"But if they ever find out they are our equal, we shall perish then. THIS THEY MUST NEVER KNOW. If they ever find out that together they can vanquish us, they will take action. They must never, ever find out what we have done, for if they do, we shall have no place to run, for it will be easy to see

who we are once the veil has fallen. Our actions will have revealed who we are and they will hunt us down and no person shall give us shelter.

"This is **the secret covenant** by which we shall live the rest of our present and future lives, for this reality will transcend many generations and life spans. This covenant is sealed by blood, our blood. We, the ones who from heaven to earth came."

"This covenant must NEVER, EVER be known to exist.

It must NEVER, EVER be written or spoken of for if it is, the consciousness it will spawn will release the fury of the PRIME CREATOR upon us and we shall be cast to the depths from whence we came and remain there until the end time of infinity itself."

MY REPLY
Thank you for sending The Secret Covenant.

Since you requested my opinion, it is that this document is not authentic. I believe it is a fairly accurate summary of what is really happening in our world, and it may correctly expresses the dark motives of the *highest masters* who pursue such plans, but it is highly unlikely that any of them would describe their agenda with such self-condemning language.

If they ever put such a plan into print (which would be foolish of them), the language would be couched and self-serving, making every act seem justified and wise.

I believe this piece was written by some *well-intentioned soul* who wanted to use it to convince his friends of the truth of what he has been telling them all along. It is similar to The Protocols of the Learned Elders of Zion that has circulated among pro-freedom groups for over fifty years.

The Protocols express an almost identical blueprint but portends to be written by Jewish conspirators. However, as you pointed out in your message, only those who are already aware of a hidden hand in world affairs will have any basis for understanding these documents - and even those justifiably will question their validity.

There are plenty of authentic documents and elements of verifiable history to prove almost everything stated in *The Secret Covenant*.

We do not need to invent anything to make our friends take notice. We should stick with the verifiable record rather than rely on documents that cannot be authenticated. Anonymous sources almost always weaken our case.

Thank you for requesting my analysis. I hope you agree with it.

  The G2G app is completely dysfunctional . Could this mean the recent internet crash was to do with new software upgrade s?
  They use of hydra could be crude or integrated,it may be that hydra reacts to various behaviours ,with radio frequency,sound and electrical stimulation . If hydra could be concentrated to collect in certain body) brain areas to bluntly cause pain to force compliance, then they may decide who will be workers ,slaves, engineers etc by direct physical destruction of selected parts of the human brain.
  I think the graphene oxide , gels and flourescents clearly indicate the use of 560 and 580 NM light spectrum ,being yellow and green,for signalling optically between graphene junctions set in hydrogel . Last Sunday I met a young man who had been bitten in Guetemala in a river. He told me had this worm thing in his leg and the docs told him they can’temive it! Boring day to day life is as strange as the internet!
  Anyway the hydra component may be disabled by anti malarial and anti worming tablets,thus disabling the built in computer.?? Hopefully.
  Just like Windows ,3.2 then Windows 95 , then up to today ,there was a lot if big screw ups, defective Intel processors,competing architecture like AMD V Intel ,Apple versus Windows. I get the feeling that the difference between the vax poison is the same…,..,competitors for a new booming market in cyborging.
  The clear focus on Australia for the harshest lockdowns and suspension of liberty’s may show intentions. In the UK the English Crown would usually experiment with new laws on the Scots, Irishmen , Welsh .
  The focus on Australia may be due to the fact that it is China’s closest source of minerals and energy ,with Indonesia . For a medium war China will need the resources,like Hitler with Swedish steel band minerals. It seems Hitler made the mistake of going for the oil areas before Moscow . Using a ww two analogy or the American Civil war , or ww one. It’s fundamentally a battle of mass manufacture. Russia and allied and tank and aircraft production decided the day.

  China is grabbing Australia first….

I should add that the last sea (of people) beast kingdom, the U.N. has the ‘woman’ which is the Babylonian Harlot and abominations of the earth sitting on it which means the woman controls the U.N. So, who is the woman? We are told over and over and over again who the woman is for those with eyes to see and hearts to understand. The ‘woman’ is the flesh, Edomite-ashkeNAZI Jews of Jerusalem who have been controlling the USA since 1913 or even before with the Act of 1871 wherein DC was made a corporation of, for and by corporations (merchants of the bible). The Canaanites were the ‘merchants’ and ‘traffickers’ in the bible. Jerusalem was once a righteous city but now is of Murderers (Isa 1:21) and is the ‘destroying city/kingdom’ (Jeremiah 51:25) and has been led by GOG since 1844. Mayer Amschel changed his sir name to ‘Rothschild’ which means Red Shield who had a sign above his door when he was Rabbi (master – only Jesus Christ is our master) and in that red shield was the Khazarian logo of the star which has 6 points, 6 triangles and a 6 sided hexagram; thus 666. It is that ‘red shield’ which protects them and this is why they use antisemitism to protect themselves when they are not even a Semitic people as they are of Japheth and NOT Shem the father of the Hebrews. The ‘woman’ is defined in Revelation 17 and 18 and also in Exodus 25; do your own comparison and learn the truth of the bible which is a very complex book. It is impossible for any man’s hand to have been involved in the creation of the KJV bible. I refuse to believe that the God I worship is incapable of making certain that every single letter and word that appears in the KJV is exactly as He wants it. There is nothing God cannot do; nothing. The woman also owns all of the central banks, the IMF, the World Bank and either owns or controls all major corporations especially those of mainstream media and healthcare. Healthcare has become one massive organization of evil and they do not care about the health of anyone; they care about the control of the health of everyone. I refuse to, therefore, seek healthcare. Just last month my Mom went in for surgery and was expected to return home in 3-5 days. The day after surgery we were told 3-5 days plus rehab. That evening we were told that ‘she is not responding to the feeding tube and ventilator’…for what I asked? Apparently, they intubated her for no apparent reason and began giving her massive doses of antibiotics. Antibiotics for what I asked and was again given some off the wall answer. The third day we were told to get here if you want to see your Mom alive again. I was refused to allow to enter the hospital because I have emphysema and cannot wear a mask without fainting. So, I never got to see her again; period. On her death certificate it stated that she died of ‘sepsis’; something she did NOT have before entering that killing field. In My Mind, they murdered her. It seems that has been the protocol since this covid hoax all began. Ask yourself, would you even be aware of a plandemic if you had not seen it on TV or in the news?? They want total power and control over all people and they do it by putting and keeping people in FEAR which is a sin (Neh 6:13). This is why we MUST put ALL of our hope, faith and trust in the Lord alone and NOT in any man, I don’t care who it is. Read: Jeremiah 17:5-9. So, it is the flesh, Edomite-ashkeNAZI Jews whom Jesus cast out in Matthew 21:43 and called out as Liars and the syanGOGue of Satan in Rev 2:9 and 3:9 which are doing these evil things. They have the wealth to get anyone to do anything for them and it is those paid off people whom the Jews call “Useful Idiots”. Those useful idiots have no idea that once their usefulness is over, they too will be thrown by the wayside like yesterday’s trash. I see a LOT of Christians being deceived because they believe the flesh Jews who are not Jews to be the chosen ones when clearly, the inheritance of Jesus Christ and chosen ones are born again Christians. The flesh Jews hate Jesus Christ and Christians. Read the ‘Secret Covenant’ and the Hidden Hand and also read: Protocols of the Learned Elders of Zion:
Zionism = Marxim = Communism = Totalitarianism; call it what you will – it is enslavement and power and control over ALL of those not deemed to be a member alson known as a Zionist:
https://vault.fbi.gov/protocols-of-learned-elders-of-zion/protocols-of-learned-elders-of-zion-part-01-of-01/view LEARN the truth about just who it is that is doing this evil in the world and remember that God is the one who put hooks in the jaws of GOG who leads these horde of imposters against humanity. GOD alone controls the kingdom of men; Daniel 4:17.

  It won't be long now. The interNET/world wide WEB (because it's a TRAP) will go dark for about 10 days and when it returns, it will be nothing like what we have today. The one face that will be seen will be extremely handsome and charismatic, pulling people to him. He will be the complete opposite of Jesus Christ as described in Isaiah 53. It will be the MAN of sin. Why do 'they' want even the poorest of nations to own smartphones? It is because 'they' want every eye to see the MAN of sin when he is revealed on all black mirrors, as they are known in the occult world, which are TVs, computers and smartphones. Black mirrors are the 'image of the (last sea of people) beast kingdom, the U.N. which received its deadly wound as the League of Nations. It's coming! MANY people will be pulled into the MAN of sin's web of charisma as he will have ALL of the answers for the problems of the world and he will bring prosperity and peace to the world. The MAN of sin is the last 'little horn' in the book of Daniel. The first 'little horn' was Antiochus IV (Epiphanes) who was a foreshadow of the MAN of sin. I spell it all out in my blog: https://thecomingsonofperdition.blogspot.com/

  Who are the puppet masters many call the 'elites' which also entails the minions or 'useful idiots' as the real puppet masters call them. Who are the real puppet masters?
  I have done a lot of historical research of their own documentations and bible study to find out who the people are who have been controlling this world in wickedness; creating this free slave world in which we all now live in a debt based, fiat economic system and you can read about them here; if you care to and if you do, read to the end to learn all of the truth. It is slow going in the beginning because the ground work had to be laid so you will understand how it all ties together; be patient it will be worth your time. tinyurl.com/matrixofgog which is about Ezekiel 38 and 39; two of the most misunderstood books of the bible. GOG/Satan began leading this horde of imposters against humanity beginning in November 1917 when they entered into both Russia (creating the Bolsheviks) and into Palestine (where they ravished the women, stole homes and lands that had been in their families for generations and who made the desert to bloom) and where, in both countries, they exterminated tens of millions of Christians.

@IntenselyRich The Son of man is also Son of God, the One who came from above, the Ladder which links all humanity with God (John 1:51). There are 33 degrees of the spinal column, or the Tree Trunk, which must be climbed with the Sacred Seed of Alchemy and each ‘step’ or each ‘degree’ leads to higher states of illumination. The Alchemical ‘hero’ travels below into the abyss of Hell to steal fire from the devil and return it above to the Heavens; this represents our battles with sexual desire and the returning of the Sacred Seed above. 33 vertebrae exist in total, 7 cervical vertebrae, 12 thoraic, 5 lumbar in the small of the back, 5 fused vertebrae forming a solid bone, the sacrum (tail bone). Looks like an inverted pyramid and was also called “the seat of immortality.” In the coccyx, at the bottom of the sacrum are fused 4 bones. If you were to multiply the number of vertebrae, 33 by 2, counting both sides of the vertebrae on the spinal column we will find the number 66. (33 x 2=66) 6 is the number of man, for he was created on the 6th day, there are also 66 books of the Bible given to man. (66 + 6=72) As for the Human Skull. It has 22 bones, it sits at the top of the spinal column. The Hebrew alphabet has 22 letters, the 22nd letter, Tav, means Light. There is much to be said about t his which we will deal with in other writings. At the top of Jacob’s Ladder stood Yahweh, the Light of the world. The light of the body is the eye (mind-brain), says Jesus. 22 is the Number of Light. If we lift up or raise the oil in the spinal cord, by the power of

the seed, by saving it, it must be a physiological and chemical operation within the body of each of us. Such is the case. There is no mystery, no marvel in all the universe that is greater than man himself. “Man know thyself” confronts us, down through the ages, but only a few have paid attention to the voice of the Delphic oracle only a few have looked within. There is a wonderful “Strait and narrow way,” a real strait, not straight, which extends from the upper brain, the cerebrum, to the end of the spinal cord, otherwise named Jordan, in the Bible. We find that the meaning of this in Hebrew is, descender or “River of God.” The “Strait and narrow way is, indeed, the River of God, for it leads to the Father the Most High the upper brain “The same is true of the manna that descended to feed the Children of Israel in the wilderness , for this manna is a substance which comes down the Spinal cord from the brain. The Hindus symbolized the spine as the stem of the sacred lotus;therefore the skull and contents are symbolized by the flower. The spinal column is Jacob’s ladder connecting heaven and earth, while its 33 segments are the 33 degrees of Freemasonary and the 33 the number of years in the life of the Christ. Up these segments the candidate ascends in consciousness to reach the temple of initiation located on the top of the mountain. It is in this domed room with a hole in the floor (Foramen Magnum) that the great mystery initiations are given.” ~ Manly P. Hall; The Occult Anatomy of Man

Matt 24:14 & Dan 2:44 will heal this world soon. no more human govts, wars, sickness, death, pain.

Eden reset. see Ps 37:9-11, 29; Isa 11:6-9; Isa 35:1-10; Rev 21:3, 4. Isa 45:18; Isa 55:10, 11.

the global economic collapse fulfills Eze 7:19. & that prophecy comes to pass due to Matt 24:14 being fulfilled. it's at 99.9% now. Eze 7:19's cross ref is Jer 16:4. Great Tribulation/Depression 2.0

Summary of the Spike Protein and Graphene Oxide Detoxification Protocol

Summary of the Spike Protein and Graphene Oxide Detoxification Protocol

Tap News / Weaver

Thank you to Danceaway for posting this.

http://bit.ly/SpikeProtein [This is his shop, where you will find much of the following for sale]

This is the updated Nutrition protocol to **protect those who've been injected** with spike protein, graphene oxide and mRNA and the same protocol is **useful to protect those concerned with the spike protein and graphene oxide shedding** coming off those who've been injected. We now have evidence of the latest injections containing: mRNA, spike protein, graphene oxide, SM-102, and numerous other potentially toxic substances (also: some—but not all—injections, appear to be higher in graphene oxide and some appear to be saline placebos).

If you know someone who has been injected and requires help, please provide them with this Nutrition Protocol:

Here is the Complete Protocol

- Coated Silver (1-6 drops per day, depending on degree of exposure) (Coated silver blocks the sulfur-bearing protein on the spikes from entering the cell. Sulfur-rich amino acids on the spike protein interact with silver causing them to fold incorrectly).
- NAC (N-acetyl cysteine) (accelerates detoxification and is considered a producer of the super detoxifier glutathione in the body) Dosage: 1200-2400 mg per day on an empty stomach. NAC is recommended to detoxify graphene oxide and SM-102. NAC is tough to find after the FDA recently made it illegal to purchase over the counter in the USA. Request NAC from your doctor!
- Zinc (30-80mg per day depending on immunological pressure)
- Vitamin D3* (10,000 IU's per day)
- Lyposomal Vitamin C (30ml, twice daily)*
- Quercetin (500-1000 mg, twice daily)*
- Iodine* (dosage depends on brand, more is not better). Iodine is a product you have to start with small dosages and build up over time.
- PQQ* (20-40 mg per day)

Shikimate Main Sources:

- Pine Needle Tea for shikimic acid or shikimate (from green edible pine needles) There are toxic pine needles, be careful! When drinking pine needle tea, drink the oil/resin that accumulates too! Shikimate, shikimic acid and their derivatives possess: cancer fighting, antiviral, antimicrobial, anticoagulant and antithrombotic properties.
- Fennel and/or Star Anise Tea: These are also an excellent source of shikimate or shikimic acid (which is known to neutralize the spike protein)
- Schizandra Tea: Ranked in the top three of all superherbs on Earth. Schizandra berries are rich in shikimate amongst numerous extraordinary other properties.
- C60 (1-3 droppersfull per day): One of the issues we are seeing with those who have been injected is disturbances in their energetic field (magnetism) and hot spots of inflammation. C60 is a rich-source of electrons and acts like a fire extinguisher to inflammation and simultaneously (because it bio-distributes throughout the body) drives a normalization of electron flow throughout the body. In this category, we offer two products, the traditional C60 product* is made by yours truly and the C60 SuperConcentrate* is made by a carbon scientist friend of mine and contains a higher

concentration of electrons. C60 is recommended to neutralize s.pike protein, detoxify graphene oxide and SM-102.

- Charcoal (2-4 capsules a day): Charcoal is the pre-eminent detoxifier and when taken on an empty stomach, works its way down into the intestines and activates a blood purification process known as “interstitial dialysis”. Our Kohlbitr* product is the premier activated coconut charcoal in the world and we also now offer the more gentle birch charcoal.*

Shilajit (1 pea-sized amount of this resin in hot water daily as tea): Ashless humic acids and humates are principal active ingredients of Shilajit. Humic acids are known to partially neutralize graphene oxide in aquatic environments. (https://pubmed.ncbi.nlm.nih.gov/30173026/)

Hesperidin sources to help disable s.pike protein:

- Citrus fruit (especially blood oranges, due to their high hesperidin content — hesperidin is a chalcone like quercetin that deactivates spike protein)
- Peppermint (very high in hesperidin)

Superherbs to help disable s.pike protein:

- Triphala formulations: In Sanskrit, the word Triphala means “three fruits”: a combination of Indian gooseberry (Emblica officinalis), black myrobalan (Terminalia chebula) and belleric myrobalan (Terminalia belerica). The terminalia fruits are rich in shikimate.
- St. John’s Wort (shikimate is found throughout the entire plant and in the flowers)
- Comfrey Leaf (rich in shikimate)
- Feverfew (leaves and flowers are rich in shikimate)
- Gingko Biloba Leaf (rich in shikimate)
- GiantHyssop or Horsemint (Agastache urtifolia) (rich in shikimate)
- LiquidAmbar (Sweet Gum tree) A tea of the spiky seed pods is rich in shikimate.
- Glycyrrhiza glabra (Chinese medicine’s licorice root): Glycyrrhizic acid is extracted from the root of the licorice plant inhibits spike protein. https://pubmed.ncbi.nlm.nih.gov/33041173/

Foods

- Carrots and Carrot Juice (rich in Shikimate)
- Dandelion Leaf (Common dandelion (Taraxacum officinale) efficiently blocks the interaction between ACE2 cell surface receptor and spike protein D614, mutants D614G, N501Y, K417N and E484K in vitro)

Plant Sprouts

- Wheatgrass and Wheatgrass Juice (the young blades are high in shikimate)
- Legume family beans that are generally considered to be rich in shikimate. I have found testing of 5 sprouts and all were rich in shikimate: red kidney bean (Phaseolus vulgaris), moth bean (Vigna aconitifolia), soy bean (Glycine max), mung bean (Vigna radiata) and

alfalfa (Medicago saliva). All these were analysed for their shikimic acid content during germination: so the sprouting process is key to activate shikimate production.

Enyzmes

- Nattokinase (enzyme) and Natto is a traditional Japanese food made from soybeans fermented with Bacillus subtilis var. natto. Natto (also rich in vascular protective Vitamin K2) and Nattokinase have a history of being used to prevent blood clots. The idea is here is that the enzyme Nattokinase goes to work dissolving clots. 2000-4000 Fibrinolytic Units per day (2-4 capsules) with or without food.
- Serrapeptase (enzyme): is an anti-inflammatory proteolytic enzyme in the trypsin family. Like other proteolytic enzymes, serrapeptase helps break down proteins into smaller particles. It can promote healing by reducing fluid and debris accumulation that occur around necrotic or injured tissue. Dosage: 100-200 mg on an empty stomach per day.
- VeganZyme (enzyme blend): This is the only enzyme formula in the world that contains Glucose Oxidase, Serrapeptase and Nattokinase in one product. Dosage: 3 capsules, twice a day with or without food.

Oxygen Therapies

- Ozone and Oxygen therapies are effective at degrading s.pike protein and graphene oxide. All forms are recommended from consuming MMS to drinking ozonated water or using ozonated water for enemas and even ozone injections by a trained health professional.

I have heard that the element Boron, or in the form of Borax, neutralizes graphene and those damned nanoparticles.

Taking a short trip through an MRI machine is supposed to kick its ass.

Go head first through the tunnel if you can contrive a session.

Massive does of Horsetail Grass herb, Dandelion Root, and Apple Pectin will help considerably along with a teaspoon of Baking Soda in eight ounces of Fiji Water.

Fiji has bioavailable silica which gloams onto metals and is then excreted out.

And repeat every week. The Baking Soda has the added benefit of turning your body alkaline. Nothing evil likes that. And it cleans out your kidneys.

Nattokinase and Serrapeptase ward off formation of blood clots along with good clean fish oil from Norway.

All the rest of it is polluted.

The Apple Pectin has reportedly saved thousands of people at Fukushima from the radiation.

The Horsetail Grass also has the silica in it for chelation of metals.

Stay tuned folks. I am on it.

But do your own research, we could all use the help.

Let's stay healthy enough so that we can punish THOSE RESPONSIBLE. They need to suffer. A LOT.

@Debra Perkins ~ Wow...You have refined by the refiners fire ma'am...GOD ALMIGHTY takes those that are within HIS flock and refines us like a precious metal....It is a pain filled process, but HE is removing this world from us...There are two examples taught too us in the WORD...One is refinement by fire...The other is threshing on the threshing floor...Both are painful...But knowing HE cares and loves us so much to bother refining us is strengthening...This way we can be the LIGHT in this dark place HE needs us too be..!! Thank you so much for sharing...As for the mounds now....Are the mounds going to RE-ANIMATE with those whom are buried there...? In "PHYSICAL" form, or given LIFE once again, it is my BIBLICAL humble opinion, NO....Why or HOW can I say this for certain...The Bible tells us, ALL live ONE life....no more....The Sons of GOD, or the Angels, are spiritual beings...They TOO, like us, were given...FREE WILL TOO CHOOSE....Thus...Satan...Lucifer....The Adversary...and 1/3rd chose to rebel against the Most High....Notice...We do not see even ONE instance where they were killed or destroyed...? Nope...They were locked away inside the FLAT EARTH in the deep abode....OR....They were locked away in a TOTALLY black space like dimensional prison above us....It is NOT the same physical dimension we are living within....BUT...Due to CERN and D-WAVE tearing OPEN the BARRIER between the different dimensions, they have begun pouring out INTO our physical dimension....SOOOOOO....Are those whom DIED and were BURIED within those mounds going to RISE again..? No...BUT...Those whom rebelled and were locked away WILL and ARE going to be seen and have been seen ONCE AGAIN....not just either...The MOST HIGH also has ENORMOUS BEASTS of come kind locked away in the rivers in the Middle East around IRAN or EGYPT...and these will be rising during the 70 th week of Daniel...or the coming tribulation...which in my humble opinion...is underway....DID YOU KNOW...that Passover 2021 was EXACTLY 3 and 1/2 years from the GREAT AMERICAN eclipse of August 2017...? Yep...and then there is the REVELATION 12 sign that Sept....Yeah...MUCH IS UNDERWAY....and not just all this eh...The US MILITARY along with other so called GREY aliens, which are NOT aliens from outer space but I BELIEVE are HYBRID NEPHILIM that have been created in attempt to BRING BACK THE giant Nephilim that once walked the earth....Like those buried in your mounds there..!!! BUT GOD.....You see....GOD ALMIGHTY did something to the DNA....all humans went from 1000 year life spans to a MAX 120....and so on with the rest of creation...NO more dinosaurs or GIANT Nephilim....So when these EVIL Fallen Angels and our Military and Gov't did DEALS in trade for TECHNOLOGY with the Fallen Angels began MIXING DNA once again...as in the days of Noah..!!! Instead of GIANT Dinosaurs or Giant Nephilim....came....These horrible grey beasts that have been

seen and have abducted people....the world calls them alien grays, but they are HYBRID Nephilim....What did our Military and Gov't GIVE the fallen angels in trade you ask...? GOOD QUESTION....HUMANS...or rather US CITIZENS....yeah.....and I have heard, but cannot confirm...there are US Citizens in giant tanks in the deep underground bunkers in Arizona and New Mexico and Nevada....ANYWAY....there is SO much more, but I hope I answered your question ma'am...GOD BLESS...MUCH, MUCH LOVE....Peace & Grace.... by the by.... GREATER IS HE WHO IS IN ME.... than he whom is in the world..!!! HE IS WORTHY.... Have not a sense of FEAR... But... BE STRONG IN THE LORD, and put on the FULL ARMOR of GOD... STAND STRONG for the DAY OF THE WRATH OF THE LAMB is soon upon us all..!!!!

@Debra Perkins I am not sure....I have went down the rabbit hole on this one particular line of scripture a couple of different directions, and alas, realized there are just too many possibilities to even narrow it down...Why do I say that..? Well, I have good evidence it could be from something in the skies above...Like WORMWOOD, or a fake invasion...or...WAR with Russia or China or even BOTH and their jets flying in from above..!! It could be a GIGANTIC SOLAR FLARE...It could be a PLASMA event that LIGHTS the entire sky up at night like daytime and fries everything electronic and burns the whole thing down to ash....See...? I mean these are just a few ideas, and just in the sky...I could name more I have read and researched even..!! But, I also believe it could be from BELOW....Like your idea...It could be something from the Sea or Ocean...It could be MASSIVE earthquakes or Volcanic eruptions from Volcanoes no one knew existed..!! Yeah, I have really worked on this one and quite a few others and come to understand we just won't know for certain until it happens...The BOWL judgement's...The Trumpet judgement's...there is so much coming...and none of will be good for those of "this" world....My heart hurts for those who have become blind and are in a coma like state....I just wish I could get them too see and understand...At first I thought just showing others what I was shown would be enough, but alas...nope...I learned people WANT a comforting LIE as opposed to a uncomfortable truth...they just don't want to know...and the prophets said the same thing has happened over and over and over...Nothing new under the sun....UGH... GOD BLESS MUCH LOVE PEACE & GRACE with you and all your family ma'am..!!!

Absolutely amazing video! Here are some of my thoughts on the topic, and I am not claiming to be 100% correct. - Some buildings, especially those under the ocean are antideluvian pre-flood structures. Due to the enormous size of the pre-flood Nephilim which dominated the earth, you will find them to be the largest in scale. Most wood->stone petrification happened rapidly during the flood. - There were "mini-events" like the destruction of Sodom, Gomorrah, and 2 other cities. Destruction of the Tower of Bable, which I now suspect may have been a much larger structure than we have been told, and also it may have been located at the center of flat earth aka "north pole". This is where Jacob's ladder, which is what they wanted, would be built. Maybe the remains of the tower are now called Mt. Meru? IDK. Babylon was a worldwide nation and system on earth, a "Old World Order" which covered the circle of the flat earth. When God destroyed the Tower, confounded the languages and scattered the people, did he also crack the circle into the land formations we see today? This fits with the fake Pangea narrative. - The melted buildings we see worldwide are from Armageddon and Jesus Christ's 2nd coming, which happened over 1250 years ago. He returned in the clouds and the same generation which pierced him saw his return. The bible speaks of God using FIRE to cleanse the earth during those times. It also speaks of God have a glittering sword as a weapon, which could no doubt be used to melt buildings worldwide. Or just oven-earth, melt everything, keep the elect safe either in heaven or in underground chambers? - Then we have the 1000 years golden-age where many of the starforts, Cathedrals, and other glorious structures were built. Free-energy harvesting, teleportation, who knows. It was a steampunk fantasy land of sorts, with Christ as King world-wide. Satan was bound, unable to deceive the nations. - When Satan had to be released (1711? 1811-1812? on our fake timeline) this was the Mudflood. Worldwide mudfloods and other destruction happened, but it wasn't Armageddon style melting. - And here we find ourselves, trying to put all of these pieces together. I think Gog and Magog are being gathered together to make war with the Camp of the Saints and the Beloved City. There are two important timelines prophecied in the Bible, book of Daniel. The 1290 days/years, and the 1335 days/years. If we assume 1811 to be the Satan loosing event, then it would make 2101 (in our fake calendar) as the 1290th year since Armageddon, and 2146 as the 1335th year. Personally I think the 1290th year will be the revealing of the Holy City by God at the center of flat earth. (New Jerusalem?) It will be undeniable what people are seeing, but many will be in disbelief and confusion. A mass migration will occur where God's elect build the Camp of the Saints around the Holy City. I think it will consist of 12 camps just like the Tabernacle used to be, and there will be 12 gates around the city wall, 1 for each tribe/camp. More thoughts: Flat Earth Nation Golden Age Past believes 9-11-2001 (fake calendar) may have been the 1290th year, this would put Satan's loosing at 2001 - 290 = 1711, and would put the 1335th year at 2046 (fake calendar) My comment to Golden Age Past on his PSaltzer Map video: I'm definitely going to download that map image and analyze it! Thank you for your work on this. I have been having my suspicions that Jerusalem was actually at the center of our flat earth, and this map confirms my suspicions. I also currently believe that the star known as Polaris, which hovers over the center of our flat earth is in fact either a gateway, or New Jerusalem itself, which will drop down to earth at some point, which will be our sign to migrate to it and form the camp of the saints around it. Also, many flat earthers talk about Mt. Meru, a magnetic mountain, at the center, which could also be the same mountain referred to as holy Mt. Zion. God Bless. More thoughts: The Bible explains the ruins we see much better than the modern historians and Atlantis seekers. Also, Enoch 1:6 speaks of the mountains melting like honeycomb to the flame during the time of troubles. (As well as many instances in the Bible itself) Personally I don't think that Armageddon and Mudflood were the same event, but rather we see evidence of 3 major worldwide cataclysms nowadays. 1. The great flood 2. Armageddon, when the mountains, high places, and buildings were melted. Around 70 AD 3. Mudflood, which occurred when Satan was loosed from the bottomless pit after the 1000 years was complete. My comment to Woke In Truth: Blessed are those who make it to the camp. Blessed are those who make it to the 1335th day (year). Blessed are those who overcome this world. When you showed Polaris it gave me chills. Have you also had the vision where the new Jerusalem drops down from Polaris to the center of our flat earth? There will be a massive beam of light that will show all of God’s people where to go, and we will migrate there and establish the camp of the saints which will surround the beloved city. 12 camps actually, 1 for each tribe, but it will be 1 big camp really. The 12

tribes will be the 12 races of all the peoples of earth. The unbelievers will be in utter confusion and disbelief, not understanding what is happening, still clinging to their religion of scientism, ball earth, etc. Gog and Magog, which are all of the militaries of the world, Satan's army, will compass the camp. Their number will be like the sands of the seas, billions I guess, then they will be burned with fire by God, then the great white throne of judgement will commence. Is it possible that we will not have to taste death by getting to the camp? Neither the first nor the second? What a gift that would be, similar to Enoch. I think i understand the parable of the first from the last and the last from the first in this scenario. When New Jerusalem aka Polaris drops down. We will then have 45 years to get to the camp. Will there be some kind of invisible barrier that only allows the true believers to pass through? Or rather will it just be that the unbelievers will cling to their sin, scientism, and fear, believing what Satanic governments are telling them not to go on news and such, just like they buy into fake virus hoaxes and all of the other lies. Sorry for so much text, I just wanted to share all of these things with you. God Bless.

Just to add to your magnificent essay, in the Slavic Aryan Vedas, the hero Peru brought down one of our moons, Feta, because it was inhabited by the dark forces. As it rained down on earth, it sank D'arya, the sacred land. It flooded our our earth, tilted it on its axis, and nearly wiped mankind out. This was the sinking of Atlantis(Ant-land-is: Ant, land under ice), and of course the good guys won the war 13,000 years ago. Unfortunately, the enemy hid out under the earth to regroup. We rebuilt and then as the video says, we had our 1000 years of peace. I've been chasing down this story for years and I had the comet of 1811 as a spaceship and that's when the whole world was at war. We're told that we were at war with each other, but actually it was us against this enemy. I've even tracked down the enemy and how it came to earth. Check out the Slavic Aryan Vedas. They go along with the gnostic writings and Enoch to put the whole story together. This new channel really brought it together for me in a big way. The book The Smoky Sun, talks about the tall, kind people at the center of the earth, where there were very tall trees and lots of extinct animals like mammoths. Could this be where the 'saints' fled to during the wars with the dark forces? The Vedas talk about the Ur consolation where the Vitamans(space ships) fled with survivors during the war, and how people could flee through the 'gates'. The celestial needles stopped working so we couldn't contact 'heaven'. Could this be the Washington Monument? And the Vatican obelisks? Lots of interesting things that line up with this video.

Thank you SOOOO much for that. I also believe that the 12 different gates, 1 for each tribe, I'm excited to see what tribe I belong to (God's tribe of course) but since God created us he knows how much we love and yearn to belong to something, to be a part of a bigger group. Yes bgg of course Gods love is always enough, but to have like a group with it's own little identity ir traits is super cool and exciting to me. MY MAIN QUESTION IS. what year (fake timeline please, only to help me wrap my head around it a little) do you think this will happen? 1. I'm convinced 9-11-2001 was some kind of major day/sacrificing event for these PEDOPHILES. 2. I'm now convinced the 1000 year reign of our King Jesus Christ has already happened. The older buildings are just to grand and beautiful for them to be built by us. 3. If I do die before the New JERUSALEM comes down from heaven is that ok?? Because that's when all people, living and dead will be judged? God bless everyone ☺😉😉✝✝✝

@Curtis Flat Earth Nation Golden Age Past, aka FENGAP aka Alan Hughes is pretty sure that 9-11-01 was the 1290th year from the Armageddon, and he seems to have a special relationship with God. This would put the 1335th year as 2046, so 25 more years to go. Everything certainly has been changing for the worse ever since that date in term of our freedoms being taken away, moral decay, although it was already bad before then, but it has certainly accelerated to where they are brainwashing and forcing gender changes on small children, forcing masks and vaccines on everyone, etc. Unfortunately it is probably just going to keep getting worse as the forces of Satan are in their final death throes before the end of time. I am convinced that God will give us a way out, a rescue, of some sort for his

people to see, and it will be a clear message/passage to safety. When this event occurs, we will have to be willing to leave everything behind, all worldly things like houses, possessions, etc. and even family members that are unbelievers. Right now everything is pointing me towards the center. I was even given a message by the holy spirit one day that the journey will consist of 3 legs, first one by plane, second by boat, third on foot through mountain passages towards the camp. The phenomenon of the Aurora Borealis is another clue I think. The camp and holy city may already be sitting there waiting for us to make the journey. Also, further study of Revelation tells us that when the saints were resurrected after Armageddon, they lived and reigned as priest of the Lord on earth, and will not experience the 2nd death. They are already immortal in their glorified bodies, which means they are still living somewhere right now. Whether it's in heaven, or in New Jerusalem at the center, i don't know. This also explains why everyone from the Golden Age seems to have just disappeared, maybe they all migrated there before Satan was loosed. After Satan was loosed, the 2nd resurrection occurred, who are labelled as "the rest of the dead". They didn't take the mark of the beast, because those people are already damned forever, but aren't necessarily saved from the lake of fire and will still face the great white throne of judgement to see if they will be saved. So, if we die before getting to the 1335th year or getting to the camp, then we will still have to face the white throne of judgement, which is a terrifying thing because every thought deed and action you have ever committed will be laid bare for all to see. But Daniel 12 tells us blessed is he who endures until the 1335th day, which I think means that you will not have to experience the 1st nor the 2nd death, which is a great blessing, but enduring isn't going to be easy I don't think. I don't have all the answers yet, but these are my current thoughts until new revelations are uncovered.

@Curtis As for the forcing transgender on our children, the higher forms of humans, according to Cayce, were one sex. The Satanic agenda is to make a world just like our creator, but by Satan, a material version.

Acts 15:29 ***The Letter to the Gentile Believers***
...**28**It seemed good to the Holy Spirit and to us not to burden you with anything beyond these essential requirements: **29**You must abstain from food sacrificed to idols, from blood, from the meat of strangled animals, and from sexual immorality. You will do well to avoid these things. Farewell. **30**So the men were sent off and went down to Antioch, where they assembled the congregation and delivered the letter....

I am on the same boat with you for real!! I honestly don't have very many friends. I got betrayed a lot in my life even by the closest of the closest people. At this point its hard for me to trust many but ive been like this for so long it doesn't bother me. But looking at it now, maybe its for the better. I was just thinking about this workwise, like if did become close to people at work, I feel like I would igive in and do things I know are not a part of me or who I am. Like even the shot for example. Now tht u mentioned about Ron, it makes sense. Hes been at work so long he grew tons of close friends and to

have his pension at stake, he did what he had to and the pressure from his peers to get the shot that its not a big deal. When he told me, I kinda sensed from him even though he was against it, he tried to sway it off like it was not a big deal…idk it was almost as if I felt in his voice he didn't want to do it but only went for it cuz of what he were to lose. It was a bit disappointing but I get it… and I think that's why he was like "ohh it was just one tiny little shot…" In a way, maybe its for the btter taking the path that I did and the path that we both are on. This verse kinda relates about how very few will take the long and narrow path… so maybe its meant to be this way… IDK jus another thought. but yeah this is definitely not easy, and if that narrow path verse is relevant to todays day and age, It makes sense why very few will take that path…im just happy we are both on the same page. I know it was meant to be 😊 we both are going through the same struggles and have the same beliefs and values. Soo on Sunday we are having another pool birthday party and of course you are welcome to join. I will keep on inviting you. Its ok if you cant make it and I understand but just know our door is always open for you 😊

Defending Against Lockdown 2.0 and Food Shortages: TIMELINE: URGENT

TRIGGER: THE COVID-19 DELTA VARIANT:

SHOULD YOU DEMAND OF YOUR STATE GOVERNOR AND PUPPET HEALTH OFFICIALS:

Show me a sample under a microscope? Has it been isolated? Show me a test for it?

If there is one, it's the spiked proteins shedding from the vaccinated, yet it's not been isolated. It's the trigger "talking point" to recreate FEAR and PANIC for a Lockdown 2.0. If/when people die from the DELTA variant, demand a real autopsy. Demand to find out if they were COVID-19 vaccinated if they are a relative. You will most likely find in all cases, they were vaccinated.

In America, what happened to our freedoms? If you believe in the US Constitution and your State Constitution, why are your rights being trampled? We'll, we know it's coordinated, as VANGUARD owns everything and coordinates everything – media, food, fuel, pharma, energy and the list goes on. The globalists created one powerful private company that invests heavily and creates controlling interest and leverage like a BLACKROCK being held over your head.

Many judges are corrupt. You are navigating a very fine line and highwire just to attempt to reclaim your rights, when taking them seriously, if you choose to go it alone. BUT if a large group of citizens make enough noise and push hard enough with the right lawyers, maybe some of your rights – OUR rights can be salvaged, while we push for the Great Awakening vs the Great Reset.

HOMEWORK:

USDA "Build Back Better" aka 6uild 6ack 6etter is a New World Order 2.0 message: the rebuilding of the supply chain is the theft of natural and organic farming, cutting down meat and milk supplies and much more. Search "Build Back Better" and watch some videos of globalist shills using these code words and then read "The Great Reset" to see what you are up against – it's pure evil and Lucifarian.

FOIA (freedom of information act requests) should be flooding the USDA and cc your State Senators and Representatives about the overpriced payments to farmers to destroy cows, milk supplies and crops.

Was the "Affordable Care Act" affordable? Was the Patriot Act patriotic? Do you think Build Back Better means you're included in this future dystopia? Read The Great Reset. by Nazi Globalist Demon Klaus Schwab "You will own nothing and you will be happy."

LOOKINGGLASS PREDICTION: Lockdown 2.0 by late October, early November 2021. They will claim it's the 'DELTA' variant of COVID-19 starting in mid-July 2021, ramping throughout all mainstream media outlets. Biden, Fauci, Gates and other criminals will use this messaging and it will be heard world wide from most puppet/government officials in most countries. Potential supply chain issues growing and artificial food shortages begin in the same timeframe. Stop your State Governor NOW from executing Lockdown 2.0 and illegal executive orders by using your voices, collectively and legally. Here are a sampling of your rights – find a constitutional lawyer today – find a group of like minded citizens to support your letter/lawsuit/media coverage today:

OSHA: Your plan is not OSHA-compliant, there has been no OSHA training by state and city retailers and employers in regard to wearing masks, with the exception of our local hospitals. Enforcing this plan means you are purposefully and willfully violating OSHA. The Respiratory Protection Standard (1910.134) is usually one of the top 10 most frequently cited standards following inspections of workplaces by OSHA. YOUR VIOLATION OF OSHA IS A FEDERAL CRIME YOU ARE WILLFULLY COMMITTING. See: https://www.osha.gov/SLTC/respiratoryprotection/enforcement.html

ADA: you are forcing – a discrimination scenario against Americans With Disabilities Act (ADA) – each of you may be fined up to $75,000 for your first action that violates ADA. This is your first action. Second actions are $150,000 fines; THIS IS A FEDERAL CRIME YOU ARE WILLFULLY COMMITTING. See: https://www.ada.gov/index.html

FIRST AMENDMENT, US CONSTITUTION: Freedom of expression cannot be suppressed or limited in any way. Muffling a voice, forcing the covering against the will of a citizen for freedom of their facial expression, even reducing their ability to breath and speak properly is a hindrance and violation. See: https://www.mtsu.edu/first-amendment/article/1169/anti-mask-laws

FREEDOM OF MOVEMENT: Our Founding Fathers believed this so sacrosanct a right, yet you are creating restrictions against it, including across state lines. Businesses will continue to close due to lack of restricted visitors and tourism, many will avoid Nashua like the plague you will make it – unemployment, homelessness, business foreclosure – all lost American dreams created by restrictions of movement. See: https://en.wikipedia.org/wiki/Freedom_of_movement_under_United_States_law

DEPRIVATION OF RIGHTS UNDER COLOR OF LAW: The US Department of Justice. Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.

For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.

See: https://www.justice.gov/crt/deprivation-rights-under-color-law

You, [Name of Your Governor], may very well become the litmus test for the 'new normal', where government officials, city and town mayors begin to realize that an Oath must be taken seriously, that our Laws are sacrosanct and that we may politely ask the sick to self-quarantine or consider new guidelines ie polite suggestions not ordinances and related fines; that you may never violate the US Constitution or the Bill of Rights for any reason – a cold, a flu, a pandemic or otherwise.

The State of New Hampshire, for example, has one of the largest organic suppliers of Vitamin D, MegaFood, yet instead of sourcing this for the elderly and at risk, you demand masks and ventilators.

HEALTHY PEOPLE DON'T NEED TO WEAR MASKS

New guidance from the World Health Organization released on Monday says healthy people don't need to wear face masks and that doing so won't provide added protection from the coronavirus.

See: https://www.facebook.com/watch/?v=218000772914341 and https://www.businessinsider.com/who-no-need-for-healthy-people-to-wear-face-masks-2020-4

There's some evidence that caretakers of infected people can protect their health by wearing masks, the WHO guidance said, but "there is currently no evidence that wearing a mask (whether medical or other types) by healthy persons in the wider community setting, including universal community masking, can prevent them from infection with respiratory viruses, including COVID-19."

MASKS AND BANDANAS ONLY REDUCE BLOOD-OXYGEN SUPPLY

The average filtration of the hard to get N95 mask is .3 microns, while the size of COVID-19 is .012 microns. It's like putting up a chain link fence to keep out Mosquitos.

UNMASKED SUNLIGHT KILLS COVID-19 AND SO DOES UV RADIATION

According to the Director of the US DHS Science and Technology Directorate, COVID-19 dies in sunlight in 90 seconds or less. Ultraviolet lights kill COVID-19 equally fast.

Most honest reporting Doctors have admitted that Hydroxycholoroquine, Zinc and Zpaks if administered early enough in the onset of signs of a COVID-19 infection, have an over 90% recovery rate, whereas Intubation (ie ventilation) has only a 12% recovery rate (ie 88% put on ventilators, die on ventilators). LOCKDOWN – STAY AT HOME – SOCIAL DISTANCE = > DEATHS

A wave of new research suggests social separation is bad for us. Individuals with less social connection have disrupted sleep patterns, altered immune systems, more inflammation and higher levels of stress hormones. One recent study found that isolation increases the risk of heart disease by 29 percent and stroke by 32 percent.

Another analysis that pooled data from 70 studies and 3.4 million people found that socially isolated individuals had a 30 percent higher risk of dying in the next seven years, and that this effect was largest in middle age.

Loneliness can accelerate cognitive decline in older adults, and isolated individuals are twice as likely to die prematurely as those with more robust social interactions. These effects start early: Socially isolated children have significantly poorer health 20 years later, even after controlling for other factors. All told, loneliness is as important a risk factor for early death as obesity and smoking.

UNEMPLOYMENT AND SMALL BUSINESS CLOSINGS IN THE ALLEGED "LIVE FREE OR DIE" STATE OF NEW HAMPSHIRE AS ONE EXAMPLE

185,000 in NH, for example, are out of work, not because of COVID-19, because of LOCKDOWN. No one seems to get sick at Home Depot, Loews, Walmart or the State Liquor store yet they cannot peacefully assemble in their Churches in Nashua – is Covid-19 that smart that it discriminates against God fearing citizens?

WHO SAYS MILLIONS TO DIE BECAUSE OF LOCKDOWNS – NOT COVID-19

ACCORDING TO THE WORLD HEALTH ORGANIZATION, OVER 265,000,000 WILL DIE WORLDWIDE DUE TO THE HEALTH AND LOGISTICS AND STARVATION ISSUES FROM LOCKDOWN, NOT FROM COVID-19. The Great Awakening vs The Great Reset

We are in a silent, Global War. It’s a battle of Good vs. evil. We must continue to ‘red pill’ Patriots and spread the truth, quickly, across America – to become that shining light and beacon of hope for all Humanity. You found us and we’re not advertising. What does that tell you? If you’re a Globalist shill, you’re in for an eternity in hell. If you’re a Patriot, now is your chance to thank God, Creator of the Universe, that you will live a fulfilled life, as part of the final Humanity saving Great Awakening. Remember, from Globalists own predictive programming, in the Matrix, NEO learns that those that remain plugged into the Matrix, can, at any time, become an enemy. Part of The Great

Reset is to ensure a majority of societies live in fear, while they beg for ‘cures’ that cull the herd – that reduces global population. The Globalists can only win, through spreading fear. **One must NEVER live in fear no matter the conditions or consequences.**

PREDICTIVE PROGRAMMING EXAMPLE: DO YOU THINK THIS IS NORMAL?

If you believe this 2020“Bat Quarter” is a complete coincidence, we have a bridge to sell you. *USMINT 2020 PURE silver Quarter!!!*

“It’s wet markets – it’s bats”…no, it’s psychological operations (PSYOPS) and predictive programming…

it’s pure EVIL…

*On that day, men shall fling away, to the flying foxes and **the bats**, the **idols of silver** and the idols of gold which they made for worshiping. Isaiah 2:20*

A 2020 Bat Quarter, a ‘wet market’ full of Bats, mother nature just naturally makes COVID-19 – nothing to do with funded research by Fourth Reich Fauci (Faust) and Bill Gates? Nothing to do with a Wohan bio-weapons lab in China in the Wohan province, so very close to this event: Military World Games, taking place on October 18, 2019 along with Event 201. Did you get your fluffy Covid toy and think it’s a big joke?

THERE IS A WAR GOING ON BETWEEN GOOD AND EVIL. WHETHER THE DEVIL IS REAL OR THE “SATAN” OR IN HEBREW – שָׂטָן – THE “SUTUN” -WHICH MEANS “GREAT EVIL INCLINATION” and “GREAT ADVERSARY”, WE ARE IN A SOULFUL BATTLE.

- THOSE ELITES WHO ARE EVIL WANT TO HARM YOUR SOUL.
- THE BIBLE CLEARLY STATES THAT THE SOUL RESIDES IN THE BLOOD (SEE NEXT SLIDE).
- HEROIN AND FENTANYL ARE EXAMPLES OF DRUGS DESIGNED TO WEAKEN THE SOUL.
- COVID-19 CONTAINS THE RNA OF WHAT APPEARS LIKE OR IS SIMILAR TO HIV-1 (AIDS)
- AIDS ATTACKS THE BLOODSTREAM AND THEN OF COURSE YOUR IMMUNITY.
- IMAGINE IT IS A BIOWEAPON FUNDED BY GLOBALISTS AND WEAPONIZED TO WEAKEN YOUR SOUL.

Protect your blood against this novel corona virus and future variants. See: Genesis 9:4, Leviticus 17:10-17:14, Deuteronomy 12:23, Acts 15:28-15:29 and Corinthians 3:17, with some examples, below:

- "For the **soul** of an animal **is in the blood**, and I have given it to you to make atonement for yourselves on the altar; it is the blood that makes atonement for one's life." **Leviticus 17:11**
- "If anyone destroys God's temple, God will destroy him. For God's temple is holy, and you are that temple." **Corinthians 3:17**

IF THIS IS TRUE, THEN PROTECTING YOUR BLOOD = PROTECTING YOUR SOUL

Imagine you had a future-predicting technology. You plug-in various facts and variables and this ‘looking glass’ shows you a future outcome (by using fractal math, big data lakes of historical facts and figures, current events and so much more, in a super ‘quantum’ computer). You give this ‘looking glass’ the A.I. predictive intelligence to fine tune in on future outcomes based on global events and activities. Imagine this was the outcome:

Input to Looking Glass:

Pinpoint timeline between two possible outcomes:

- Humanity wins in a Great Awakening (Godliness and Universal Secrets Unlocked).
- Humanity loses to transhumanism and Lucifarian Globalism in a Great Reset (aka Hell on Earth).

Looking Glass Output:

- Moment in timeline: October 18, 2019 – TRIGGER
- https://www.centerforhealthsecurity.org/event201/ and related CCP bioweapons launch:
- https://en.wikipedia.org/wiki/2019_Military_World_Games
- Humanity enters The Great Reset path on this date.

CURRENT STATUS: Probability of The Great Reset defeating and totally controlling Humanity by 2030 is currently at 50%.

[Something huge has just happened behind the scenes so pray harder! Keep spreading Truth! It's working]

Input to Looking Glass:

- How to redirect Humanity to exit The Great Reset path and return to the Great Awakening?

Lookin Glass Output:

- Eugenics programs exposed (VAERS #'s = reality, currently 1/100th or less than factual)
- Alternative media becomes mainstream, reaching millions per day. These millions must share this OSINT (aka REDPILL) with millions more.
- https://www.americanhealthdefenders.com secrets shared exponentially and QUESTION EVERYTHING???
- Humanity exits The Great Reset path in 2024 IF the OSINT = REDPILL is delivered to Humanity in an exponential rate beginning 4/10/2020
- i.e. $x(t) = x_0 * (1 + r/100)^t$

If faith, prayer and God variables factored in at exponential rate, The Great Awakening reclaims Humanity by 4/10/2024

(Timing of Globalist deaths, arrests and other key factors already entered into the equation)

END OUTPUT. NOTHING CAN STOP WHAT IS COMING.

Imagine you were traveling back in time, from a future date and were trying to explain THE REAL REALITY to folks who have so many misconceptions it was like talking to your 2 year old to explain why sticking a metal fork in the 110v outlet is not a smart move. Because of Monsanto, by 2030, all the Bees on planet Earth are gone. Organic and Natural farming is over. If you think Bill Gates pink slime burgers are a fad, they will be your future staple, if you survive, and if you don't wake up and make some changes, immediately.

But I digress. Let me take you back from 2007 to 2010. Here are some documents you should look at:

Is The New Madrid Fault Earthquake Zone Coming To Life?

Now let me tell you a story about High-frequency Active Auroral Research Program (HAARP). This is one of the US Government's most powerful weapons. It can be used to control the weather. Nikola Tesla invented it as a means of transporting energy from one point on the earth to another point far away using what he called "Ether". In reality, this microwave array aims potentially millions of watts of high energy microwaves at the upper atmosphere, which causes a rubber band like effect in the ionosphere, whereby billions of watts of high energy 'snap back' down towards the earth at an equal and opposite angle. If you wish to boil water underground and cause an earthquake, you need to test HAARP through triangulation by aiming it at three equidistant points. Then, you are ready to aim dead center at your target. Some of the effects of this level of radiation are:

- weaken the ionosphere – the Creator, after much prayer, will cause a solar flare to encompass the earth – recharging the ionosphere because without it, we are all toast from gamma rays and x-rays. check the historic news cycle on this and you'll see that right now – the FUTURE proves the PAST.
- glowing 'clouds in the sky' like these, when HAARP was used to attack China's underground nuclear facility: https://www.youtube.com/watch?v=KKMTSDzU1Z4 and citizens in China noticed water flowing 'uphill' during this beautiful array of wonderful colors in the sky.
- birds falling out of the sky, cooked from the inside-out.
- fish floating in rivers, cooked from the inside-out.
- high pressure zones – can be used to steer hurricanes, create hurricanes and dissipate hurricanes, tornadoes and storms.

…and so much more.

Your homework:

- Why was Hillary Clinton invited to join the Board of Monsanto?
- Why did Barack Obama aka Barry Soetero, the Kenyan Muslim illegal manchurian president (Soros Puppet), pass HR 933, the Monsanto Protection Act?
- Why did FEMA and 3 states (triangulate) pre-plan for 7 million MRE's to be delivered to farmers and citizens in the New Madrid Fault Zone for an upcoming exercise of a massive flooding in this area?
- What happened to all the farmers and their land? Who bought it? What kind of crops are there now and who owns them?
- What Air Force General ordered the HAARP strike on US Soil [TREASON for GREED] and where is his bank account? Who filled it and why?

- How deep is the swamp? If this is only one example of the lengths at which these (sick) people will go, now do you understand, Patriots, what we are up against in 2021?

China's copycat of HAARP: https://www.popularmechanics.com/military/research/a21272688/china-giant-ionosphere-zapping-radar/ Russia has done the same.

Startpage/search "hurricane changed direction" or "earthquake under whitehouse" or "glowing rainbow in the sky china" (this was 30 mins before the 2008 Sichuan earthquake in China…rainbows in the sky, water flowing uphill…)

Shortwave radios which are capable of receiving frequencies in the same range that HAARP transmits, between 2.7 and 10 MHz (2700 and 10,000 kHz) allows anyone to hear HAARP transmissions provided long-distance radio propagation conditions are sufficient and the radio is tuned to one of the frequencies where HAARP is transmitting.

In 1994, the Senate Armed Services Committee noted the promising results of the high frequency active auroral research program (HAARP). This transmitter in Alaska, besides providing a world class research facility for ionospheric physics, could allow earth- penetrating tomography over most of the northern hemisphere. Such a capability would permit the detection and precise location of tunnels, shelters, and other underground shelters. The absence of such a capability has been noted as a serious weakness in the Department of Defense plans for precision attacks on hardened targets and for counterproliferation. In fact, the May 1994 report from the Deputy Secretary of Defense on nonproliferation and counterproliferation activities and programs recommended increased funding of $75.0 million annually for detection of underground structures.

The committee recommended $5.0 million in PE 62601F to continue the HAARP project, but notes with concern that the capital cost of a full- scale HAARP facility could be as much as $90.0 million. Unless the Department of Defense is committed to include such a project in future budget requests, the recommended authorization for fiscal year 1995 will have little effect. Therefore the committee directed that none of these funds may be obligated or expended until the Secretary of Defense notifies the Committees on Armed Services of the Senate and the House of Representatives that the Department will, as part of the nonproliferation and counterproliferation program recommended in the May 1994 report, include the cost for a full- scale HAARP facility in its fiscal year 1996 budget request.

There are many significant issues that need to be resolved, however, before the concept can be evaluated for military applications such as detection of underground structures. These issues can be divided into six primary topics:

(1) the physics of, and methods for modeling the generation of ELF/VLF waves from various sources;
(2) methods for measuring ELF/VLF field components in a covert manner;
(3) methods for modeling and characterizing ELF/VLF wave propagation including the effects of surface topography and subsurface terrestrial properties;
(4) the physics of the propagation and attenuation of the secondary fields above the earth's surface;
(5) procedures and algorithms for inverting measured electromagnetic field information to obtain subterranean conductivity structure particularly aimed at identifying and characterizing man-made structures or natural voids; and
(6) algorithms for producing unambiguous detection and classification of underground voids or structures in the presence of geological noise and clutter.

The Space Effects Division of the Phillips Laboratory Geophysics Directorate is interested in receiving proposals related to the theoretical understanding and practical development and demonstration of techniques for the detection of underground structures using ELF/VLF radio waves generated by natural and man-made sources. Issues to be examined by the proposers include: methods for measuring ELF/VLF field components by covert means; methods for characterizing, and interpreting ELF/VLF wave generation and propagation, including the effects of surface topography and subsurface geophysical properties; procedures for inverting the electromagnetic field properties to obtain realistic, depth-dependent geophysical parameters with particular interest in identifying man-made structures and natural voids within the surrounding geology; and algorithm development for the unambiguous detection of underground voids or man-made structures in the presence of real-world geophysical noise and clutter.

This PRDA seeks proposals of original and innovative research dealing with the development, implementation, and demonstration of these concepts. The proposer will need to demonstrate a basic understanding of the principles of ELF/VLF wave generation, ELF/VLF guided-wave propagation, instruments and measurement procedures and problems for ELF/VLF, methods for inversion of ELF/VLF

data into depth-dependent geophysical models and for detecting zones or targets of interest and for characterizing those targets. Highly original and innovative proposals dealing with one or more of these topics relevant to this progam will be considered for funding.

Several distinct methods for ELF/VLF generation are available to support these efforts. Proposers are encouraged to consider including the controlled ELF/VLF sources provided by the 960KW HF transmitter of the HAARP, presently under construction outside Gakona, Alaska and the HIPAS facility located near Fairbanks, Alaska. PL/GPS is the program manager for the HAARP facility. The Office of Naval Research controls the HIPAS facility. Both sites will be available to support the research efforts under this PRDA.

On 28 May 2014 the US Air Force has notified Congress that it intended to shut down the infamous HAARP project, blamed by conspiracy theorists for every global natural disaster from a landslide in 2006 in the Philippines to the 2010 devastating floods in Pakistan and the earthquake in Japan in 2011.

Title: Russian parliament concerned about US plans to develop new weapon

Document Number: FBIS-SOV-2002-0808
Document Date: 08 Aug 2002
Division: Russia, North America

[FBIS Transcribed Text] MOSCOW. Aug 8 (Interfax) – The Russian State Duma has expressed concern about the United States' program to develop a qualitatively new type of weapon.
"Under the High Frequency Active Auroral Research Program (HAARP), the U.S. is creating new integral geophysical weapons that may influence the near-Earth medium with high-frequency radio waves," the State Duma said

in an appeal circulated on Thursday.

“The significance of this qualitative leap could be compared to the transition from cold steel to fire arms, or from conventional weapons to nuclear weapons. This new type of weapons differs from previous types in that the near-Earth medium becomes at once an object of direct influence and its component.

These conclusions were made by the commission of the State Duma’s international affairs and defense committees, the statement reads.

The committees reported that the U.S. is planning to test three facilities of this kind. One of them is located on the military testing ground in Alaska and its full-scale tests are to begin in early 2003. The second one is in Greenland and the third one in Norway.

“When these facilities are launched into space from Norway, Alsaka and Greenland, a closed contour will be created with a truly fantastic integral potential for influencing the near-Earth medium,” the State Duma said.

The U.S. plans to carry out large-scale scientific experiments, under the HAARP program, and not controlled by the global community, will create weapons capable of breaking radio communication lines and equipment installed on spaceships and rockets, provoke serious accidents in electricity networks and in oil and gas pipelines and have a negative impact on the mental health of people populating entire regions, the deputies said.

They demanded that an international ban be put on such large-scale geophysical experiments.

The appeal, signed by 90 deputies, has been sent to President Vladimir Putin, to the United Nations and other international organizations, to the parliaments and leaders of the UN member countries, to the scientific public and to mass media outlets.

Among those who signed the appeal are Tatyana Astrakhankina, Nikolai

Kharitonov, Yegor Ligachev, Sergei Reshulsky, Vitaly Sevastyanov, Viktor Cherepkov, Valentin Zorkaltsev and Alexei Mitrofanov.

Folks, please don't bring FLAT EARTH conversations (a funded Clowns In America psyop) to Ingersoll Lockwood related (unofficial chat forums using our (R) trademark name without permission) – it harms our mission.

It detracts from reality and our Space Force activities.

I have traveled the globe to almost 25% of all nations.

Example flight to Beijing from BOS, nearly due North over the north pole, could see the Arora Borealis, return flight nearly due East (slight northeast arc) over Seattle to Boston. A window seat, a compass, a GPS. What more do you need for proof. The average flat earther has never traveled around the globe, nor do they have one of these:

The Clowns psyop was to see how many people would be easily fooled in America with a ‘fake news’ story planted on social media. In the first year, it was over 380,000 who took it seriously and it continues to grow and spread worldwide beyond their [useful data for Project Bluebeam?] wildest dreams. There are secrets to unfold about Earth’s true history and the moon…but that will be disclosed when the Great Awakening defeats the Great Reset as nothing else really matters right now.

-SGS

P.S. Speaking of the moon. Jews pray to God thanking the Creator for a NEW moon, every month, and track months using a Lunar calendar, as it creates the tides which promotes life on our fragile world – ie a giver of life, gift from God, has returned and not failed us. This ‘satellite’ orbits our oval shaped planet, in the perfect location, literally, *perfect*. Satanic Luciferins use the eve of a FULL moon to commit horrific Evil…note this is diametrically opposed to the Jewish ritual – one that Jesus also performed each month. Remember this and dig into their calendar for a hint of what is coming our way…

Want to end Lockdown 2.0 before it happens? If every Patriotic American visitor to our site did the following starting now, we win the Lockdown 2.0 battle:

(1) Call, email and write the CDC, FDA and your local Hospital or 24×7 Urgent Care (play a project veritas-like role – get a body cam or use your cell phone cam and visit them in person) and ask "do you have a Delta variant test? can I take one? where are they available?" answers: NO. NO. NOT AVAIL. Document this.

(2) Get it to all small local media outlets – local reporters, local newspapers, local TV, local radio and ask them “Isn’t this a huge, breaking story? No test exists for the Delta variant so all the numbers are not justified. Are they doing this to fearmonger and try to create another lockdown? Isn’t it a newsworthy crime if someone in our state or local government makes false claims that can’t be backed up just to push for another lockdown, maybe to get more federal funds and force small businesses to close and bring back mask mandates and social distance mandates?”

(3) If you have to, tell them how big your social media network is and say ‘my x hundred or y thousand online followers are asking me to ask you and they are waiting for your answer. Will you investigate and confirm my findings and publish this story for the greater good of your viewership/readership/audience?’

40 YEARS IN THE DESERT? WHY? IN DUNE, WHO ARE THE FREMEN (free men and free women)? WHO ARE ***YOU***? WHY ARE ***YOU*** HERE?

The Great Reset is the eye of a needle. The Great Awakening is us, going through it [FEAR] and coming out on the other side [LOVE].

As many as 124 million Democrats have taken the mRNA vaccines [FEAR] that are linked to infertility, autoimmune disorders and increasing deaths.

[THE LEFT: TAKE ME BACK TO EGYPT, TO SLAVERY, I WOULD RATHER BE A SLAVE WITH SUFFERING I AM USED TO THAN TO RISK DYING HERE IN THE DESERT]

That's two times the number of registered Republicans who have allegedly taken the mRNA vaccines/bio-weapons.

Meanwhile a majority of the 70 million gun toting Patriotic Americans have NOT taken the mRNA vaccines/bio-weapons.

[THE RIGHT(EOUS): FOURTY YEARS HAVE PASSED, WE ARE THE NEXT GENERATION – WE SHALL CONQUER THE REMAINING GIANTS – THE GREAT GRANDCHILDREN OF THE NEPHILIM – THE FALLEN ANGELS WHO FOLLOW LUCIFER – WE ARE DESERT HARDENED – WE ARE FREMEN]

If we draw the line and hold our ground, there are more of us….much more than them. No call for violence.

However, the clock is running out…we're nearing Lockdown 2.0. Fight the "DELTA" variant narrative. Do NOT allow a Lockdown 2.0.

Current LookingGlass Prediction when aimed at Israel:

[Fear of an Invisible Enemy = Globalist Trap = Great Reset]

Shall We Pray and Cry for God’s Chosen People?

Is Israel Lost [deaf ears] by 2027 after suffering devastating population loss caused by 99.9% population acceptance of the 4th and fatal jab?

Will there be a tiny ‘nation’ of Jewish survivors [many who become like the Fremen or MaCaBeEs] who Remain in Diaspora, Throughout The Globe?

P.S. Have The Ten Plagues Returned, this time on a Global Scale? Be Prepared. Be Aware and Observant. Guard Your Soul. Pray Harder.

Ten Egyptian Plagues Means **Completely Plagued**. Just as the “Ten Commandments” become symbolic of the fullness of the moral law of God, the ten ancient plagues of Egypt represent the fullness of God’s expression of justice and judgments, upon those who refuse to repent. When

Pharaoh persisted in his refusal to liberate the children of Israel, Moses and Aaron warned him that G-d would punish both him and his people. And, indeed, G-d sent the ten plagues, one after the next, until Pharaoh conceded. Below is a list of the ten plagues in Hebrew and a summary of each plague.

What Are the Ten Plagues?

1. Dam – Blood

2. Tzefardeia – Frogs

3. Kinim – Bugs

4. Arov – Wild Animals

5. Dever – Pestilence

6. Shechin – Boils

7. Barad – Hail

8. Arbeh – Locust

URGENT: Crush the false narrative – DELTA VARIANT

Fellow Patriots, how many dangerous viruses have you heard about in your life?

AIDS, Swine Flu, H1N1, H1N5, Measles, Mumps, etc….

Has the Mainstream Media ever said “beware of the DELTA VARIANT”?

Are the normal COVID-19 tests are being recalled because they FAIL most of the time?

So what test kits are they using to detect the DELTA VARIANT???

If they can’t test for it, how are they counting ‘infected’ numbers?

ALL A LIE FOR LOCKDOWN 2.0???

Find out who all the local town, city and state newspapers are… then get their editors@email… then pose this question to them…

"How is our State Health authority reporting on a DELTA VARIANT when there are NO tests for the DELTA VARIANT? Without any facts, wouldn't you think they are perpetrating fraud? What if they continued to make up numbers for whatever reason, what if they personally benefit from another lockdown? Please get them to give you EVIDENCE that independent doctors can see otherwise aren't they committing a crime?"

REBUTTAL TO IDIOTS: (Amazon wins during a lockdown, billions more in deliveries vs your local small business, so yes, someone can benefit from another lockdown. Drug companies benefit from a lockdown to push current and future emergency COVID vaccine booster shots)

Countdown 2021

First, Let's Prepare: Are there many things under way from the Good and Just to help turn this around? Yes! Should you NOT prepare, stand up legally and ethically, unite with fellow like minded citizens? We are not Q. Q told you or was misunderstood when saying "PATRIOTS IN CONTROL" and "ENJOY THE SHOW" – which signals to many "this isn't my fight, I can passively sit back, have some [death-kill by Monsanto, GMO'd] popcorn **and relax. This is NOT the cases, yet. Every day there are new dynamics and changes. A battle is only won at the very end, even if a plan to win is executed brilliantly. Strategic fluid change is inevitable – especially when dealing with Luciferin demon rats. We are not delivering news on the 17th that you can enjoy the show, rather, that you must NOT be a spectator, especially at this critical juncture.**

September 17, 2021

Dear Joe Biden,

This is to inform you that I am filing a complaint against your illegal vaccine and all related unlawful mandates with the US Attorney General’s office as a Depravation of My Rights Under Color of Law. Let me help you understand how you, Dr. Fauci, and many other of your co-conspirators should be held accountable. At some point the tides will turn, WE THE PEOPLE, shall reclaim our government, legally,

ethically, peacefully. When that happens, if the current US Attorney General does not take action on my (and many other fellow American) demands under Section 242 of Title 18, they will be replaced by one who will and to rekindle Nuremberg Code trials against you all.

DEPRIVATION OF RIGHTS UNDER COLOR OF LAW: The US Department of Justice. Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States.
For the purpose of Section 242, acts under "color of law" include acts not only done by federal, state, or local officials within their lawful authority, but also acts done beyond the bounds of that official's lawful authority, if the acts are done while the official is purporting to or pretending to act in the performance of his/her official duties. Persons acting under color of law within the meaning of this statute include police officers, prisons guards and other law enforcement officials, as well as judges, care providers in public health facilities, and others who are acting as public officials. It is not necessary that the crime be motivated by animus toward the race, color, religion, sex, handicap, familial status or national origin of the victim.

The offense is punishable by a range of imprisonment up to a life term, or the death penalty, depending upon the circumstances of the crime, and the resulting injury, if any.

ADA: you are forcing – a discrimination scenario against Americans With Disabilities Act (ADA) – each of you may be fined up to $75,000 for your first action that violates ADA. This is your first action. Second actions are $150,000 fines; THIS IS A FEDERAL CRIME YOU ARE WILLFULLY COMMITTING.
See: https://www.ada.gov/index.html
FIRST AMENDMENT, US CONSTITUTION: Freedom of expression cannot be suppressed or limited in any way. Muffling a voice, forcing the covering against the will of a citizen for freedom of their facial expression, even reducing their ability to breath and speak properly is a hindrance and violation.
See: https://www.mtsu.edu/first-amendment/article/1169/anti-mask-laws
FREEDOM OF MOVEMENT: Our Founding Fathers believed this so sacrosanct a right, yet you are creating restrictions against it, including across state lines. Businesses will continue to close due to lack of restricted visitors and tourism, many will avoid, as you've planned, Democrat run cities who implement your illegal measures for your Dark Winter – like the plague you and your minions are to

our Nation – increasing unemployment, homelessness, business foreclosure – all lost American dreams created by restrictions of movement.

See: https://en.wikipedia.org/wiki/Freedom_of_movement_under_United_States_law

IN ADDITION, LIKE NAZIs WHO WERE FOUND GUILTY AND GIVEN THEIR JUST PUNISHMENT, YOU AND THOSE WHO HELP IMPLEMENT YOUR MANDATES ARE VIOLATING THE NUREMBERG CODE.

SEE: https://history.nih.gov/display/history/Nuremberg%2BCode

You may try to silence my voice, that's why I have sent copies of this letter to thousands of fellow Patriots, my constitutional lawyer, my family and friends and I am healthy, have no plans to harm myself or anyone. I am peaceful and well aware of my legal rights. You will not silence the Awakened. WE THE PEOPLE have spoken. The Dark Winter, the toxic experimental vaccines, the first amendment violating face muzzle mask mandates, the lockdowns and all unconstitutional mandates by your Administration should lead to a lifetime in prison for you and your co-conspirators and an eternity in your own personal Dark Winter, with the Devil you worship.

You are hereby served and on notice – you have Awakened America.

God Bless America and may God bring Justice to All of her Enemies both foreign and Domestic.

Peacefully, Ethically, Legally,

MY NAME [OR anonymously (less value) "PATRIOTIC AMERICAN" but send a real complaint to Kristen Clarke … afraid of being on their 'list' – we're already all on it …]

ARE YOU ARE FUNDED, BRIBED OR BLACKMAILED BY DRUG COMPANIES TO CONTINUE TO DOWNPLAY AND BLOCK THERAPEUTICS THAT WORK?

HEALTHY PEOPLE DON'T NEED TO WEAR MASKS

New guidance from the World Health Organization says healthy people don't need to wear face masks and that doing so won't provide added protection from the coronavirus.

See: https://www.facebook.com/watch/?v=218000772914341 and https://www.businessinsider.com/who-no-need-for-healthy-people-to-wear-face-masks-2020-4

There's some evidence that caretakers of infected people can protect their health by wearing masks, the WHO guidance said, but "there is currently no evidence that wearing a mask (whether medical or other types) by healthy persons in the wider community setting, including universal community masking, can prevent them from infection with respiratory viruses, including COVID-19."

MASKS AND BANDANAS ONLY REDUCE BLOOD-OXYGEN SUPPLY

The average filtration of the hard to get N95 mask is .3 microns, while the size of COVID-19 is .012 microns. It's like putting up a chain link fence to keep out Mosquitos.

UNMASKED SUNLIGHT KILLS COVID-19 AND SO DOES UV RADIATION

According to the Director of the US DHS Science and Technology Directorate, COVID-19 dies in sunlight in 90 seconds or less. Ultraviolet lights kill COVID-19 equally fast.

Most honest reporting Doctors have admitted that Hydroxycholoroquine, Zinc and Zpaks if administered early enough in the onset of signs of a COVID-19 infection, have an over 90% recovery rate, whereas Intubation (ie ventilation) has only a 12% recovery rate (ie 88% put on ventilators, die on ventilators). MASK OVER USE IS ALREADY CREATING MASSIVE BIOHAZARDS AND OCEAN TRASH

Trash from overuse of masks are already damaging the oceans. In Nashua, masks and gloves are left all over parking lots of retailers, now. LOCKDOWN – STAY AT HOME – SOCIAL DISTANCE = > DEATHS

A wave of new research suggests social separation is bad for us. Individuals with less social connection have disrupted sleep patterns, altered immune systems, more inflammation and higher levels of stress hormones. One recent study found that isolation increases the risk of heart disease by 29 percent and stroke by 32 percent.

Another analysis that pooled data from 70 studies and 3.4 million people found that socially isolated individuals had a 30 percent higher risk of dying in the next seven years, and that this effect was largest in middle age.

Loneliness can accelerate cognitive decline in older adults, and isolated individuals are twice as likely to die prematurely as those with more robust social interactions. These effects start early: Socially isolated children have significantly poorer health 20 years later, even after controlling for other factors. All told, loneliness is as important a risk factor for early death as obesity and smoking.

UNEMPLOYMENT AND SMALL BUSINESS CLOSINGS IN THE ALLEGED “LIVE FREE OR DIE” STATE OF NEW HAMPSHIRE AS ONE EXAMPLE

Millions are out of work, not because of COVID-19, because of LOCKDOWN. No one seems to get sick at Home Depot, Loews, Walmart or the Liquor stores yet they cannot peacefully assemble in their Churches and Temples – is Covid-19 that smart that it discriminates against God fearing citizens?

WHO SAYS MILLIONS TO DIE BECAUSE OF LOCKDOWNS – NOT COVID-19

ACCORDING TO THE WORLD HEALTH ORGANIZATION, OVER 265,000,000 WILL DIE WORLDWIDE DUE TO THE HEALTH AND LOGISTICS AND STARVATION ISSUES FROM LOCKDOWN, NOT FROM COVID-19.

The ten points of the Nuremberg code were given in the section of the judges' verdict entitled "Permissible Medical Experiments":[6]

1. The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision. This latter element requires that before the acceptance of an affirmative decision by the experimental subject there should be made known to him the nature, duration, and purpose of the experiment; the method and means by which it is to be conducted; all inconveniences and

hazards reasonably to be expected; and the effects upon his health or person which may possibly come from his participation in the experiment. The duty and responsibility for ascertaining the quality of the consent rests upon each individual who initiates, directs, or engages in the experiment. It is a personal duty and responsibility which may not be delegated to another with impunity.[13]

2. The experiment should be such as to yield fruitful results for the good of society, unprocurable by other methods or means of study, and not random and unnecessary in nature.
3. The experiment should be so designed and based on the results of animal experimentation and a knowledge of the natural history of the disease or other problem under study that the anticipated results will justify the performance of the experiment.
4. The experiment should be so conducted as to avoid all unnecessary physical and mental suffering and injury.
5. No experiment should be conducted where there is an *a priori* reason to believe that death or disabling injury will occur; except, perhaps, in those experiments where the experimental physicians also serve as subjects.
6. The degree of risk to be taken should never exceed that determined by the humanitarian importance of the problem to be solved by the experiment.
7. Proper preparations should be made and adequate facilities provided to protect the experimental subject against even remote possibilities of injury, disability, or death.
8. The experiment should be conducted only by scientifically qualified persons. The highest degree of skill and care should be required through all stages of the experiment of those who conduct or engage in the experiment.
9. During the course of the experiment the human subject should be at liberty to bring the experiment to an end if he has reached the physical or mental state where continuation of the experiment seems to him to be impossible.
10. During the course of the experiment the scientist in charge must be prepared to terminate the experiment at any stage, if he has probable cause to believe, in the exercise of the good faith, superior skill and careful judgment required of him that a continuation of the experiment is likely to result in injury, disability, or death to the experimental subject.

DECLAS: Turning Tesla's Dream of Free Energy into a Weapon – In this case, Directed inward, at America, for greed and profit…

We're as Conservative as they come. We're as Patriotic as they come. Our funding of Carbon Capture Shield is most likely the opposite of what you think it is. It's sad so many of you are this close to being completely outside of the matrix and yet, you miss it, because of fossil fuel brainwashing. Yes, big cars, big boats, big planes and so much more – fun fun fun. However, climate crisis is real – but it's not what you think it is. Forget about the New Green Deal and dumbed down socialist puppets like Greta and AOC – consider them way below your pay-grade.
Forget about how Globalists are creating Carbon treaties and Carbon tax as a new way to control you and steal what little wealth you have left, laboring day after day in your minute mobius strip of time.

Imagine you were traveling back in time, from a future date and were trying to explain THE REAL REALITY to folks who have so many misconceptions it was like talking to your 2 year old to explain why sticking a metal fork in the 110v outlet is not a smart move. Because of Monsanto, by 2030, all the Bees on planet Earth are gone. Organic and Natural farming is over. If you think Bill Gates pink slime burgers are a fad, they will be your future staple, if you survive, and if you don't wake up and make some changes, immediately.

But I digress. Let me take you back from 2007 to 2010. Here are some documents you should look at:

https://sema.dps.mo.gov/docs/publications/new-madrid-seismic-zone-earthquake.pdf
https://www.govinfo.gov/content/pkg/CHRG-110shrg40505/html/CHRG-110shrg40505.htm
https://www.fema.gov/pdf/media/factsheets/2010/dod_cat_earthquaker.pdf

Is The New Madrid Fault Earthquake Zone Coming To Life?

Now let me tell you a story about High-frequency Active Auroral Research Program (HAARP). This is one of the US Government's most powerful weapons. It can be used to control the weather. Nikola Tesla invented it as a means of transporting energy from one point on the earth to another point far away using what he called "Ether". In reality, this microwave array aims potentially millions of watts of high energy microwaves at the upper atmosphere, which causes a rubber band like effect in the

ionosphere, whereby billions of watts of high energy ‘snap back’ down towards the earth at an equal and opposite angle. If you wish to boil water underground and cause an earthquake, you need to test HAARP through triangulation by aiming it at three equidistant points. Then, you are ready to aim dead center at your target. Some of the effects of this level of radiation are:

- weaken the ionosphere – the Creator, after much prayer, will cause a solar flare to encompass the earth – recharging the ionosphere because without it, we are all toast from gamma rays and x-rays. check the historic news cycle on this and you’ll see that right now – the FUTURE proves the PAST.
- glowing ‘clouds in the sky’ like these, when HAARP was used to attack China’s underground nuclear facility: https://www.youtube.com/watch?v=KKMTSDzU1Z4 and citizens in China noticed water flowing ‘uphill’ during this beautiful array of wonderful colors in the sky.
- birds falling out of the sky, cooked from the inside-out.
- fish floating in rivers, cooked from the inside-out.
- high pressure zones – can be used to steer hurricanes, create hurricanes and dissipate hurricanes, tornadoes and storms.

…and so much more.

Your homework:

- Why was Hillary Clinton invited to join the Board of Monsanto?
- Why did Barack Obama aka Barry Soetero, the Kenyan Muslim illegal manchurian president (Soros Puppet), pass HR 933, the Monsanto Protection Act?
- Why did FEMA and 3 states (triangulate) pre-plan for 7 million MRE’s to be delivered to farmers and citizens in the New Madrid Fault Zone for an upcoming exercise of a massive flooding in this area?
- What happened to all the farmers and their land? Who bought it? What kind of crops are there now and who owns them?
- What Air Force General ordered the HAARP strike on US Soil [TREASON for GREED] and where is his bank account? Who filled it and why?

- How deep is the swamp? If this is only one example of the lengths at which these (sick) people will go, now do you understand, Patriots, what we are up against in 2021?

For each area in our 200+ year plan, we already know the outcome IF there is no dramatic change to the timeline BUT it still requires one variable – YOUR FREE WILL to help make it happen.

There are a certain number of totally awake Patriots we need to make everything we are doing 'go viral' or the future will be one in which population will be at 500 million or less, with no more than the Georgia Guidestones disclose in a soylent green distopian world, operated by the Elite luciferins merged with AI. Completely Soul-less. A bleak future ahead.

Re-read our ten goals, look at what we've begun funding and think how you might be able to help. It's time to take the metal fork out of the socket, your baby hair is standing straight up. Enough juice for now.

Re-consider Carbon Capture Shield from a new perspective. We love carbon too. We must end Monsanto and save the Bees. Otherwise, the Planet's food supply will be completely synthetic.

Do your part to save the Bee's – consider it life and death for humanity. This is absolutely a message from one Future timeline you do not want to live to see – so CHANGE IT.

In the immediate future – look to Ohio. Support Q+

He NEVER quite. He works tirelessly every day. He's still your POTUS. And the Best is Yet to Come.

These people are STUPID. Luckily, the NSA and MIL INTEL are on your side. We will disclose more. When you are ready.

Well, son, your liver breaks down harmful substances in your body, then, excreting that waste into your blood. Now remember this – your kidneys cleanse your blood of that waste, and your heart pumps your blood throughout your body. While the native Americans have taught us much, it is the rich and powerful Luciferins that will do all they can to trick the next few generations into believing these good things – natural remedies – are weeds and poisonous and to be destroyed, not treasured. "Do you think it will be a random act that Warren Wilhelm Jr. forces the MMR5 vaccine onto the highly religious Jewish population? Jews who would never willingly inject themselves with fetal tissue, pig extracts or horse AIDs (some of the ingredients) – violating more than one commandment including protecting their soul, their blood and avoiding unkosher ingredients? This is a SOULFUL spiritual battle the likes of which HUMANITY has never before seen, at this level.

If all Patriots, legally and ethically, put all their energies into exposing this Mayor, his health care board connections, his numerous violations of the US Constitution, through all legal means necessary, just this one evil minion, a servant of Satan, which leads to his personal responsibility, loss of his job, CIVIL RIGHTS violations exposed, potential CRIMINAL jail time – if we all come together as 'ONE' on this one project, could this simple endeavor save ALL of HUMANITY? Noting, however, he did show mild respect for our young Nation. When dining with him, proper etiquette requires one must "clean their plate". Platters of Schweinshaxe, Schweinebraten und Kohl, Sauerbraten, schnitzel including variants such as Wienerschnitzel, Jagerschnitzel, and Zigeunerschnitzel caused me to experience great heartburn and chestpain, which one could not express – a forced smile and powerful handshake, I thanked him for a wonderful meal and retired for the evening. His wife Johanna von Puttkamer could sense my discomfort and offered me a unique and most interesting tea made of white pine needles. In finishing my first cup of this potent concoction, i felt a slight euphoria and retired for the evening. Since drinking only one cup of her tea concoction, my heart never felt better. P.S. S.G.S. Sr. Notebook: "Traveling through time, Steven, sometimes one must delight in the planting of seeds in the past, hoping they will grow into worldly knowledge in the future, for all of mankind. This is part of The Great Awakening. Let's start with Rudolf Steiner, shall we?" – I.L.

"In the future, we will eliminate the soul with medicine. Under the pretext of a 'healthy point of view', there will be a vaccine by which the human body will be treated as soon as possible directly at birth, so that the human being cannot develop the thought of the existence of soul and Spirit.

To materialistic doctors, will be entrusted with the task of removing the soul of humanity. As today, people are vaccinated against this disease or disease, so in the future, children will be vaccinated with a substance that can be produced precisely in such a way that people, thanks to this vaccination, will be immune to being subjected to the "madness" of spiritual life. He would be extremely smart, but he would not develop a conscience, and that is the true goal of some materialistic circles.

With such a vaccine, you can easily make the etheric body loose in the physical body. Once the etheric body is detached, the relationship between the universe and the etheric body would become extremely unstable, and man would become an automaton, for the physical body of man must be polished on this Earth by spiritual will.

So, the vaccine becomes a kind of arymanique force; man can no longer get rid of a given materialistic feeling. He becomes materialistic of constitution and can no longer rise to the spiritual."
